

Chapter: 3158

Tang Qian rudely rummaged through the drawer, her face was anxious and flustered, but her eyes showed coldness.

An Ning looked in his eyes and knew that things shouldn't be easy.

Xiaodong ran to Tang Qian and asked her eagerly, "Sister Hui, what are you looking for? I'll help you."

"My necklace! My favorite one is missing! That necklace is worth three million, and even if you sell it, you can't afford it! Hurry up and find it!"

At this time, Yang Qingfeng was also attracted by the noise. When Tang Qian saw him, she quickly jumped into his arms and cried, "What should I do, Qingfeng, my necklace is missing! That's my favorite thing!"

Yang Qingfeng patted Tang Qian on the back and comforted her: "It's alright, look for it, you won't lose it."

Everyone searched for it for a long time, but found nothing. It was finally confirmed that the necklace was indeed lost.

Tang Qian crawled into Yang Qingfeng's arms and cried, An Ning saw it in her eyes, and she knew in her heart that this was probably what she directed and acted in order to have a close contact with Yang Qingfeng!

Xiaodong seemed to suddenly think of something, she hesitated for a long time, but she still said: "The jewelry box seems to be arranged by An Ning."

Although he didn't want to say it out loud, Xiaodong chose to believe in An Ning's behavior, and said it with a big name.

Everyone looked at An Ning suspiciously, thinking that An Ning, a mountain person, must have never seen such beautiful jewelry, so they stole it.

And An Ning instantly understood Tang Qian's "good intentions", but calmly took out her trousers bag and signaled to everyone: "I did arrange the jewelry box, but I didn't move anything"

However, Tang Qian was unrelenting, crying and shouting: "More than three million things... I ask for a body search!"

"How about it, I said I didn't take it."

"Heh." Tang Qian sneered, staring at An Ning's disgusting face, her lips like blades: "It's too early to say, who knows if you are hiding in a more private place and stripping naked, if you still don't to prove your innocence."

An Ning, who had always looked calm, her face was instantly blue, she gritted her teeth and clenched her hands into fists, Tang Qian didn't want to frame her at all, she wanted to embarrass her and humiliate her in a more extreme way!

"Impossible." An Ning's icy eyes were not angry at all, but Tang Qian's sarcastic gaze turned into a biting chill as soon as she landed on it.

She frowned and stared at An Ning in front of her, and laughed bitterly: "Why, you stole my things, and you show me your face? Before you stole my cosmetics and other small things, it's fine, this time, You've gone too far, and I have to teach you a lesson."

When everyone present heard Tang Qian's words, they were all a little unbelievable. Those who knew Tang Qian knew her temperament, and stealing her things was really the courage to borrow from the Lord of Hell!

Could it be that this An Ning is the reincarnation of Lord Yama, with such courage?

The noisy discussions around came into An Ning's ears, she stared at Tang Qian in front of her, and sneered, she would definitely not take off this dress, anyway, she had offended Tang Qian enough, and she didn't mind being more thorough.

Thinking of this, An Ning took a few steps closer, and was about to deliberately pretend to fall and tear off her dress that couldn't be lower, and come to a strip show for her, but unexpectedly, Yang Qingfeng suddenly stood up beside her.

"Sister Qianqian, there is no need for this."

The steady and powerful voice made Tang Qian's heart tremble. She turned her head, and she was more dissatisfied than throbbing: "She deliberately dragged you to hype and steal my things, you want to speak for such a despicable person?"

He had never heard Tang Qian talk to him like this, and Yang Qingfeng was a little disappointed for a moment, he frowned slightly, a little sullen: "You have no evidence to say that she stole something, let alone, using such a confrontation method, too I don't see myself lowering my style."

Tang Qian was stunned for a moment, her heart trembled, and she felt that her temper seemed to be overdone. She planned to embarrass An Ning, but in the end, the embarrassment seemed to be herself?
