

# Chapter: 3130

But she did not expect that Princess Minmin was a woman in the deep palace who had been taught by the Three Principles and Five Changs since childhood. The Crown Prince Muna had already rejected her, so Princess Minmin's sentence "You really don't want this princess" has already taken the initiative to end herself. All the ignorance, since then, the prince of the empire has only hatred for the country and the family, but not the slightest love for his sons and daughters!

Minmin stopped the performance, and seemed to return to the girl in the mountains who had no characteristics, and her original sharp eyes also restrained her own light.

On the jury's seat, Minmin saw that there was one more middle-aged aunt, with a small smile on the corner of her mouth.

Not surprisingly, that should be the author of the original novel. Looking at the performance of the other party, An Ning knew that he would be considered a success.

An Ning waited there, the director and producer discussed with several investors, and after a while, the investment talent turned to An Ning.

"An Ning, right? Introduce yourself, what works do you have?" asked a mature investor.

An Ning knew the meaning of the words. For a TV series to be successful, it was definitely not enough to have acting skills alone, but also to have a reputation, which is easy to understand.

In the previous life, An Yue was not a powerful actor, and most of the actors she acted were writing youth novels, but almost all of them were able to become popular, that is, the popularity and popularity of idols.

"I'm an artist signed by Shengtianxin, and I don't have any works yet." An Ning did not hide this point, and investors can check it out when they look back. There is nothing to hide.

Because of An Ning's words, the investor's face became stiff. If there is no work, it means that there is no traffic, and it has no effect on the show.

"Miss An, you know that it's a very risky thing to use a newcomer actor. It's a very risky thing to have no topic." The investor is also very direct. If it wasn't for An Ning's audition just now that really impressed the judges, I'm afraid this time it has long since been reduced to waiting for news.

"So, are you sure about my performance?" An Ning immediately grasped the point of the investor's words.

Topic is definitely not a problem for An Ning. When Tang Qian was bullying her everywhere, An Ning thought of someone who would fight back sooner or later.

"The success of a play cannot be based on performance alone."

"If I can create attention, is it the role of Minmin...?"

"That's natural." Director Qin agreed without waiting for the investor to speak. After watching An Ning's performance, Director Qin had already believed in Director Wu Fang's recommendation. In order to save the face of investors, Director Qin could not wait to sign An Ning on the spot.

"Thank you the director, thank you the judges." After An Ning finished speaking, he went out, and behind his ears was the discussion of "newborn calves are not afraid of tigers".

"My good sister, came out in such a hurry?" An Yue was waiting outside the door, just to make fun of her.

An Yue didn't know the reaction of the directors and investors at the moment, and she was still immersed in her own dreams, so seeing An Ning came out after so long, she took it for granted that she was being made difficult.

After An Ning saw An Yue, she was too lazy to talk to her. She heard these words too much, it didn't matter.

There is not much time left for her now, and one day later, the higher the possibility of missing the role of Minmin. An Ning only remembers that in his last life, Yang Qingfeng had a scandal at the end of October this year, and the speculation was raging at that time.

Because he was so drunk, he happened to bump into a girl on the side of the road, and it caused a sensation on the Internet. Later, the girl was picked up as an amateur, and Yang Qingfeng himself came out to explain that it was a misunderstanding, but netizens didn't seem to buy it.

And the amateur girl also opened a Weibo because of this, and later became an Internet celebrity. When An Yue wanted to stir up the scandal, she told Sister Luo about this.
