

Chapter: 1604

He seemed to have lost his soul, staring at Lin Fan in front of him blankly, unable to say a word.

The shock in my heart is hard to describe in words!

Yifan Chinese and Western Hospital, it is the largest and best private hospital in Jiangnan!

It is said that if you want to go there to see a doctor, you don't even have the qualification to register for less than one hundred thousand yuan.

Because each physician inside, are in the pharmaceutical industry movers and shakers existence, and even the old drugs are disciples of Li Ran smoked in it are just sweeping the negotiations.

Simultaneously!

That is also the dream of every doctor. All doctors break their heads and want to be among them and become the doctors inside.

What's more, it is said that the mysterious doctor Lin is also the honorary dean of the Yifan Chinese and Western Hospital.

And now, Mike told him, Lin Fan is this medicine church behind the boss?

impossible!

This is impossible!

He is obviously so young, only in his twenties, how could he have such a great ability?

Can all overseas famous doctors be called to form such a super hospital?

Tick!

Tick!

At this time, drops of cold sweat continued to fall from his forehead, and his whole body trembled like chaff.

Because at this time, he realized that he had broken the sky.

He just humiliated Lin Fan like that, and even wanted to drive his wife out of the hospital. Isn't this... Isn't this looking for death?

at the same time!

Ye Yuqing was also dumbfounded, she just sneered at Lin Fan's words, but now after seeing Mike and others' respectful attitude towards Lin Fan.

She began to wonder if this man was really capable of saving the child in Bai Yi's belly.

After all, the limited capacity of their municipal hospital!

But now that Ivan Western hospital doctors of all, it is an infinite capacity ah.

"BOSS, we know that Miss Bai Yi is ill, so we all went out of business for one day and came to treat Miss Bai Yi with all our strength!"

McBi respectfully said.

And this sentence made everyone present even more shocked!

For White Iraq, directly out of business day, Ivan all Western Hospital doctors to treat all?

Dozens of famous doctors treat only one person?

What a majesty is this?

However, there is more to it!

Li Xunran also took a step forward and said to Lin Fan solemnly:

"My master also knows your wife's condition, so he is already on the way to fly by plane. He has brought all my seniors and brothers. In any case, he will keep your wife and children safe!"

boom!

These words directly caused Zhu Wei and the others to almost paralyze on the ground, each of them lost their souls, dumbfounded.

Isn't this a dream?

Elder Yao actually wants to treat Bai Yi himself?

That is China's first genius doctor!

This, how is this possible!

Everyone was going crazy, their eyes looked at Lin Fan with extreme horror. What kind of terrifying background does this family have?

Upon hearing this, Zhu Wei was immediately frightened, his face was completely bloody.

What a terrifying existence is offended by myself?

Thinking of this, his forehead was covered in cold sweat, and he looked at Lin Fan in horror.

And this time!

Lin Fan didn't care about everyone's panic, but looked at Mike and others:

"My wife, I will save it myself! What you have to do is to save her and my children before I come back!"

"Things can be done, I will let you become the world's richest and most powerful people!"

Before Lin Fan said this, Zhu Wei and others would definitely sneer.

But now, even Yao Lao has brought this man's wife not far away for treatment!

Suffice it to say it all!

At the moment, those doctors are all regretful!

They, who might have become one of them, took good care of Bai Yi, and then reaped the generous rewards from Lin Fan.

But now, there is nothing!

At this moment, they all want to tear Zhu Wei's mouth apart, this damn bastard has hurt them miserably!

And this time!

Lin Fan is look to have been paralyzed Zhu Wei, said coldly:

"I don't like him and revoke his medical qualification certificate. I don't want to see him in China's medical industry in the future!"

"Yes!"

Mike nodded heavily.

And when he heard this, Zhu Wei burst into tears, and at this moment he twitched his big mouth fiercely.

"Do not revoke my license, and I know that was wrong! My mouth is cheap, I Zhangzui!"

Slap after slap, slapped on his face fiercely, Zhu Wei cried like a maiden, with a very confident look.

However, Lin Fan sneered and said:

"You didn't know that you were wrong, you were just afraid!"

With that, he didn't bother to pay attention to Zhu Wei, and walked away on his own.
