

Chapter: 1703

And this time!

After solving Ouyang Feifei and Wan Lishi, Lin Fan returned to the Washington DC Pharmacy, only to see Li Xunran at the door of the Washington Pharmacy, tugging with a well-dressed man!

There was also a Ferrari worth tens of millions-Rafa!

It is announcing that this man is financially rich!

“Xunran, just give me another chance. From now on I will definitely change my past and live with you wholeheartedly!”

The man confessed with an expression, his eyes were full of earnest pleading, and he took Li Xunran’s hand and said not to let go.

just!

Li Xunran didn’t believe the other party’s nonsense at all, and scolded in disgust:

“Wang Boyi, will you stop acting, okay? I feel sick!”

“If you really love me, you won’t sleep with a female celebrity behind my back, and now I won’t believe you anymore!”

original!

This man is Li Xunran’s ex-boyfriend. The two parties had already reached the point of discussing marriage, but just a year ago, Li Xunran discovered that Wang Boyi had derailed.

The object of the derailment was a female singer. This incident was later reported by the paparazzi, and Li Xunran broke up with Wang Gamei in a fit of anger.

I just didn’t expect it!

Wang Boyi unexpectedly found her again, and even cheekily wanted to meet her.

In this year!

Li Xunran had already forgotten Wang Gamei after his heart-wrenching sorrow, and she, who possessed a mental sanity, could once again accept Wang Gamei, who has a history of conviction?

Now that she sees Wang Gamei, apart from nausea and disgust, she has no other feelings!

“Xunran, I was drunk at the time and I didn’t even know what happened, you believe me! That woman seduced me!”

Wang Boyi denied it, watching Li Xunran with an affectionate look:

“The person I love the most is you! You don’t know how I have lived this year. I think about you all the time, but you don’t answer my phone or see me, which makes me really miserable. !”

“Xunran, give me another chance, let us start again, okay?”

“can!”

Li Xunran smiled and nodded, then his eyes suddenly filled with frost:

“Next life!”

Talking!

She just turned around and left.

But at this moment, Wang Gamei’s eyes showed a sense of hostility, and he violently dragged Li Xunran back.

Li Xunran staggered and almost fell to the ground!

The face facing each other was Wang Gamei’s fierce face.

Right now, Li Xunran panicked and said angrily:

“Wang Boyi, what do you want to do? If you do this again, I will call the police!”

Call the police?

As if he heard Tianda’s joke, Wang Boyi laughed loudly:

“Li Xunran, have you forgotten who you are?”

“You are the eldest lady of the Li family, my fiancée of Wang Gamei, since we were born, our destiny has been linked together!”

“The Li family and the Wang family are destined to marry, can you refuse me, can you refuse to win the Li family?”

In a word, Li Xunran’s face was ashamed!

Because the marriage contract between her and Wang Gamei had already been made since she was a child.

The Wang family and the Li family decided to marry when they were young. Originally, Li Xunran had no opinion on this, but now it’s different...

She didn’t allow herself to marry a man who had betrayed her!

just!

The problem is that she is indeed like Wang Boyi said, unable to refuse the Li family’s request.

The marriage between wealthy families does not mean that if you refuse, you can refuse.

Moreover, this marriage was decided twenty years ago, and both families are particularly looking forward to it.

If one party repents, it is bound to offend the other party.

This was a devastating blow that was absolutely unbearable to the Li family, who was already on the decline.

Seeing Li Xunran not speaking, Wang Boyi simply tore his face and smiled grimly:

“Li Xunran, don’t be delusional, you never want to get rid of me in your life!”
