

Chapter: 1815

Xu Yourong squinted at Wang Yanli, who was a little hysterical, and felt an unprecedented disappointment and shame:

“I’m so disappointed in you! I don’t have a mother like you! I won’t go back to this house again!”

Such a home can’t give her warmth, and even tried to hurt her by all means.

After saying this, Xu Yourong walked towards the door crying and wanted to leave this place that made her lose face.

“Bad girl, what are you going to do? Come back to the old lady, I heard there is no one!”

Wang Yanli roared even more hysterically.

After experiencing the nightmare that night, Xu Yourong felt that there was a deep rift with Wang Yanli.

Today, Wang Yanli’s performance was the last straw that crushed the camel.

Seeing Xu Yourong daring to be disobedient, Wang Yanli yelled furiously:

“Xu Dexiang, your dead girl wants to run away from home, don’t you care about it?!”

Xu Dexiang stared at Wang Yanli ferociously, and shouted loudly:

“Good walk! I’m getting bored, and I ran away from home too!”

“No! I am not allowed!”

Wang Yanli rushed to Xu Yourong and tried to stop them.

At this time, Xu Yourong opened the door, only to find a few strangers in uniforms standing outside the door, including two policemen.

The person standing in the front asked, “Excuse me, is there a man named Lin Fan here?”

Lin Fan nodded: “I am Lin Fan, what’s the matter?”

The man immediately took out a file with an official seal from his briefcase and showed it to Lin Fan and Xu Yourong.

“We belong to the Imperial Hospital Authority. Someone reported that you practice medicine without a license and intentionally hurt others. Please go back with us and be investigated.”

Wang Yanli stood aside and waved her hands again and again:

“This person has nothing to do with our family. This trash family is over there. Don’t involve us.”

Suddenly someone shouted from the side: “No, auntie.”

Immediately afterwards, Huo Dongying stood beside the staff of the Hospital Authority with a hippy smile.

“Oh, it’s Dongying. Are you injured?” Wang Yanli immediately asked with a smile, “Didn’t you say that Lin Fan hurt your friend with this rubbish? How are they? Does it matter?”

Huo Dongying frowned: “Auntie, I have a sincere heart for Yourong. I hope to win her heart soon, but she is cold to me. My friends were seriously injured by Lin Fan. what!”

Xu Yourong angrily accused: “Huo Dongying, don’t pretend to be here, didn’t your friends want to beat Lin Fan, because they couldn’t work hard, they would be injured by Lin Fan?!”

“Yeah, You Rong, I am doing this for your own good!” Huo Dongying still looked amiable,

“Why did I come with my friend to deal with this rubbish Lin Fan? Don’t you want to get rid of him soon, so that you can be rescued from the dire straits?”

Seeing Huo Dongying appear, Lin Fan frowned!

How could Huo Dongying have the courage to come to her own trouble one after another?

And seeing these policemen, Lin Fan suddenly thought of something, his eyes were full of cold light!

“Huo Dongying, are you looking for death? In my struggle with the Lin family, you dare to be nosy?”

The Lin Family wanted to use Xu Dexiang to contain him and throw him into jail. Even if it was just a day or two, it would be enough for the Lin Family to free up their hands for nonsense.

But Lin Fan didn’t think that Xu Dexiang wanted to die like this, and even dared to intervene in the struggle between him and the Lin family. This is undoubtedly looking for death!

Xu Dexiang sneered and said:

Blame you for not knowing how to live or die, even the Lin family dare to offend! Lin Fan, your life is not good, even God is on my side, hahaha!

With the Lin family supporting him, he still needs to be afraid of Lin Fan as a trash?
