

Chapter: 1817

After speaking, he glanced at Xu Yourong, who was close at hand, and swallowed secretly.

Sooner or later, this stunner in the world will lie on my big bed with Huo Dongying, waiting for me to ravage, hahaha.

Xu Yourong broke free from her mother Wang Yanli's pulling, and spit bitterly on Huo Dongying's face.

"Bah, Huo Dongying, you despicable villain, you never want me!"

Wang Yanli rushed over again, dragging Xu Yourong and shouting:

"Xu Dexiang, you are so innocent, come here and drag this dead girl back, is this going to kill us together?"

Lin Fan turned to Bai Yi and smiled slightly:

"Don't worry, I will be back soon, you are waiting for me at home."

Huo Dongying wiped the saliva on her face with a tissue, pushed Lin Fan hard, and cursed:

"You rubbish, don't you talk too much! Officer, take him away quickly."

The two law enforcement officers were sent to assist in the investigation. They stepped forward, took Lin Fan's arm, and walked outside with him.

Wang Yanli slammed the door shut with a bang.

Out of the door!

Lin Fan sneered at Huo Dongying on the side:

"Now I will give you a chance to explain to the Hospital Authority and law enforcement officers by yourself that you made a mistake."

The captain suddenly pushed Lin Fan hard and sneered.

"What kind of thing do you dare to threaten Huo Dashao, I think you don't want to live anymore."

Huo Dongying also looked at Lin Fan contemptuously:

"You are still stubborn when you die. When I clean you up, I will not only take Xu Yourong, but also your wife!"

"At that time, sisters and flowers will serve me together, it is really happy and like a fairy, hahaha!"

After the captain heard this, he immediately smiled and said: "Yes, if they can marry a young man, that would be the blessing of their cultivation in the last life."

Law enforcement officers and staff of the Hospital Authority pushed Lin Fan into the enforcement vehicle and took him to the Hospital Authority for investigation.

Upstairs, Wang Yanli stood in front of the window, looking at Lin Fan being taken away with enthusiasm, and then said with a smile:

"Hahahaha, Dexiang, now it's okay, Lin Fan's trash offended Huo Master not to mention, but also offended the Lin Family in the imperial capital. Don't even think of Lin Fan's trash coming out!"

Xu Dexiang questioned angrily: "Wang Yanli, what is your heart? Lin Fan is our life-saving benefactor. Why do you treat him like an enemy, watching him be taken away and still gloating there!"

"You, are you still human?"

Speaking of which, Lin Fan is still Wang Yanli's relative, how could she be so cruel.

Xu Yourong couldn't listen anymore, crying and accusing him:

"Mom, how can you be so cruel? How can I face Bai Yi's family like you?"

now!

The Baiyi family is still here!

But Wang Yanli gloated and wanted to kill Lin Fan. What's the difference between this behavior and beasts?

"I don't care about my old lady!"

Wang Yanli turned her head, finger Xu Yourong scolded:

"The old lady just sees him not pleasing to your eyes, so quickly marry Master Huo, so that I and your dad can enjoy more fortune! Whenever the old lady is happy, she pleads with Huo Dongying and let go of the waste!"

Sitting in the law enforcement vehicle, Lin Fan smiled and said to the two law enforcement officers beside him:

"I want to make a call!"

"No way!"

Huo Dongying directly refused this request. Before coming here, he had listened to the Lin family's instructions, and in any case, he could not let Lin Fan call.

Otherwise, something big will happen!

however!

Lin Fan sneered at Huo Dongying's refusal:

"I'm not asking for your opinion!"

After speaking, he took out his cell phone and was ready to make a call.

"Stop! Otherwise, don't blame me for being rude to you!"

The law enforcement captain suddenly roared and pointed his pistol at Lin Fan, his eyes full of murderous intent.

Ok?

And his action completely angered Lin Fan, making Lin Fan sneer:

"The last person who pointed a gun at me ended up miserably!"
