

Chapter: 1591

And this time!

Within the Bai family, Lin Fan also received a call.

“So, the Lin family is ready to do it?”

Lin Feng asked with a smile and playfully, the Lin family was in chaos, and Lin Hongtu’s old and immortal prestige was lost. This situation was exactly what Lin Fan wanted to see.

“Yes, now the Lin family is in chaos. More than half of the people want to ask you to go back to be the head of the family. They are almost unable to hold it!”

Ho ho!

Lin Fan sneered twice, but shook his head:

“Lin family, Lin family, slap me and give me a candy, do you want to erase everything you did to me?”

If you want to rely on the position of the head of the Lin family and quell the mother-killing grudges back then, what kind of person does Lin Fan regard him as?

Is the Lin family’s family business great?

“Okay, you continue to help me stare, let me know if there is any trouble!”

After hanging up the phone, Lin Fan walked outside with a sneer.

“Lin Fan, you change your clothes quickly. Let’s go out to buy some new year goods. The Chinese New Year is coming soon, so we have to hurry up.”

Bai Yi said when Lin Fan came out.

Lin Fan was stunned and said:

“Why don’t you just let the servant do this little thing?”

Bai Yi gave him a white look, and said in an angry tone:

“You idiot, the servants go to buy the same as where we go to buy. This is our own home, and we must buy things according to our own preferences.”

“One more thing, we have to buy it ourselves.”

Bai Yi smiled mysteriously and looked at each other with Baishan and his wife. All three of them were mysterious.

“what?”

Lin Fan asked inexplicably.

“You’ll know it then!”

Bai Yi took Lin Fan’s hand and walked out:

“Okay, stop talking, let’s go quickly!”

A few minutes later, Lin Fan and the others came to a shopping mall. The family of four went shopping and shopping happily, something that had never happened in the past three years.

At this time, Shen Yumei felt that she had done too much in the past few years, and she didn’t even go shopping with Lin Fan once.

Obviously, it is possible to make this family warmer, but she has repeatedly treated Lin Fan harshly and harshly.

If Lin Fan couldn’t bear her and divorced Bai Yi, wouldn’t she be a sinner?

Where is such a good son-in-law of a great master, let alone such a super mansion to live in.

The more Shen Yumei thinks about it, the more she shouldn’t. She has never had such a happy picture in her family. Before, she was really insatiable.

“What do you want, Yumei, my son-in-law is buying you clothes.”

Baishan pulled Shen Yumei back from her cranky thoughts.

Shen Yumei smiled and stopped thinking about it.

In the future, no matter what, she must compensate Lin Fan well.

After walking around, they found a restaurant to eat, and Bai Yi went to the toilet halfway through.

Only when he walked out of the toilet, he ran into a middle-aged man head-on.

“Why did you blind your dog?”

The middle-aged man snorted without saying a word, his words were sharp and mean.

“Sorry, I didn’t pay attention!”

Although the other party had poor quality, Bai Yi didn’t care about it, and sincerely apologized.

Ok?

At this time, the middle-aged man Xie finally saw Bai Yi’s face, and he was amazed in an instant.

So punctual!

This is much more beautiful than those 18-line starlets he played!

His noble and elegant temperament and natural beauty made his eyes pop out.

Nahalazi slipped from his mouth in an instant!

Bai Yi also noticed the change in the opponent’s attitude, frowned, and didn’t like the other party’s unkind look.

It’s as if you want to strip her naked, it’s so disgusting!

“Beauty, my name is Song Donglin, how do you call it?”

At this time, the middle-aged man stretched out his hand.
