

Chapter: 1558

Arrived!

Bai Yi was stunned, because she suddenly saw that the box reserved by Jin Chengen was already full of people.

And these people turned out to be her college classmates!

“Young Master Jin, are you here? Just waiting for you to pay the bill, huh? Bai Yi, are you there too?”

A group of classmates greeted us, and one of them said playfully:

“You golden boy and jade girl, have you come together again?”

Bai Yi just wanted to refute, but Jin Chengen laughed and said:

“Why, can’t it?”

“Of course you can. The two of you were a match made in heaven when you were in college. You should have tied the knot. When should we invite us to have a wedding drink?”

Bai Yi frowned immediately, and she was very dissatisfied with Jin Chengen’s nonsense with her permission.

“What kind of golden girl, Bai Yi has found a little white face a long time ago!”

At this time, a mean voice said, a woman walked out with a sneer on the corner of her mouth.

Liu Biqin was also a classmate of Bai Yi University and a suitor of Jin Chengen, but later Jin Chengen chose Bai Yi.

Therefore, it is conceivable that she is not very friendly to Bai Yi, so this meeting began to be short.

“Bai Yi, isn’t your husband Jin Chengen?”

Everyone looked at Bai Yi in surprise, after all, the two were so good-matched back then at university.

It was an existence that everyone admired, and they all thought that Bai Yi and Jin Chengen would go to the end.

Liu Biqin suddenly sneered and said:

“How can she have such a good life, I heard that her husband is a little white face who eats soft food, and is an uncle who has nothing to do at home!”

“Because of this, Bai’s family also swept Bai Yi out. You have to say that Bai Yi is really unique. Don’t let Jin Chengen, such a rich and handsome man, marry a little white face?”

Upon hearing this, everyone stared at Bai Yi with weird expressions.

Bai Yi found a little white face?

Thought this was swept away by the Bai family?

Is this the brain having clubbing?

At the moment, all the classmates looked at her with deep contempt and weirdness.

At this time, Jin Chengen pretended to scold:

“Liu Biqin, get out of me if you talk nonsense! It was I who left first, and it had something to do with Bai Yizhen!”

This statement came out!

Everyone immediately praised it!

“It’s been so many years, Cheng En is still such a gentleman!”

“The chairman of the student union is different, and the manner in which he talks is getting different.”

“That’s not it, I heard that they now have more than a dozen companies under their name, and they have become chairman of the board at a young age!”

“Ho ho, I see some people, I’m afraid they are going to regret their intestines!”

Everyone pleased Jin Chengen, but they didn’t forget to step on Bai Yi.

However, the most vicious person is Liu Biqin!

“Bai Yi, you have a family, how can you come out and meet your old friend? Are you not going to cheat?”

Liu Biqin sneered and said,

“Why, the guy at home can’t feed you enough, so he wants to steal food outside?”

“you!”

Bai Yi’s face turned green when he was angry with this sentence, and a flash of anger suddenly appeared in his eyes.

When the students present heard this, they looked at Bai Yi’s eyes more and more contemptuously.

It’s really shameless to come out and fuck after getting married.

“Liu Biqin, did you find fault for me on purpose?”

Jin Chengen immediately glared at Liu Biqin, his eyes full of anger.

Seeing his anger, everyone present suddenly stopped talking nonsense.

After all, the current Jin Chengen is the most powerful among them.

Hear the words!

Liu Biqin’s face suddenly became hard to see the extreme, and a deep fire of jealousy ignited in her heart.
