

Chapter: 1800

Xu Youtoler was humiliated and argued with a flushed face:

“Why can’t we be here? We are also grandma’s grandchildren. Besides, Lin Fan has a way to save grandma now.”

Xu Dexiang, who had secretly wiped his tears on the side, stood up and asked loudly.

“Lin Fan, is it true? Do you have a way to save grandma?”

Everyone looked at Lin Fan, waiting for him to answer, or waiting for his sophistry.

Lin Fan held the dark jade bottle of the resurrection pill in his hand.

“If you can live or not, you can see the difference with a pill. Do you still have a choice now?”

Wang Youcai’s expression became even more contemptuous, and he said angrily:

“Want to pretend to be garlic? You think you can fool everyone with a rubbish, do you think we are idiots?”

Lin Fan glanced at Wang Youcai:

“I don’t know if someone else is, but you must be!”

“you!”

Wang Youcai is so angry that this dead trash dare to insult himself?

Xu Yourong nodded firmly to Xu Dexiang and everyone:

“Yes, you all think Lin Fan is a waste, but I don’t think so! I believe his pill can save grandma, and I plan to try it too!”

Hearing that, Xu Dexiang just wanted to talk, but Wang Yanli sneered:

“If you don’t eat your broken pill, grandma may still be able to hold on for one day or two days; if you eat your broken pill, grandma will then let go. Are you responsible?”

“I take responsibility.” Lin Fan said with a smile.

Wang Yanli said angrily: “You take the responsibility? Do you take it, Lin Fan? That’s a life. If you died because of your broken pill, it wouldn’t be too much to send you to jail.”

At this time, Xu Dexiang looked at Lin Fan solemnly.

“Lin Fan, are you sure your grandma can be saved as long as you take the pill you gave?”

Lin Fan nodded earnestly: “I can be sure that it will not only save grandma’s life, but also extend her life for five years. If you can’t, you can send me to jail.”

Wang Youcai suddenly laughed: “Hahaha, Lin Fan, you said this yourself, don’t regret it!”

He thought he laughed at Lin Fan, and the others would surely agree.

It’s just that he laughed too wildly. Not only did everyone agree, but they looked at him angrily, and even Xu Dexiang looked at him dissatisfied.

“I, I don’t mean anything else,” Wang Youcai scratched his scalp awkwardly, “I said Lin Fan was bragging, there is such a magical pill, I am worried that he will harm the old lady.”

Xu Dexiang nodded vigorously: “Okay, Lin Fan, I believe in you, and immediately take the magic medicine you brought to your grandma!”

However, Wang Yanli stopped and said: “Dexiang, this is not just for fun. You have to think about it. If something goes wrong, who will be responsible?”

Wang Youcai also worried and said, “Yes, Dexiang, if you take the pills that Lin Fan brought, and your mother-in-law and her old man pass away, you will be the guilty man who killed your own mother.”

“You all go out!” Xu Dexiang exasperated loudly.

“My mother was lying on the bed, seeing her life threatened. You don’t want to follow up and find a way. Now Lin Fan has a way to save the old man, but you are still here to stop you and get out of here!”

After that, he pushed and shoved Wang Yanli, Wang Youcai and others out of the ward.

Lin Fan opened the dark jade bottle, poured out the resurrection pill from the jade bottle, and placed it in Xu Yourong’s palm.

Over there, Xu Dexiang helped the old lady Jiang up and held it in his arms.

Xu Yourong carefully put the Resurrection Pill into her grandma’s mouth.

Xu Dexiang fed the old lady Jiang a few sips of water with a paper cup, poured the Resurrection Pill into her belly, and then slowly helped her to lie down.

“Lin Fan, how long will it take to see the effect?”

Xu Dexiang asked in a low voice, he was undoubtedly the most nervous at this time.

He was afraid of himself and made a wrong bet!
