

Chapter: 1572

Besides Bai Yi, who else can there be?

But Bai Yi at this time was also embarrassed, she didn't even know what happened.

The security captain's face suddenly sank, and then said to Lin Fan to please:

"Mr. Lin, these people have insulted you, do you want me to kick them out for you?"

what!

Upon hearing this, Zhu Yuqing exploded her hair, and the shrew's nature was instantly exposed.

"You want to drive me out for this waste? You are so bold! I tell you, I am also the owner of Yulong Bay, why are you driving us away?"

Hear the words!

The security captain smiled:

"Then dare to ask, which area are you the owner?"

"Qinghua District, what's the matter?" Zhu Yuqing said arrogantly.

"Qinghua District?"

The security captain sneered directly:

"Qinghua District is the cheapest area among all the units in Yulong Bay, and the most expensive real estate is only more than 40 million yuan."

"The real estate ordered by Mr. Ke Lin is in Jinhui District, the most luxurious area of Yulong Bay, and it is also the most expensive super-mansion in the entire Jinhui District... Fuchun Mountain Residence!"

boom!

Lu Danqing immediately felt that his head was about to explode, and screamed in horror:

"Fuchun Mountain Residence, the top luxury mansion in Yulong Bay! It is worth 750 million yuan, this is impossible!"

That is the most expensive mansion in the entire Yulong Bay, known as the Emperor's Palace!

Within the Jiangnan area, there are no more expensive real estate than this, more than 700 million, I don't know if I can buy such an expensive house in my entire life.

But how could such a property belong to Lin Fan?

Even Bai Yi can't afford such a property, right?

At this time, let alone Lu Danqing, even Bai Yi's family was dumbfounded, and the eyes were about to come out.

Lin Fan, bought a super mansion worth several hundred million?

Are they dreaming?

Seven hundred million!

What an exaggerated figure is this?

Lin Fan is a door-to-door son-in-law, so rich?

At this time, the security captain sneered and said:

"The house you bought doesn't even count as a fraction of Mr. Lin's, so are you embarrassed to compare it with it?"

"You are really blind!"

Hear the words!

Zhu Yuqing suddenly felt embarrassed and was slapped in the face!

Was slapped in the face!

They have always been complacent about being able to buy a house in Yulong Bay, but the house they bought is not even a fraction of Lin Fan's house?

At this time, Zhu Yuqing couldn't wait to find a hole to drill.

What a shame!

What qualifications does she have to pretend in front of others?

just!

Hahaha!

But Lu Danqing didn't know why, suddenly burst into laughter, and looked at Lin Fan with contempt:

"Lin Fan, I was almost fooled by you! It's a pity that you underestimated me, Lu Danqing!"

"This Fuchun Mountain Residence has already been bought by an overseas tycoon. He is the famous medical king Mayweather, but you say this house belongs to you? Is it possible that Mayweather gave you this house!"

He suddenly woke up at this time. He had heard that this Fuchun Mountain Residence was bought by Mayweather a few days ago. Will Mayweather give such a mansion to Lin Fan?

He is simply dreaming!

"Dan Qing, you said this house is not his?"

Zhu Yuqing also asked excitedly, trying to figure out what's going on.

"Of course not!"

Lu Danqing snorted coldly, with a contemptuous smile on his mouth:

"Do you see his virtue, is he qualified to let Mayweather give him such a property? From my point of view, these security personnel have been bought by him a long time ago, and he will play a role with him!"

Just listen to this!

Zhu Yuqing was furious, and Lin Fandao was angry:

"Well, you Lin Fan, you are so shameless, you bought security personnel to act and deceive us!"

"If it weren't for my son's cleverness, I'm afraid he would have been fooled by you!"
