

# Chapter: 1656

An elderly man dressed as a servant rushed in, covered in blood and a broken arm. He knelt in front of Lin Hongtu with a thud.

Lin Hongtu and his son were shocked and asked in surprise:

“Steward Xu, what happened?”

There was a lingering panic in the eyes of Butler Xu, as if he had seen a ghost:

“Enemy attack! It’s an enemy attack!”

Enemy attack?

The father and son were completely stunned, and felt as if they had heard a fantasy story.

Enemy attack?

What is this kidding?

Who is his Lin family, who would dare to launch an enemy attack on them?

“What nonsense are you talking about?”

Lin Zhanxi was immediately angry. This is utter nonsense, let alone anyone dared to launch an enemy attack on them, even if they did, they would have died under the range of the Lin family masters a long time ago.

They can’t even enter the gate of Lin’s house!

just!

Lin Hongtu frowned and said:

“Steward Xu, you make things clear!”

If it weren’t for an enemy attack, how could Steward Lin end up like this?

One arm was chopped off, and the whole person was half-worn!

But Steward Xu said nervously:

“Patriarch, young master, what I said is true! He has broken through the door and is walking towards this place. Run away!”

Really...really?

Lin Zhanliu’s face turned pale with a sigh, the other party has already breached the door?

how can that be?

Right now, he roared excitedly:

“It’s impossible! Where are the masters on Yuanyang Street, don’t they stop them?”

Butler Xu shook his head bitterly:

“I don’t know the situation on Yuanyang Street. I only know that the only remaining master of the Lin family can’t stop the monster at all. He will arrive here soon! Patriarch, if you don’t leave again, it will be too late!”

Hear the words!

Lin Hongtu’s face suddenly became extremely ugly. Could it be that someone knew of their Lin family’s actions today, so they planned to fish in troubled waters?

But looking at the entire China, who has such courage?

“Steward Xu, how many people are here!”

Lin Hongtu asked with a gloomy face.

just!

The next words of Steward Xu shocked Lin Hongtu and his son!

“The other party, there is only one person!”

what!

Both the father and son’s direct eyes were about to stare out.

There are hundreds of masters in the Lin family. If the opponent is just one person, they can kill hundreds of them.

If they hadn’t seen the tragic situation of Steward Xu at the moment, they would have felt that Guanshi Xu was lying!

Because of all this, it is too incredible!

Unbelievable!

Lin Hongtu hesitated for a moment, then said in a deep voice:

“What is there to be afraid of if there is only one person on the other side, take me to find him, I want to see where he comes from!”

There was only one person on the other side, but this was the place of their Lin family. Just delay for a while and wait for the matter on the Yuanyang Street to be resolved.

The other party became the turtle in the urn of their Lin family and could be slaughtered at will!

just!

Just now!

“No need to look for it, I’m already here!”

A voice full of contempt, instantly resounded throughout the hall!

Hearing this voice, Butler Xu suddenly trembled, and the expression on his face completely solidified.

At this time, he didn’t even have the courage to look back!

That’s it!

Completely finished!

However, Lin Hongtu and Lin Zhanli frowned, feeling particularly surprised in their hearts.

How does this voice sound so familiar?

follow closely!

They saw a figure and walked in directly!

Lin Fan!

The pupils of the father and son shrank severely, and a deep horror suddenly appeared on their faces, obviously frightened.

impossible!

This is impossible!

How could this guy appear here?

“You...you are not dead?”

Lin Zhanyu took two steps back in horror, and every hair on his body was standing upside down, almost paralyzed.

And Lin Fan also sneered and asked:

“You...want me to die?”
