

# Chapter: 1674

original!

When Xu Yourong was studying medicine overseas, she had already paid attention to the development of domestic affairs, so when she knew that there had been a genius doctor Lin in China, she tried to frustrate the famous western doctors and revitalize China.

She should regard the genius doctor Lin as her idol!

In her eyes, only such a man of vigor can be called a real man!

Therefore, a large part of the reason why she came back to apply for the job this time was because she wanted to be closer to her idol.

But she didn't know that the idol she was thinking of was the brother-in-law she despised!

Seeing Xu Yourong's sincerity, Zhang Jianjun couldn't bear to refuse, but said:

"I can help you introduce, but the doctor Lin Shenlong sees the head and the end, and I can't find him for the time being. It will take a while!"

Zhang Jianjun is still not sure what the relationship between Lin Fan and Xu Yourong is, so he has to ask Lin Fan to talk about this matter.

Hear the words!

Xu Yourong's expression suddenly became a little lost, but since Zhang Jianjun had agreed, it was only a matter of time before seeing his idol.

When Xu Yourong walked out of the interview room, her face was full of smiles, which can be said to be full of spring breeze.

Successfully applied to become a supervisor and got the qualification to see her idol again. She estimated that she would wake up from sleep tonight.

just!

Only then did he step out of Washington Pharmaceuticals, and Xu Yourong's originally good mood suddenly became terrible.

Because she saw a man leaning on the edge of the car, smoking a cigarette bored!

Lin Fan!

For this guy, Xu Yourong is not pleasing to the eye!

A man, with hands and feet, actually depends on eating soft food to make a living, let his wife go outside to suffer and suffer, but he is an uncle at home!

After being exposed, he still scornfully said that he had contributed a lot, and even said that the reason why his wife is today is because of him.

It's disgusting!

"Why are you still here? Didn't you let you go?"

Xu Yourong strode up, saying in a bad tone.

Lin Fan smacked his tongue secretly, if it wasn't for Bai Yi's request, the ghost would be willing to be a slave here for you.

He just wanted to explain, but Xu Yourong didn't give him this opportunity at all. He pulled the car door and sat on it. At the same time, he ordered Lin Fan:

"Get in the car, I don't want my new colleagues to know that I am with a soft rice king."

Lin Fan gave a wry smile, this woman's mouth is really so acrimonious no matter when and where.

The two parties went to a restaurant, but it was more of a mansion than a restaurant!

In fact, this is indeed a mansion. It used to be a residence of Lord Belle, but was later bought at a high price and became a high-class private club.

And the one that paid for the acquisition was naturally Washington Pharmaceuticals.

Here, it can be said that it has become a canteen of Washington Pharmaceuticals, and employees can get a 20% discount on consumption here!

"This place is called Tingchaoge. If it weren't for me, you're afraid you wouldn't be qualified to come here for dinner in your entire life!"

"This is the gap between you and people like us!"

Xu Yourong said condescendingly, wanting to use this to make Lin Fan retreat.

But Lin Fan is still a dead pig, not afraid of boiling water, and even feels a little bit to laugh!

"Hello, do you have a membership card?"

Then Yingbin asked Xu Yourong and Lin Fan respectfully.

Xu Yourong took out the gold card that Zhang Jianjun had just given her and handed it to Miss Yingbin.

There is a membership system for consumption here, and the higher the level, the better the treatment you can enjoy. It is said that the highest-level diamond card can enter the residence of Belle Lord.

Such honors can only be enjoyed by the major shareholders of Washington Pharmaceuticals and the great doctor Lin.

"Please, please!"

The welcoming lady respectfully led Xu Yourong and Lin Fan into it.

Little did they know how long it took them to enter this Tingchao Pavilion before they were noticed by the general manager Wang Zuyuan.

Naturally, she was also a senior executive of Washington Pharmaceuticals, and was ordered to manage the Tingchao Pavilion. Seeing that Lin Fan, a super boss, came, she suddenly got out of her car nervously.

Then he walked quickly in the direction Lin Fan was going, his expression was obviously extremely nervous.

"forest..."

When Wang Zuyuan stood still in front of Lin Fan and was about to call Mr. Lin, she was stopped by Lin Fan's eyes.
