

Chapter: 1584

boom!

With a loud noise, Lin Fan slapped the Xiao Bai directly and flew out, vomiting blood on the spot and defeated.

She didn't even touch the corners of Lin Fan's clothes, so she was shot directly into the air?

That kind of contempt and disdain, it's like flapping an annoying fly.

boom!

The audience suddenly fell into a dead silence!

At this moment, all Mei's family were dumbfounded, and a deep horror appeared in their eyes!

Xiao Bai is a top master!

Her strength is also outstanding in the entire Mei family, she was slapped flying by a trash?

This is just like dreaming!

Even Mei Yingxue was dumbfounded at this moment, her voice said in horror:

"You, you are not a trash?"

Faced with this problem, Lin Fan sneered coldly:

"I said, Master Lin has already come!"

Ok?

Mei Yingxue was taken aback for a moment, and then laughed contemptuously:

"Lin Fan, you mean you are Master Lin?"

"Hahaha, Lin Fan, are you fooling a ghost? China has never seen a great master in his early twenties. There will not be one now, and there will not be any in the future!"

She didn't believe that Lin Fan was the great master at all!

How old is Lin Fan?

So far, Huaxia's youngest master is the young witch master of Witch Gu Sect, and that is Huaxia's most famous genius!

He reached the realm of Great Master in his thirties, so he was regarded as the hope of the Chinese martial arts world!

But this is such a masterpiece, his age has reached his 30s!

Moreover, this is still the case with the support of the sect!

As for Lin Fan?

A rubbish abandoned by the family has no background and influence, and has nothing. With his rubbish, how could he be a great master?

"Go away, useless waste!"

Immediately, Mei Yingxue kicked Xiao Bai away in desperation.

Xiao Bai was kicked again, and when even he vomited a mouthful of blood, the injury was compounded.

But she did not dare to have any dissatisfaction, like a dog, slowly crawling aside.

Immediately afterwards, Mei Yingxue looked resentful, staring at Lin Fan coldly:

"Regardless of whether you are Master Lin or not, you have only one dead end today! I want you to pay for the death of my son!"

Simultaneously!

She also looked at the members of Longya, with an aggressive grin at the corner of her mouth:

"And you, don't say I won't give you a chance, as long as all of your warriors return to the Owl Legion, I will not embarrass you."

"Of course, if someone does not know how to live or die, and insists on smashing with us, then I don't mind sending you on the road!"

Today's operation was jointly initiated by the Lin Family, Mei Family, and Owl Legion, so no one can stop it. Lin Fan must be killed!

just!

At this moment, all Longya members roared in grief and indignation:

"You don't need to be proud, all of you will pay for it when the instructor takes the shot!"

"Hahaha, instructor?"

Mei Yingxue laughed directly and mocked:

"The reason why I leave you a dog life now is because I am waiting for your instructor to come and die!"

"Master Lin, right? No matter how prestigious he used to be, against our Mei family, there will only be one end, and that is death!"

Mei Yingxue and other Mei family members showed disdain.

Has the Mei family killed fewer masters over the years?

As the Sejong Hidden Gate, and married to the Lin family, the development of the Mei family over the past few decades can be described as unstoppable.

Therefore, in the eyes of the Mei family now, although the Grand Master does not say that he is an ant-like existence, it is not unshakable.

In their view, Master Lin is just being over-mythed, and even the Great Master is not invincible.

The so-called two fists are hard to beat four hands, no matter how powerful a person is, he cannot be invincible!

There are so many of them here, even if Master Lin has great abilities...

Have to die too!!!
