

# Chapter: 1613

The employee who was poisoned last night was named Li Junhan. He was in his early twenties. He had just been out to work for a long time. He originally came to work as a temporary worker.

But I didn't expect to encounter such an errand, the person who poisoned him, promised to give him one million after it was done.

Where has he seen so much money?

In his opinion, his honest parents are afraid that they will not make so much money even if they cultivate the land for a lifetime.

As for him, he just did a small thing and he bought a million bags directly!

Now he plans to go back to his hometown to build a house, and then marry a shui-ling wife in the beautiful scenery, and never come out again.

"Li Junhan, it's time to go to work, where are you going?"

The workers in the dormitory looked at the big and small bags he had packed, and suddenly asked in confusion.

Li Junhan looked at people directly with his nose, and said with an arrogant expression:

"Last class, you thought I was as promising as you? I'm rich now, so I don't want to do it anymore!"

He has a million in his pocket now, and he feels that he is walking with wind.

"Hey, why is your kid talking like that? It's too much, right?"

"I'm just talking like that, what's the matter?"

Li Junhan was indeed floating, and he pushed the door directly without even looking at them.

just!

Just when he opened the door, he saw a face he didn't want to see the most.

Lin Fan!

A smirk appeared at the corner of Lin Fan's mouth, staring straight at him:

"Where are you going?"

Li Junhan immediately became nervous and took two steps back uneasy:

"It's... it's your shit? Who are you?"

At this time, the other workers in the dormitory also looked at Lin Fan suspiciously.

And Lin Fan walked in directly, closed the door, and sneered:

"Is it you who poisoned my wife last night?"

what!

Poisoned?

Everyone in the dormitory was directly stunned, looking at Li Junhan with an extremely horrified look.

Is this special, real or fake?

"What poisoned? What are you talking about, why can't I understand?"

How could Li Junhan admit that he would go to jail.

just!

He didn't expect that the other party would notice it so quickly that he didn't even have a chance to escape.

"Do you think it's okay if you don't admit it? Then explain to me, where did the one million sudden increase in your account come from?"

Lin Fan asked with a sad smile, he had investigated everything clearly, otherwise he would not come to Li Junhan directly.

boom!

This sentence directly caused Li Junhan to explode!

The other party, even know the specific amount?

Needless to say, he must already know everything!

Right now, Li Junhan showed a fierce look, took out a switchblade directly from his backpack, and threatened viciously:

"Go away! Don't force me to do it!"

He has a million in his pocket. With this money, he will directly become the richest man in the village. How can he be caught in this situation?

He hasn't really enjoyed it, he definitely can't go to jail!

And all the workers finally understood why Li Junhan had become so abnormal. It turned out that he was hired to poison people and wanted to run after he took the money!

"Does the dog jump the wall in a hurry?"

Lin Fan sneered, but there was a touch of contempt at the corner of his mouth:

"Today, if you don't explain clearly, don't want to leave!"

boom!

This sentence completely angered Li Junhan. At the moment, his eyes were flushed, and he rushed towards Lin Fan with a roar, and the switchblade in his hand slammed into Lin Fan's chest.

just!

唰!

Lin Fan grabbed his wrist with a backhand, and broke his wrist with another twist.

However, there is more to it!

Lin Fan wiped a sharp look between his eyebrows, grabbed his hair, and slammed it against the wall!

Boom!

The blood flowed down from Li Junhan's forehead instantly!

Seeing this, everyone present was about to urinate in fright, their legs trembled uncontrollably, and looked at Lin Fan in extreme horror.

Lin Fan grabbed Li Junhan's hair with one hand, a devilish smile appeared at the corner of his mouth:

"Today, let's play slowly..."

"Until you die!"
