

Chapter: 1819

Chen Ju swaggered and sat down in the middle chair, slapped the table with his hand, and stared:

“Lin Fan, I haven’t confessed all your illegal acts. If you don’t confess honestly, we have the right to transfer you to the detention center!”

Lin Fan hugged his chest and smiled.

“Hoho, catch me and go to the Law Enforcement Bureau, so what can you do? Even if you catch me to the Law Enforcement Bureau, you still have to obediently take me home in the end.”

“Chen Ju, right? You know what you are doing, and I also know what you want to do. Then we don’t need to talk nonsense, just skip the interrogation and wait for forty-eight hours!”

The Lin family knew that they couldn’t hold him, and the purpose of the Lin family was just to hold him.

Chen Ju was stunned, as if he had never thought that this kid knew everything.

How could he know that it doesn’t matter so much?

Huo Dongying sneered from the side:

“It is said that the head of the FDA, named Zhang Jianjun, has something to do with your trash. Do you want that Zhang Jianjun to help you out of trouble?”

Lin Fan just sneered and did not answer Huo Dongying.

Huo Dongying continued: “Tell you, Zhang Jianjun doesn’t know about this time. Even if he knows, he won’t be able to help you!”

Lin Fan smiled without comment:

“What about it; what about it if not? Huo Dongying, you won’t be so stupid to think that I’m Lin Fan, but Zhang Jianjun is the only friend.”

Chen Ju patted the table heavily:

“Be honest, you dare to be arrogant even when you are here?”

Lin Fan curled his lips and sneered:

“You probably don’t know, you are treated as cannon fodder by the Lin family, right?”

Ok?

Huo Dongying and Chen Ju were taken aback, and then both sneered.

Huo Dongying sneered and said:

“Lin Fan, do you think we will believe your nonsense by picking out a few words of divorce? Don’t dream of you!”

“Chen Ju, it seems that this kid won’t confess honestly. In my opinion, let him be punished first!”

“It’s such a cheap bone, we have to give him some color before he knows how good we are!”

Chen Ju is no better than Huo Dongying, he is not an idiot.

Hearing Lin Fan’s words, he immediately began to ponder. A person who even the Lin family takes seriously, can they really afford it?

They didn’t know that Lin Fan couldn’t be held back by their abilities, and at most it would just delay a little time.

But after Lin Fan went out, how would he deal with them?

The Lin family simply let these two idiots come to die!

“Huo Dongying, I will give you one last chance and let me leave here. I will not blame the things that happened before, otherwise... I promise you will not die!”

Lin Fan threatened with a cold tone, and a strong killing intent appeared in his eyes.

what!

just!

When Huo Dongying heard this, Lin Fan laughed loudly:

“Hahaha, just rely on you, who do you think you are? Even if you have Washington Pharmaceuticals as your backer, but this time you provoke the Lin Family, I think no one can save you an idiot in the imperial capital!”

Chen Ju also looked at Lin Fan with a sneer, as if he was looking at an experimental mouse for his dissection at will.

At this time, I also realized that the Lin family has a background in the imperial capital, how could it not be able to clean up such a kid?

His own worries are superfluous, he can’t even want to leave alive!

Now!

Director Chen said sternly: “Lin Fan, I advise you to see the situation clearly. If we can confess early, we can also make a statement to the court and apply for a proper reduction of your sentence. If you are stubborn and refuse to cooperate with the investigation, in the end, only Will increase the penalty for you!”

At this moment, Huo Dongying approached Lin Fan and said with a grin:

“Lin Fan, I think you should confess your guilt obediently. If you have a good attitude, when Xu Yourong and I are married, you can go to the prison and give you a wedding candy for you to taste, hahaha.”
