

Chapter: 1597

what!

The audience was completely uproar!

Everyone felt like they were dreaming, and couldn't believe their ears at all.

What did they hear?

This kid, dare to threaten Provincial Number One?

Why are you in a hurry to die?

He beat his daughter, and now he dare to humiliate him like this in full view?

madman!

This is simply impatient to live!

Everyone shook their heads with scorn on their faces. They all felt that Lin Fan was an idiot, an idiot looking for death.

And this time!

Miao Qiaowei's face suddenly became gloomy. Is this guy threatening himself?

He has never been threatened like this before!

Right now, he was completely furious!

If this spreads out, where will he put his face?

A small, powerless ordinary citizen who dares to be so arrogant and doesn't put him in the first place?

What a courage!

"Come on, catch this bastard for me!"

And see here!

Miao Cuiyun and Song Donglin were both happy and crazy.

If you dare to provoke a provincial No. 1, then what will happen to this guy, it goes without saying.

just!

Just now!

"Province No. 1, what a great official prestige!"

A ridiculous ridicule came from behind the crowd, and the latter team came over in stride.

"That is, Commander Jiangnan!"

Everyone was shocked after seeing the leader!

Because this is the commander-in-chief of Jiangnan, Long Jiu who holds the military power!

This is an existence that is not inferior to Miao Qiaowei!

His appearance directly made the atmosphere of the audience extremely weird!

Everyone was dumbfounded.

This Jiangnan Commander, why is he here?

And Miao Qiaowei's expression changed rapidly, and there was a sudden ominous premonition in his heart.

Long Jiu's appearance here is definitely not just an accident!

Although Long Jiu is not in the same administrative organization as him, he is not weaker than himself in terms of status.

The audience was shocked!

Everyone was silent, looking at Long Jiu in horror!

This, is it because the gods are fighting?

They all felt that the atmosphere seemed to become very subtle, and there seemed to be vaguely murderous movements, which made them very uneasy.

At the moment, Miao Qiaowei looked at Long Jiu with an ugly face:

Long Jiu, is he yours?

In his opinion, it is definitely not accidental that Long Jiu will appear here, it must be for the kid in front of him.

And he thought Lin Fan was Long Jiu's person!

However, Long Jiu smiled slightly and said:

"He is not my person!"

Miao Qiaowei took a long sigh of relief and said with a smile:

"Not just..."

It's just that the last good word is still unavailable, but I listened to Long Jiu's shocking words:

"And I am his person!"

boom!

The entire floor fell into a dead silence at this moment, and everyone was almost frightened.

This sentence, like a heavy hammer, hit the hearts of everyone present, causing their hearts to beat wildly.

"He is not my person, but I am his person!"

Did they misheard this?

Long Jiu actually said he was Lin Fan's person?

Hallucinations!

This is simply an illusion!

The commander-in-chief of the dignified Jiangnan actually said he was someone else's horse?

And the Miao Qiaowei's family, who was quite good at this, were immediately confused at this time, and there was a sudden ominous premonition in their hearts.

They heard it wrong just now, right?

Lin Fan looked like he was in his early twenties. If Long Jiu was really his horse, how terrifying would his background be?

They can hardly imagine it!

However, the next scene was to make them completely desperate!

I saw Long Jiu walking directly towards Lin Fan, and then he bowed to Lin Fan, saying with great respect:

"Mr. Lin, here I am!"

Wow!

This sentence of Mr. Lin directly made everyone present pale, almost paralyzed to the ground in fright!

Commander Jiangnan, actually bowed to this young man?

Oh my!

This is too incredible, right?

Who is he?

At this moment, everyone looked at Lin Fan with extremely horrified eyes, and there was no way to describe the shock in their hearts.

And Miao Qiaowei's heart suddenly twitched, his face instantly pale as paper.

It's over, it's a disaster!
