

Chapter: 1865

“And as long as Mr. Lin’s child is born, we will grant him the rank of God of War!”

what!

Become a god of war since birth?

Bai Yi’s family only felt that five thunderstorms were on top, and the shock in their heart was like a stormy sea, one after another.

“Who are you?”

Bai Yi looked at each other vigilantly, always feeling that these people were insane.

“I am a three-star warrior of the Dragon and Tiger Corps. I belong to Mr. Lin!”

Lin Fan?

How could Lin Fan get involved with the Dragon and Tiger Army?

But at this time, Bai Hu walked up:

“Let me explain!”

Then, Bai Hu said with a complicated expression:

“Bai Yi, originally we didn’t want to hide it from you, but this is what Mr. Lin meant. His true identity is Lin Zuo of China!”

Puff!

Shen Yumei and Bai Shan sat on the ground together!

Lin Fan, China Forest Seat?

They suddenly remembered the news that they had read a year ago!

At that time, Shen Yumei humiliated Lin Fan. People’s surname is Lin and your surname is Lin. You are not even qualified to carry shoes to others!

As a result, Lin Fan is the Lin Zuo and the veteran Dong Huanhuan shown on TV!

It was shocking!

Shen Yumei felt that her head was about to explode!

But Bai Yi was shocked at this time, but more disturbed!

Lin Fan had been hiding from her before, why did he choose to tell her at this time, and also transfer all of his inheritance to her, what exactly Lin Fan wanted to do.

At this moment, the Blood Lord also stepped forward!

Looking at the Blood Lord, Bai Yi suddenly smiled sarcastically:

“Mr. Platinums, do you want to tell me that Lin Fan is the King of the Blood Prison?”

Perkins nodded with a wry smile:

“Miss Bai Yi, I know it will be difficult for you to accept it for a while, but this is the fact. Mr. Lin Fan is much better than you think!”

“is it?”

Bai Yi smiled sarcastically, and then asked:

“Why did he ask you to tell me these things, Lin Fanren? Where is he?”

This!

Baihu, Blood Lord, and others all expressed hesitation, not knowing how to explain.

Seeing this, Bai Yi was even more sure that Lin Fan must be an accident!

“Get out! I want to find him! I want to find Lin Fan!”

Bai Yi cried and pushed the crowd away. She was going to Lin Fan to ask clearly what happened and why Lin Fan didn’t tell her anything.

But Baihu stopped Bai Yi!

With a painful expression:

“Sorry Bai Yi, we are instructed to protect your safety, we can’t let you leave here at this time!”

“If you really want to see Lin Zuo, sit on the sofa and watch TV. It won’t be long before he will appear on the TV!”

.....

At this time, Lin Fan was already sitting by the window of the private jet, looking at the distant scenery.

“Wang, the Dragon and Tiger Legion was restricted to 50,000 troops! Our blood prison brothers were also restricted from entering the country, and currently only one hundred thousand people have entered! And the Ni Phoenix Legion only gave her 30,000 troops!”

The blood mad god said with an ugly face:

“He Lanxuan and Xu Longguan are playing tricks here! Deliberately making things difficult for us! There is also the ambiguous attitude above the temple!”

But Lin Fan seemed to have anticipated this earlier, and sneered:

“One hundred eighty thousand to one million? Three thousand more can swallow Wu, it’s enough for me!”

“Maybe Xu Longguan and He Lanxuan’s troops are in the south of the Yangtze River, but they retreat to the second line. They are clearly asking us to go to death first and wait for the profit of the fisherman!”

“Is it really worth it for us?”

The blood prison mad god is very angry!

They desperately guarded the territory of China, but they were put together!

just!

Lin Fan smiled softly and uttered a very philosophical sentence:

“What is it worth to defend your home and country?”

“Everything lies in the heart, in action!”
