

Chapter: 1788

Fortunately, Wang Youcai's clever eyes were caught quickly, and Wang Youcai pretended to say:

"You Rong, you can see it. If you don't like it then, you just leave."

"Don't be mad at your mother! If she really can't think about it, then you really become an unfaithful and unfilial person."

Seeing Wang Yanli about to commit suicide, Xu Yourong was also stupid, so she nodded pitifully:

"I'm going, can't I go? Please don't coax me!"

She was really worried that her mother would not be able to think about it!

At this time, Wang Yanli's attitude suddenly changed. She snorted and broke free of Wang Youcai:

"It's almost the same!"

Then, Wang Yanli turned around and waved in one direction.

Seeing this, Xu Yourong and the others were completely dumbfounded, and then looking in one direction, they saw a Maybach parked on the side of the road.

A man with gold-wire glasses was smiling and beckoning here, looking like a gentleman.

It turned out that Wang Yanli had already arranged everything in advance.

The man was in his early thirties, handsome, with a dusty temperament, just like the Oppa from a Korean drama, exuding a woman's crazy charm from top to bottom.

But Lin Fan frowned when he saw the man.

murderous look!

There is a murderous spirit in this man!

Although extremely subtle, it still couldn't hide Lin Fan's keen sense.

The opponent's realm is at least the master!

When the other party appeared in this sensitive period, Lin Fan could not help but care.

"Quickly, last week's son's car! Let's have a meal!"

Wang Yanli pulled Xu Yourong into the car.

Although Xu Yourong was full of reluctance, he did not dare to disobey Wang Yanli at this time!

I can only follow her honestly and walk towards the other side's car.

After they left, Lin Fan said:

"Your cousin can't go with that man!"

Bai Yi looked at him with weird eyes:

"Why, you can't bear it?"

Ok?

Lin Fan was stunned and looked at Bai Yi puzzled.

What kind of vinegar does this woman eat?

Bai Yi suddenly sneered:

"Don't think I don't know. During this period of time, you and cousin have gotten closer and closer, and the number of times she visited me inexplicably became older and older."

Lin Fan looked at her innocently:

"She came to you, what does it have to do with me?"

Bai Yi's smile became even colder:

"I thought so at the beginning, but then I slowly discovered that when I talked to her she was always involuntarily tranced, and she often looked at you in a daze."

"The colors in the eyes are also weird!"

"Why, now you are not cheating others? Or do you think I am dead?"

Lin Fan couldn't speak, crying and laughing:

"I really have nothing to do with her. The reason why I say this is not because of jealousy, but because that man really has a problem. He is a master!"

what!

Bai Yi finally changed her pretty face, looking at Lin Fan in disbelief:

"you sure?"

She was not stupid, and soon realized that something was not quite right.

This incident is mostly directed at them, right?

Lin Fan smiled helplessly:

"My wife, I'm a great master, do you think I feel wrong?"

Bai Yi suddenly panicked, hesitated and said to Lin Fan:

"Let's take a look at it too, you must not let my cousin have any surprises."

Lin Fan nodded, and then started the car to chase him up.

But after a long time, Wang Yanli and Xu Yourong came to a hotel.

At this time, Xu Yourong also knew that the man named Li Yinsheng had been running a family business, and he had been doing real estate overseas.

Li Yinsheng alone is worth hundreds of billions.
