

Chapter: 3121

“Sister Luo, I can do anything.”

An Ning knew that Sister Luo would not be able to give her resources, so she figured it out in an instant.

Rather than being elsewhere, it is better to contact someone through Tang Qian. She missed this opportunity in her previous life, but she will not miss it again in this life.

Seeing An Ning’s agreement, Sister Luo gestured to David, and then David took a closer look at An Ning, not very outgoing, but he seemed to be doing things because he said to An Ning, “Then you follow me first. In the past, I told you about Sister Qianqian’s habit.”

Tang Qian has two fixed assistants, one is David and the other is Xiaodong. This Xiaodong is pitiful.

In her last life, Tang Qian fell in love with Yang Qingfeng, a trainee from Tianhua Entertainment, and sent a bunch of nasty text messages to people, but they were sent to the Internet by some unknown person, occupying the hot search for more than a month, almost Didn’t bring down Tang Qian, and later used Xiaodong Dingbao directly, and the matter subsided.

And this Xiaodong, as you can imagine, was of course fired and blacklisted by the industry.

The person in charge of picking up An Ning is David. Along the way, he explained a lot of Tang Qian’s living habits to An Ning. He doesn’t drink beverages, only tea is to keep his body in shape, and steak is only half-rare... A bunch of strange habits, An Ning even remembered.

For ordinary people, when they hear this request, they must be stunned. Tang Qian was a habit in her previous life. At that time, An Ning didn’t do well, and the tea was scalded. Tang Qian splashed her face directly, almost disfigured.

With the experience this time, An Ning retreated, and in the pantry, Xiao Dong happened to be there.

“Hello, Xiaodong.”

“An Ning, Sheng Tian’s newly signed artist.”

“Are you an artist?” Xiaodong was obviously surprised, but thinking of Tang Qian outside, he covered his mouth again.

When making tea, An Ning greeted Xiao Dong for the first time. Unlike David’s strong character, An Ning found that Xiao Dong’s character was really close to him.

“What’s Yang Qingfeng planning today?”

When An Ning came out with the brewed tea, she saw Tang Qian playing with her nails and asking David.

“Little Ancestor, Yang Qingfeng has an announcement today.” David handed the phone over.

An Ning saw an opportunity and brought the tea to Tang Qian: “Sister Qianqian, drink tea.”

Tang Qian didn’t rush to pick up the tea, her fingers with bright red nails slid up and down the screen, “Why are you playing with Su Ke again.” After saying that, she threw her hand away, and then she remembered the tea next to her, and raised her eyes. But it stayed on the peaceful face.

“Bah, why are you giving me green tea at this time, what are you doing, stupid.” Tang Qian put down the teacup in her hand, looking at An Ning, which was not pleasing to the eye.

An Ning didn’t speak, Tang Qian let it be intentional, but it was just to let out his breath, there was no reason at all, and it was naturally even more impossible for David to speak for An Ning.

“Then I’m going to visit the class?” Tang Qian thought about it as soon as she came out.

“Auntie, there must be a reason for visiting the class. We can’t be in a hurry.” David hurriedly advised. With Tang Qian’s current position, the paparazzi are paying attention to every move.

It may be because Tang Qian’s idea of visiting the class was stifled, or it may be because David didn’t know what to whisper to Tang Qian, and the next peaceful life was even more difficult.

For a while, it was mopping the floor with An Ning, and then it was the dressing table, and there were a lot of messes. But, An Ning was the same.

“You, come and put my shoes on.”

Tang Qian tried her best to call An Ning and tried to make things difficult for her. She is in a bad mood now, but she doesn’t like anyone, and this new assistant is ugly and dark. Of course, she will take anger on An Ning!

“Come here, help me put on my shoes!” Tang Qian raised one foot and waited for An Ning to come and serve her, but An Ning didn’t move, and such things as wearing shoes are too insulting!

Of course Xiaodong also knew that looking at An Ning, a 16- or 17-year-old girl, she would definitely not be able to bear this kind of anger, so she persuaded: “Sister Hui, let me do this kind of thing, what if she hurts you? .” Saying that, Xiaodong was about to put shoes on Tang Qian, but was kicked away by Tang Qian.
