

Chapter: 1719

A roar, shocked the spot!

Wang Boyi suddenly felt as if he had been hit hard, a strong look of horror appeared on his face, and he looked at Lin Fan incredulously:

“You...you are Master Lin?”

Wang Boyi was completely scared and paralyzed. The scene before him was so shocking that he couldn't believe it was true.

Is this guy in front of him a super fierce man who defeated his two masters?

how can that be!

In the world, how could there be such a coincidence!

Wang Boyi panicked, shaking like sifting chaff all over, looking at Lin Fan with horror, he couldn't even speak.

This guy is his future master?

He is obviously younger than himself!

Is there really such a good person in this world?

Great master in his twenties!

What a terrible thing is this?

I'm afraid that in the entire history of China, there are no more than three people, right?

Moreover, he defeated the two great masters of black and white Shuangsha with his own power. How terrifying is such a strength?

It is simply unimaginable!

With this kind of existence, he was fortunate to be the opponent's disciple, but now...

Everything is ruined!

And this time!

The expressions of Old Man Li and the others also changed drastically, their hearts beating wildly.

Lin...Master Lin?

This guy is the now famous and mysterious Master Lin of China?

damn it!

What a terrifying identity background the young man in his 20s has.

Originally they thought that Lin Fan's background was just a little scary.

But now it seems that even his strength value is extremely terrifying, even the black and white Shuangsha can only kneel in front of him, bowing his head!

Oh my!

In this world, how can there be such a wicked person?

They couldn't believe their eyes!

Regret it!

Mr. Li is regretful at the scene!

This is simply the best son-in-law!

Not to mention making Li Xunran a junior, even if she was the wife of the eighteenth room, that would be the honor of their Li family.

Such a dragon among people, to be able to see Li Xunran, is already a smoke from their ancestral grave.

What qualifications do they have to pick and choose?

But in the end, they humiliated Lin Fan a hundredfold and wanted to sweep him out. Old man Li couldn't wait to lick his own mouth at this time.

This is a frustration for myself!

As for the Patriarch Wang, his whole body trembled fiercely at this moment, and the expression on his face was completely distorted due to fear.

This time, his Wang family is really over!

He had never imagined that the black and white Shuangsha turned out to be Lin Fan's two dogs!

Lin Fan can't be killed now, but their Wang Family has only one dead end!

People who shouldn't listen to Wang Game, should beg for mercy just now, maybe things will turn for the better.

but now...

It can almost be said that the overall situation is set!

And just now!

Lin Fan looked at them with a grin, a cold killing intent appeared on his face:

“Your royal family wants to kill me? Then if I kill you now, you should have nothing to complain about, right?”

boom!

As soon as these words came out, the entire Wang family instantly felt half of their foot stepped into the ghost gate, and the whole audience resounded with a cry of fear.

Puff!

Puff!

One after another, the royal family members knelt on the ground one after another, crying heartbreakingly.

“Spare! Master Lin is spared!”

And this time!

Not only the Wang family, but even the Li family's faces were deeply disturbed.

Especially Li Xunran's second uncle and second aunt, they were almost paralyzed at this time.

They dare to insult Master Lin?

This is so special, it's like a bear's heart and leopard's courage!

My goodness!

Why did Li Xunran find such an awesome son-in-law?

Old man Li also seemed to be tens of years old in an instant. He also realized at this time that he had missed something.

And this time!

The Wang Family Patriarch roared in horror:

“Lin Fan, what do you want to do! Do you know who is behind us?”

“It's a business empire, the Lin family! If you dare to touch one of our hairs, the Lin family will surely let you die!”
