

Chapter: 1801

“In half an hour, at most half an hour, grandma can wake up and get out of bed and walk tomorrow.” Lin Fan replied confidently.

Xu Dexiang asked dubiously: “Is it so magical?”

“Dad, don’t worry!” Xu Yourong smiled and whispered:

“Lin Fan said that a pill of resurrection is worth 100 million yuan, and it will definitely save grandma.”

“So expensive!” Xu Dexiang said in surprise.

Lin Fan smiled: “Uncle, this price is just my estimate. If you really want to sell it, someone will buy it at a price that is several or even dozens of times.”

If you take a pill of Resurrection Pill, you can prolong your life by at least five years. Those billionaires who are seriously ill will definitely be willing to buy it at a big price.

A slightly relaxed smile appeared on Xu Dexiang’s face, and he spoke in a deliberate tone.

“Lin Fan, the resurrection pill is really so good, you can prepare one more for your grandma, are you optimistic?”

His words are a bit speechless.

Lin Fan secretly smiled bitterly, his uncle is really a great filial son, and the effect that the Pill of Resurrection can play is only once.

The effect of taking Huanhun Pill is to mobilize and stimulate the potential positive factors in the patient’s body, so as to get rid of the disease and regain a healthy physique, so as to achieve the purpose of prolonging life.

However, the potential positive factors in a person’s body are limited, and it is impossible to replicate them indefinitely, and eventually they will age and die.

Lin Fan explained: “Uncle, although the resurrection pill is good, it is not useful to take more. It is impossible for a person’s life span to be extended many times.”

Xu Yourong followed and persuaded:

“Dad, you really are. If grandma can live another five years, wouldn’t that be a great thing?”

“Yes, yes,” Xu Dexiang smiled and nodded, “Your grandma really wants to live another five years, I’m very happy! There are too many, I don’t dare to expect too much!”

In the living room, Wang Youcai was grumbling angrily.

“Dexiang is also true. How can he believe in Lin Fan’s trash?! If he really has that ability, wouldn’t he make a lot of money soon?”

Wang Yanli said to Wang Youcai dissatisfied.

“That’s right, that waste is to take advantage of Texiang’s concern for the old lady, and use him! As long as Lin Fan’s waste can bring her mother-in-law and her old back to life, he himself opened an outpatient clinic soon and became famous at home and abroad. Has it been treated?”

Wang Zhijun on the side was in a cold sweat, because he knew that Lin Fan was really a famous doctor at home and abroad.

Wang Yanli curled her lips and sighed.

“Oh, I also used old ginger’s method. He estimated that he saw his mother-in-law not long ago, and went to the doctor in a hurry, and took Lin Fan’s waste as a living bodhisattva.”

At this time, Wang Youcai thought of something and reminded Wang Yanli from the side.

“Beautiful, isn’t Huo Dongying, who is pursuing tolerance, has a good way, why don’t you call him and ask him to help her find a famous doctor to see her grandma?”

Wang Yanli patted her thigh: “Don’t you remind me, I forgot Huo Dongying. He must be able to find a famous doctor to help her grandma and rub the waste. I will call him now.”

With that, Wang Yanli dialed Huo Dongying’s phone.

Huo Dongying asked enthusiastically on the other end of the phone.

“Auntie, you call me, what’s the matter?”

“Dongying!” said Wang Yanli, “Yurong’s grandma is seriously ill now, and you have a wide network of contacts. You can help find a few famous doctors to come over and see if you are sick.”

Where can Huo Dongying find so many famous doctors?

There are only a few well-known doctors in China with names and surnames, and there is only one of them, Huo Dongying, who can speak for themselves.

However, didn’t Xu Yourong follow that horrible doctor Lin?

With the help of that person, saving a person is not a matter of minutes, and he still needs his help?

Could it be that Xu Yourong changed his mind?
