

# Chapter: 1812

The boxer rubbed his dizzy head and fought back with a grin:

“Master Ma, you don’t have diamonds and don’t do porcelain work. It’s coaxing to deal with Lin Fan? It’s not easy for you to get in the way of bluffing over there.”

Ma Baoyuan patted the coffee table in front of him and cursed.

“You, you are shameless!”

The boxer sneered: “I’m shameless? At least I have to shame, you and he are so shy, come to cheat big and small money?!”

Huo Dongying waved his hand irritably: “Okay, okay, don’t quarrel, you two, help me think about how to deal with that guy Lin Fan, I don’t want to watch the beauty who is about to get it and fly away.”

The yellow-haired Sanda master raised his cast calf and leaned it on the armrest of the sofa, grinning in pain.

He couldn’t help cursing: “Master Huo, Lin Fan must die for that trash!

He interrupted Lao Tzu’s leg, he must be revenge!”

The Sanda master who was beaten with a flat nose put a lot of gauze on his nose.

He sullenly suggested: “Master Huo, I think you can ask a friend on the road for help, and find someone to kill that kid secretly.”

Huo Dongying squeezed his chin, thinking about it.

“Damn, that kid Lin Fan is really difficult, it seems that he can only go this way. Anyway, the young master has money, I will find someone to get rid of that guy, and then marry his woman.”

The phone rang for a while, Huo Dongying grabbed the phone and saw that it was Wang Yanli’s number, and then the phone was connected.

He changed his respectful tone and asked.

“Auntie, are you looking for something to do with me?”

Wang Yanli was still staying in the teahouse, with Wang Yanli and others. She called, just to get some information.

“Dongying, didn’t you find someone to clean up Lin Fan’s rubbish? Are there any if you go there?”

Huo Dongying pretended to complain.

“Auntie, I did find a friend to go to Grandma’s side. Who knew that when Lin Fan was about to clean up, Yourong ran over to stop her.”

Wang Yanli angrily scolded: “That dead girl, it’s really not enough, it’s more than a failure! Isn’t it good for her, why is she not getting rid of it?!”

“Yeah, auntie,” Huo Dongying said in a pitiful tone, “allow her to stand in front. My friends and I were afraid of hurting her, so we didn’t dare to let go of our hands and feet. As a result, my friends were all injured by Lin Fan.”

Wang Yanli quickly persuaded: “Dongying, don’t be discouraged. As long as you are sincere in your pursuit of tolerance, you will be moved sooner or later, and then you will be married.”

Huo Dongying sighed: “Oh, auntie, I really don’t have much patience. However, listening to what you said, I think I should stick to it, and I hope to be moved sooner.”

Huo Dongying suddenly sneered after hanging up the phone.

Now even Wang Yanli’s family is on her side, so what if Lin Fan is the genius doctor of Lin?

however!

At this moment, a report suddenly came from outside the door:

“Master, the Lin family please see you!”

—

In the lounge of the teahouse, Wang Yanli hung up and said cursingly:

“Big brother, why did you say that I gave birth to You Rong that stupid stinky girl? It really doesn’t make me worry at all!”

Wang Youcai curled his lips: “There is no way, it’s gorgeous. At this point, You Rong follows her father’s character, just a dead brain.”

Wang Zhijun on the side asked anxiously.

“Aunt, Master Huo, are they successful?”

Wang Yanli said disappointedly: “What can you do? Yourong that stinky girl mixed up in it, but Huo Shaoye and the others were injured by Lin Fan’s trash.”

Jiang Ke said annoyedly: “Aunty, it’s not that I said You Rong. Look at our family, which one is worthy of Lin Fan’s trash? It’s just that there is Rong’s brain, and he is still protecting Lin Fan!”

“It’s not just You Rong who protect him,” Wang Youcai smiled coldly.

“Huo Dongying and even the entire Xu family are also protecting Lin Fan’s trash. But you don’t have to be angry and anxious, we will make him pay the price sooner or later.”

Wang Zhijun said sadly, “Dad, it’s not that simple. You see, Lin Fan just saved the old lady’s life, but the old lady values him.”

“That fellow Huo Dongying is also true, a big group and a small boss, and he won’t find more people to go there and put You Rong aside. Then you can just let it go and clean up Lin Fan?”
