

Chapter: 3068

All of a sudden, the girl's body trembled, and she stepped back unconsciously. Why is there Gu Wang's shadow everywhere? The girl rubbed her hands tightly, feeling very nervous.

With Gu Wang, this stinky man, things will be difficult!

After hearing Gu Wang's words, Zhou Yang's heart came to a conclusion, she knew that her brother must have made up his mind.

It didn't take long for the police to leave. When the young girl was about to leave, Gu Wang took a few steps and ran directly in front of her, blocking her way.

"Don't take things too seriously. As a woman, it's better to be kind and to accumulate more virtues for the child in your belly. I'm afraid, one day, the child in your belly will really be gone. , when the time comes, what else do you expect to ask the lynx for money?"

What Gu Wang said was very playful, causing embarrassment on the faces of the people in front of him.

"What are you talking about? It's clearly that she, Zhou Yang, is planning to have a party with me and kill my child. Why is it now mine?" said.

She's really taking things seriously! Zhou Yang has already made it clear that he is quitting the game between the three, and now she is still so aggressive. It seems that if she doesn't teach her a lesson, she really thinks that Zhou Yang is easy to bully!

"You remember! I'm Zhou Yang's brother, she's my sister, even more than my own sister. If something goes wrong with her, I'll never let you go!" Gu said, Forgotten turned around directly, walked to the sofa next to him, and sat down with a fierce aura.

The young girl swallowed and left the ward shaking her body.

At this time, Zhou Yang just felt very aggrieved. She was clearly framed, but she had to be investigated by the police!

The victim is still at large, but the victim has to suffer in the hospital. Gradually, two lines of hot tears appeared on her face.

Gu Wang knew that she was extremely aggrieved, so he let her vent and did not comfort her. He knew that despite Zhou Yang's usual appearance of being optimistic, lively and humorous, in fact, this woman was sentimental in nature.

"Okay, don't worry, take good care of your body here, I'll do other things for you." Gu Wang walked over, patted her shoulder lightly, and said immediately.

Yes, in this world, besides Gu Wang, who else can she trust? Now that Lynx has become someone else's man, she only has such a brother.

"What did you say? Zhou Yang was injured? Why didn't you tell me earlier?" On the phone, Zhao Enuo's voice was very anxious.

"That's what you said, Sister Enuo, that wasn't what you said at the beginning, let's not disturb you, you said you wanted to be quiet and quiet." Shangguan Nana hesitantly replied, deliberately.

What time has this stinky girl been, and she is still talking nonsense here, she wants to be quiet and quiet, but Zhou Yang has such a big thing, how can she be quiet?

"Okay, Sister Enuo, you don't have to worry too much. Zhou Yang is all right now. Don't worry, she is lying in the hospital and raising her body." Shangguan Nana said deliberately.

At this time, Zhao Yinuo was very anxious, no, she must go back to China!

She was very concerned. This matter had nothing to do with the young girl. Otherwise, with Zhou Yang's character and character, who would harm her if she was idle?

"Okay, if there is any problem with Zhou Yang, you must tell me immediately!" After saying that, she hung up the phone, picked up her jacket, and walked out immediately.

This girl, why is it so worrying! Even though she was harmed by someone, she still seemed to be a normal person. She just kept it in her heart and said nothing. If Shangguan Nana hadn't told her about it today, she would have been kept in the dark forever!
