kill me?

Zhou Guodong was completely stunned, and asked incomprehensibly:

“Have I offended you?”

“My wife was given a critical illness notice because you were chanted in the ICU, so what do you think?”

Upon hearing this, Zhou Guodong understood and said with a smile:

“Wrong, I did it!”

There is not even the slightest cover-up, as if he was afraid that others would not know it was him.

This reaction stunned Lin Fan. According to normal people’s thinking, he should deny it at this time, right?

But the other party didn’t care at all, he looked confident.

Lin Fan asked with a smile:

“You don’t seem to be afraid at all? Should I say that you are confident, or that you have a high mental quality?”

Hear the words!

Zhou Guodong also smiled, and then directly took out an inspection report from the drawer and placed it directly in front of Lin Fan.

Lin Fan glanced, his pupils suddenly shrank!

It said impressively: “Late stage of liver cancer!”

“The doctor said that I only have three months to live, but at this time someone came to me and said that as long as I promised his request to poison your wife, he would give me 30 million!”

“Why not make money for my wife and children before dying?”

Lin Fan immediately understood it, no wonder he saw Zhou Guodong’s face surrounded by death from the moment he entered the door, it turned out that he was really a dying person.

No wonder he would admit that he had poisoned his wife so generously, because he was already a dead person, and it wouldn’t make any sense to arrest him at this time.

Lin Fan tapped his fingers on the desktop, seemingly annoyed:

“This is hard to guarantee. I don’t think you will tell you honestly, who instigated you?”

Zhou Guodong is already a dying person!

At this time, all buying and threats will not work on him!

If a person knows that he is dying, what else is there to be afraid of?

Zhou Guodong nodded and said with a contemptuous smile:

“It looks like this! I’m sorry, Mr. Lin, I can only ask you to return without success!”

boom!

However, it was Lin Fan’s fierce punch that answered him!

This punch slammed on his face, causing Zhou Guodong’s nose to bleed on the spot, and he was immediately embarrassed.

He screamed, his entire back slammed on the boss chair, then he clutched his nose and glared at Lin Fan angrily:

“That’s what you can do? It’s too disappointing, right?”

Do you think he will speak this way?

What a whimsical thing!

He is not even afraid of death now, what else is he afraid of?

And the corner of Lin Fan’s mouth curled up in a cold arc:

“Since I’m here today, I have no plans to return without success and honestly explain who is behind you, otherwise I will kill your whole family.”

Hahaha!

Unexpectedly!

When Zhou Guodong heard this, he laughed wildly, looking at Lin Fan like an idiot:

“Idiot! Do you think I didn’t think of what you thought? My parents have passed away a long time ago. I am a wife and son now, and I have been sent abroad to live.”

“No one except me now knows where they are. Do you want to use them to threaten me? In the next life, hahaha!”

He laughed loudly, extraordinarily proud!

Just in case, he had arranged for his wife and children to go abroad a long time ago, so that he had no worries about the future.

Now all his property has been transferred, one by one to his wife. With this money, they can live very well even if they want to come abroad.

He was stunned when he died!

As for Lin Fan, he now looks like a foolish fool!

A big laughing stock!

He really enjoyed the feeling of playing with Lin Fan. The more angry Lin Fan became, the more proud he was.

just!

At this moment, Lin Fan actually laughed loudly:

“You, it’s too early to be happy!”
