

Chapter: 1758

“That must be less. I knew that Lin Fan was so foolish. I should have said 80 million for us just now, no! I should say 100 million!”

Wang Youcai was too regretful. He didn't expect Lin Fan to be so generous, so he directly gave them a check for 50 million.

This mother and son are really weird, they regretted not having enough money after pitting other people's money, shameless and conscientious.

“Nothing, it will be long in Japan!”

Wang Zhijun said with a smirk, the fifty million will be spent first, and then I will ask them to borrow it!

what!

Wang Youcai was stunned and looked at Wang Zhijun in disbelief:

“Are you going to ask them to borrow it?”

Isn't this fifty million enough?

And if they borrow 50 million, they are already very unhappy.

This time, how could they agree?

“Dad, are you stupid, they are so rich, don't you want it for nothing?”

Wang Zhijun said shamelessly.

When people sell 50 million, it means that they have more money. If you don't take more, wouldn't you be sorry for yourself?

“But this time they are not so happy. Can they agree next time?”

Wang Youcai asked.

“If we didn't agree, we cried, coaxed and hung three times, went to the Washington Pharmaceuticals to discredit them, saying they were ungrateful.”

“Hey, the kindness of those few steamed buns, our family will eat them for a lifetime!”

Wang Zhijun has already planned, and he will rely on his family for the rest of his life, who made them owe them favors.

My own family saved their family's life, even if they took too much, they should have given it.

“Dad, if you want to have endless glory and wealth for the rest of your life, you have to rely on their family!”

Wang Zhijun was originally a gnawing old man. He knew eating, drinking and gambling all the time, and he never worked.

In the past, Wang Youcai was gnawing at Wang Youcai, but now he has more money to give him permission. How could this parasite be easily let go?

Wang Zhijun encouraged Wang Youcai:

“Furthermore, we saved their lives. That is a reason. Isn't it right for them to provide us with old age?”

Hear the words!

Wang Youcai was also tempted, and said with a smile:

“Then it's up to you!”

That night!

Wang Zhijun went to the most famous casino in the area and found a few chicks to be happy. He had lost three million on this night alone.

But he doesn't take it seriously at all, because he still has more than 40 million, and the most important thing is that the Baiyi family raises him. What are they afraid of?

At this time, Lin Fan is working at Washington Pharmaceuticals!

Suddenly seeing Zhang Jianjun strode in, his expression was a bit ugly.

“what's happenin?”

Lin Fan asked puzzledly.

“Mr. Lin, what you see next, I hope you don't get angry!”

Zhang Jianjun sighed, looking very nervous.

“If you have something to say, you don't have to be circumspect.”

Lin Fan didn't know what Zhang Jianjun was making.

Zhang Jianjun didn't say more, and asked the door:

“Come in!”

Then, there were a few people outside the door, carrying things in.

When Lin Fan saw that thing, his eyes suddenly shrank, because it turned out to be a coffin.

And it's the coffin just dug out of the soil!

Dilapidated and dirty!

But Lin Fan looked nervous and walked forward in strides.

After seeing the name on the coffin, his head exploded instantly!

The tomb of the Song family!

This is his mother's tomb!

It's been scooped up by someone!

Tortured during birth, and restless after death!

boom!

Lin Fan's eyes were completely bloodshot at this moment, and there was a dazzling blood red all over them.

Killing intent, crazy and raging!

He wants to kill people now!

“Who is it? Who did it!!!”
