

# Chapter: 1823

In the evening, in a private room of a KTV.

Lin Zhanli is drinking and singing with some friends.

They put their arms around the two coquettish women, sing and move their hands and feet, making bursts of laughter from time to time.

It's just that every time Lin Zhanyu smiles, he cursed:

“Damn, dead wild planting Lin Fan, the whole Jiang City has been wiped out by us, this time you are not finished!”

After Lin Fan was taken away by law enforcement officers, their Lin family annexed the Xinbai clan in the shortest time possible, as well as all the forces that had embezzled the four great families in Jiangnan. Now Jiangnan and Jiangshi are already in their pockets. Up.

At this time, Lin Zhanli and Li Yutang were sitting together, discussing how to deal with Lin Fan while enjoying the wine.

“Mr. Lin, you said you want Lin Fan to look good, what are you going to do?”

Li Yutang asked tentatively.

As a fierce general under He Lan Xuan, he suffered such a big loss under Lin Fan's hands, and he was in a bad mood. He knew that He Lan Xuan's identity was special, and it was inconvenient to do things on weekdays. He could leave it to the Lin family to solve it. The best thing!

But I was humiliated by Lin Fan like that, and even beaten up. How could he endure his dignified, self-respecting temper?

That's why he put down his figure and ran over to drink with the idiot Lin Zhanli in the middle of the night, just to use the huge energy of the Lin family to clean up Lin Fan!

I just want to perform well before He Lanxuan returns to China, find a place and not let He Lanxuan disappoint him.

Lin Zhanli drank a glass of beer and put the glass on the coffee table with a “bang” sound:

“Damn, I can't get along with Lin Zhanli, I want that wild species to die!”

Lin Zhanxi said viciously, with a deep hatred in his eyes.

Li Yutang frowned and stared at him suspiciously. Is there a way for this waste?

Right now, he picked up the wine bottle, poured wine respectfully to Lin Zhanli, and then asked:

“Mr. Lin, do you really have a way to deal with Lin Fan? You know that he is Master Lin, and didn't you make the Lin family suffer a big loss not long ago?”

Lin Zhanli sneered, patted his chest, and asked:

“Li Yutang, don't you believe that Lin Zhanli has such energy? Tell you, within three days, I will let Lin Fan that wild species disappear from this world, disappear forever!”

Li Yutang was delighted in his heart, and it seemed that the Lin family had been completely irritated.

It can even be said to be mad!

Waiting for Lin Fan like that must be the Lin Family's crazy revenge!

Li Yutang raised his glass and flattered:

“Mr. Lin, I know you must have a way. There is such a powerful business empire behind you that will support you. If you want to get rid of a Lin Fan, you must be able to get it. Come on, I will toast you a glass of wine!”

Lin Zhanli laughed and picked up the glass, drank it all, then boasted:

“It's all a must. Even if Lin Fan has a strong background, it can't compare with Lin Jiashu's centuries-old heritage.”

As he said, he stretched out his hand in front of the coquettish woman beside him and grabbed a hand hard.

The coquettish woman deliberately exaggerated “Ah”, clenched her fists and punched Lin Zhanli a few times in succession, scornfully.

“Hate, Young Master Lin, don't you know how to Lianxiangxiyu? Why do you use so hard, it hurts the people who caught it.”

Lin Zhanli and Li Yutang laughed obscenely at the same time.

just!

At this moment, Lin Zhanli's phone rang, and Lin Hongtu's angrily voice came from the other end:

“Where are you?”

Lin Zhanli hiccuped and said nonchalantly:

“Dad, I'm outside and Li Yutang celebrating my merits. I took the Lin Family down today and took away Lin Fan's base camp. Isn't it worth celebrating?”

As he said, he still took a bite on the face of the beautiful woman next to him.

just!

When Lin Hongtu heard this, his lungs were exploding!

“Our Lin family is almost finished, and you are still in the mood to drink wine, why did I give birth to such an unbelievable thing?”
