

# Chapter: 3156

However, when An Ning sees Cheng Hao now, he thinks of the humiliation in his previous life. It is no exaggeration to kill Cheng Hao. How could he go back and help Chen him: “If you want to chase her, what do you want from me? Find her yourself.”

An Ning said quite rudely, and left without looking back after speaking.

Leaving Cheng Hao standing alone, he couldn't figure out why An Ning was so angry with him.

Cheng Hao was just a soy sauce player in the play, and there were not many scenes. On the second day, the two had no rival scenes. After that, An Ning played his normal level.

As a supporting role, she was soon finished. After a period of time, An Ning got along well with the people in the crew, especially with Chi Fang.

“Hey, An Ning, what should I do when you're gone? There are some people in this group who are not easy to mess with... Alas, there is no one to talk to!” When saying this, Chi Fang deliberately gave Lin Yanyan a blank look next to her.

An Ning chuckled: “Be quiet, don't let Zeng Yuan hear you, he will target you later! Have you forgotten when I first came to the crew?”

Chi Fang smiled disdainfully, “Will he dare to give him ten courage?”

That's right, An Ning almost forgot that Chi Fang has a special status in the crew.

Until An Ning left the crew, Lin Keke didn't say anything to An Ning. Maybe it was because of the incident last time. In short, An Ning didn't want to ask more.

After everyone ate the farewell meal, they prepared to leave together. As soon as they reached the door of the hotel, they were blocked by a bright yellow Rolls-Royce that suddenly stopped in front of them, and Lin Keke's face was not very good.

“Director, I have to go first.”

Director Qin apparently also saw the car, but there was no expression on his face, he just nodded, and then Lin Keke got into the car in a hurry. Before getting into the car, he looked back at An Ning.

Director Qin seemed to want to speak on purpose, but after the car drove away, his eyes still stayed where he was just now: “That's how the entertainment industry is.”

Before An Ning could react, Director Qin seemed to be a little drunk. He walked down by himself, and said something in a small voice, but An Ning heard it clearly: “Lin Keke is indeed a good actor, But without the resources, what is that?”

An Ning understood Director Qin's meaning in an instant, and also understood what Lin Keke said to her that day.

It was not the first time that An Ning had seen such a thing, but she did not expect that Lin Keke would be the same.

In An Ning's memory, Lin Keke seems to be the same person as herself. They have a kind of obsession with acting, and Lin Keke has just made his debut, and he has won almost all the domestic awards. An Ning did not expect that even if That's right, Lin Keke still needs a gold master.

However, An Ning soon understood that no matter how powerful her actor is, it still needs a foundation. Even if Lin Keke is popular now, she will only be replaced by a young newcomer in a few years.

Moreover, Lin Keke's image has already fixed her acting path, and if she wants to break through again, I'm afraid it will be difficult. Even for this role, I'm afraid the man in the car just now helped.

However, Director Qin only told An Ning to listen to these words. After An Ning heard it, he chose to forget it immediately.

Early the next morning, An Ning went out to leave the crew, but Chi Fang was already waiting at her door.

“Let's go, I'll see you off.” It seemed that he was really reluctant to leave in peace. Chi Fang wore a peaked cap, but he felt a bit ruffian.

An Ning didn't refuse. What Chi Fang wanted to do and what she didn't want to do was written on her face. It seemed that she really regarded herself as a friend.

“See you later.” An Ning said when parting, hugging Chi Fang.

In her last life, she had no friends, and in this life, she will never again.

As soon as she got home, An Ning's buttocks were still hot, and she was disturbed by the constantly vibrating mobile phone in her pocket. She quickly picked up the phone, and when she saw it, it was actually a call from Xiaodong.
