

# Chapter: 3260

An Tianxiang hooked his lips, his eyes moved to the screen again, his expression was calm, but a smile appeared in his eyes: “I can see that you are very confident, although you deliberately approached me at first, but you didn’t look for me. I’ve helped, and that’s probably one of the reasons why I trust you more.”

Thinking of that time, Yang Ning still felt a little uneasy in her heart, but it was all over, she shook her head and smiled helplessly.

“It’s useless to rely on others. In this circle, if you don’t get the recognition of others, then once the gold master falls, there will be nothing left.”

Hearing Yang Ning’s opinion, An Tianxiang nodded with approval. It seems that his women are far superior to most women in this circle in terms of independence.

“Mr. An, here we are.”

The driver reminded the two of them, Yang Ning glanced out the window and found that she had indeed arrived at the downstairs of her own house. She said hello and was about to get out of the car, but An Tianxiang suddenly grabbed her and watched quietly. Yang Ning covered her face tightly, and there was a bottomless emotion in her amber eyes.

“Yang Ning, stay away from Yang Qingfeng.”

As soon as this sentence came out, Yang Ning was obviously stunned, she frowned slightly, and her heart suddenly became a little dull.

“I can’t promise you this matter quickly, I don’t want to lie to you.”

Hearing this, An Tianxiang was obviously displeased, he clenched Yang Ning’s arm, his mind sank, and said, “You still want to communicate with him, with two boats?”

Two boats on foot?

Yang Ning was stunned for a moment, she blinked, and anger suddenly rose in her heart. It turned out that in his heart, he was such a person?

She couldn’t help but tut, her tone was rather irritable: “I didn’t step on a boat, Yang Qingfeng saved me, I won’t be an ungrateful person, not to mention, he never said he liked me.”

“He said he doesn’t like you, but he really doesn’t like you?” An Tianxiang was aggressive, his eyes became more and more cold, and he didn’t mean to spare Yang Ning at all.

Looking up at An Tianxiang, Yang Ning’s heart was dull, as if something weighing tens of millions of kilograms lingered in his heart.

Indeed, she couldn’t deny that Yang Qingfeng didn’t like her, and even thinking about it carefully, he should have a good impression of her.

However, Yang Ning himself had already placed the feelings given by Yang Qingfeng below his kindness. For her, he wanted to be a friend rather than a lover.

Could it be that An Tianxiang has not been able to see who she really cares about at this moment?

“Not really, but I don’t like him. Besides, I don’t want to think about this kind of problem at all, and you are looking for something with me now.”

The complaints in Yang Ning’s mouth were clear at a glance, An Tianxiang frowned, his tense face relaxed a little, but the suspicion in his eyes remained undiminished.

He sank the light in his pupils, and the ice floes in his eyes were still wandering: “Okay, even if I don’t ask you about this, I still want to ask you, what are your plans next?”

An Tianxiang deliberately asked these questions, which made Yang Ning’s mood sank.

She knew that as long as she had arranged her schedule, An Tianxiang would definitely schedule her and Yang Qingfeng’s schedule completely, so as not to allow any work overlap between the two.

He could actually let a big boss schedule a star for himself. Thinking about it this way, Yang Ning didn’t know whether to be happy or worried.

After all, she never intended to involve Yang Qingfeng and her own affairs with others.

Although Yang Ning was reluctant to say it in her heart, she knew that she would definitely not be able to overcome An Tianxiang’s stubbornness. She sighed and looked elsewhere.

“I don’t have any plans to participate in TV dramas, so I will first participate in a variety show “Run, Star” to stabilize its popularity.”

Hearing this, An Tianxiang stared deeply at the woman in front of him, and gradually let go of his hand, his expression became dull.

He opened his mouth and replied, “Okay, I know, if you have anything, please contact me again.”
