

Chapter: 1827

“It’s better to make a piece of char siu than to make you, so follow me right away! Otherwise, don’t go back to my house in the future!”

Xu Yourong covered her face, crying:

“Then I won’t go back!”

What’s the point of going back from such a home?

“I killed you an unfilial girl!”

Wang Yanli yelled directly, and she slapped her to make another shot!

“enough!!!”

However, Xu Dexiang’s annoyed voice sounded:

“What are you mad women talking nonsense over there? Did you fucking do this? Don’t you think you have enough trouble? Come with me!”

Then came the tearing sound of the two couples.

After all, Wang Yanli couldn’t reach her husband, and she was dragged back out of the hotel room by Xu Dexiang.

In the afternoon of the next day, Lin Zhanli walked into the Washington Pharmacy with a gloomy face.

He came to the door of Consul Zhang Jianjun’s office when he was familiar with the road.

“Dang, Dang.” Lin Zhanxi tapped the door twice.

“Please come in.”

Zhang Jianjun’s voice came from the office.

Lin Zhanyu pushed the door and walked in, then raised his brows to look at Zhang Jianjun sitting at the desk, and sneered:

“Zhang Bu, it’s been a long time since I saw you, how are you doing?”

Ok?

Seeing him walk in, Zhang Jianjun was taken aback at first, and then sat there with a frosty expression, motionless.

It seems that Zhang Jianjun would take the initiative to come to him.

But now, the honeymoon period between him and the Lin family is no longer. Now he is Lin Fan’s person. Zhang Jianjun is looking for him, what is going on?

Lin Zhanli didn’t care either, and sat down on the sofa aside carelessly.

“Why, Zhang Bu doesn’t think it’s time for me to come today? Isn’t that kid Lin Fan is about to die, so he has troubles?”

“That’s right, after all, he offended not only our Lin family, but also two army seats!”

Zhang Jianjun touched his big nose and sneered:

“No, I don’t have any troubles. On the contrary, the troubles of your Lin family should be here.”

It is true that Lin Fan has offended the two armies, but the problem is that Lin Fan is also a soldier!

No one knows this!

Lin Zhanli suddenly snorted and said angrily:

“Zhang Jianjun, don’t be shameless. My father said that you were once friends. Let me persuade you. That kid offended two soldiers. Do you think he can survive? If you are witty, We should help our Lin family get rid of that waste!”

“Oh? Why do you need my help?” Zhang Jianjun frowned and asked.

“It’s very simple. I ask you DCP to remove Lin Fan from his position as chairman and arrest him for practicing medicine without a license.”

“Remove Lin Fan?” Zhang Jianjun’s face sank and said angrily:

“Are you sure you are joking?”

“Do I look like I’m joking? As long as you help us with this little favor of the Lin family, then we can bring down Lin Fan, it’s just a matter of time!”

Lin Zhanxi said lightly.

As long as the Washington Pharmaceuticals stepped forward, it would be ten and a half months for Lin Fan to enter him again. Isn’t it a trivial matter? Even if Lin Zuo comes forward, nothing can be changed. As for Lin Fan’s trash, after taking away all the background of Jiangnan, wouldn’t he become a bereaved dog?

At that time, Lin Zhanli could not only take revenge, but also carry out their next plan.

Killing Lin Fan is just a matter of time!

“Lin Zhanli, stop dreaming!”

Zhang Jianjun sneered and stood up and said:

“We, DC Pharmaceuticals, will never assist your Lin family to remove Mr. Lin, you can go away!”

what!

Lin Zhanyu stood up in disbelief, as if he couldn’t believe that Zhang Jianjun was so incapable of doing it, and asked loudly:

“Why? Do you still think that kid can have another chance? Zhang Jianjun, you should not be such a naive person, right?”
