

Chapter: 1720

Ok?

Lin Fan's brows were frowned, and he seemed surprised that the Wang family was actually involved in the Lin family.

"You mean, you are the Lin family's horses?"

Hear the words!

The Patriarch of the Wang family suddenly said with an arrogance:

"Yes! I have a deep connection with the Lin family, and we are even better at wearing a pair of trousers with the Lin family!"

"Moving me is tantamount to moving the Lin family! Master Lin, I don't think you want to be an enemy of the Lin family, right?"

Lin Fan laughed!

Is this a threat?

At the moment, Lin Fan asked rhetorically:

"Then look, how should we deal with it?"

Hear the words!

The Patriarch of the Wang family and the Wang family present immediately breathed a sigh of relief.

This guy is relieved!

Is this afraid of the Lin family?

It's no wonder that there are not many people in China who are not afraid of the Lin family!

Even if this kid has a bright background!

At the moment, Patriarch Wang suddenly sneered and said:

"It's very simple. Our Wang family did something wrong. We are willing to apologize and offer a generous gift!"

"My royal family's apology, you must accept it!"

In the end, the other party's face was already full of threats, as if Lin Fan would die if he refused the other party's request.

Seeing that Lin Fan was scared, the Wang Family Patriarch gradually became proud, so his attitude became extraordinarily arrogant at this time.

He didn't believe in Lin Fan, who had the courage to oppose the Lin family, who had the power to dominate the world.

But at this time, Lin Fan was very angry and grinned, staring sharply at the Wang Family Patriarch:

"Then what if I say no?"

Ok?

The royal family was stunned, looking at Lin Fan with an uneasy expression.

Is this guy serious?

Is he planning to be an enemy of the Lin family?

This kind of thinking is dangerous and stupid!

People wonder if there is a problem with Lin Fan's head!

No matter how much he has a background, he is still just a person.

But the Lin family is a super family that has been horizontally and horizontally for hundreds of years. After a hundred years of ups and downs and ups and downs, it now stands tall.

It is enough to show that this family is unshakable!

And Lin Fan actually intends to challenge this behemoth with his own strength?

What is the difference with 蝼蚁撼树?

At the moment, everyone cast a contemptuous look at Lin Fan, and felt that this man was making a lot of talk right now.

Bragging!

And Old Man Li couldn't help frowning. Could it be that he had missed his eyes, this guy wasn't as good as he thought?

Because anyone with a bit of IQ knows that the Lin family can't be offended, and Lin Fan wants to subvert the entire Lin family by himself, which is nothing short of a dream!

And this time!

The face of Wang's Patriarch suddenly became extremely ugly, and he scolded:

"Are you sure you want to go your own way? I tell you, the Lin family is not something you can offend!"

"In today's China, there has never been anyone who dares to say that they are enemies of the Lin family. You are looking for death!"

just!

Lin Fan still showed such dismissive attitude, sneered:

"Really? Then I will be the first!"

what!

As soon as this remark came out, the audience was completely uproar!

This guy is really determined to challenge the Lin family!

madman!

This is simply a lunatic!

Even the Wang family was completely stunned at this moment, with a thick astonishment and puzzle on their faces.

Is this guy planning to die with them?

At the moment, the expressions of Wang Gamei and his son gradually became apprehensive. They thought that if they pulled out the tiger skin of the Lin family, Lin Fan would throw a rat-fighting weapon.

But I didn't expect this guy to take it seriously.

It's more than that!

Lin Fan smiled and said to Wang Boyi and his son:

"Call the Lin family!"

Ok?

Wang Boyi and his son were completely stunned, looking at Lin Fan in disbelief:

"What did you say?"

They couldn't believe their ears at this time, Lin Fan actually asked them to call for rescue?

"I said, let you call and see if the Lin family can save you!"

Next, Lin Fan was about to let the father and son realize what despair is.

"Okay, dog stuff, you are the one who wanted to die! Don't blame me!"

Patriarch Wang gave a cold snort, took out his cell phone and dialed Lin Hongtu's number.

He wanted to see if Lin Fan could still dismiss it after receiving the call from the Lin family.

Everyone present also shook their heads and looked at Lin Fan contemptuously.

This young man is overconfident!

Once this incident brought the Lin family in, it would be endless.

Of course, in their opinion, it must be Lin Fan who died!

Toot toot...

After the phone rang a few times, Lin Hongtu's extremely tired hoarse voice came:

"Something wrong?"
