

# Chapter: 3276

She was a little lost, hesitated, and thought for a while, and finally pressed the answer button: “Hello, who are you?”

“It’s me, Cheng Hao.”

Hearing this name, Yang Ning instinctively felt disgust in her heart. She didn’t bother to give him any face, and wanted to hang up his phone directly.

However, just when she was going to do this, Cheng Hao seemed to know, and hurriedly stopped her: “Yang Ning, don’t hang up, I saw your program group at the airport just now, so I called you, Thinking of having a meal together.”

Did you see it at the airport?

Yang Ning was obviously not convinced by this statement. She raised her brows and said in a low voice, “Do you think I will believe your words? You called anyway, so I might as well tell you that Yang Yue is also in Las Vegas. , go make an appointment with her, and don’t call me Yang Ning, I’m not familiar with you.”

Rolling her eyes, Yang Ning felt disgusted in her heart. She didn’t want to deal with Cheng Hao for the time being. Unlike Yang Yue, this man was a piece of rotten dead wood, which was easier to break than Yang Yue.

“I... I’m not here to find her now. I want to see you, can’t I really, Yang Ning?”

It’s a bit strange, Yang Ning frowned, feeling that Cheng Hao was not moved when he heard Yang Yue today, it didn’t look like him at all.

Could it be that it was really his charm that convinced him that he had to pester him?

Thinking of this, even Yang Ning felt a little funny, she laughed out loud, making Cheng Hao on the other end of the phone a little confused.

“Yang Ning, why did you suddenly laugh?”

“Nothing, nothing.”

Yang Ning restrained his emotions, laughed at himself, and put his emotions back on Cheng Hao.

No matter how she thinks, she doesn’t feel that she has a greater charm than Yang Yue to attract him, so the only remaining possibility is that he has other plans.

Thinking of this, Yang Ning couldn’t help but sank his face, obviously he hadn’t thought about doing something to this man, but he couldn’t wait to send it to the door.

Well, since others are willing, she just pushes the boat along the way.

“Have you thought about the location of the restaurant? Send it to me when you think it is.”

Yang Ning’s attitude changed suddenly, which made Cheng Hao speechless for a while. He paused for a moment and replied quickly, “Okay, I’ll send you the address right away.”

After making an appointment with Cheng Hao, Yang Ning glanced at the text message address he sent, and got up to change clothes and go out.

After a while, Yang Ning stood in the restaurant that he had made an appointment with. It was the afternoon, and there were not many people inside. Judging from the exquisite decoration around, it was indeed a high-end restaurant.

There is actually still a long way to go before the appointment time between the two, but Yang Ning arrived here ahead of time because she wanted to see what Cheng Hao, who was waiting for her alone, was like. The only person who has to wait here is Cheng Hao.

Sitting at another table ahead of time, eating western food and drinking red wine, Yang Ning felt very comfortable. At this moment, the doorbell rang and an Asian face came in. She looked back subconsciously, and then turned her head quickly. .

It was Cheng Hao who came.

Yang Ning was sitting behind the seat he had reserved. The two sat back to back like this. Cheng Hao didn’t realize that behind him was the person he was waiting for.

Half an hour later, Yang Ning had almost eaten, and had no plans to meet Cheng Hao at all. He was about to leave when he heard a call from him.

“Hey, um... She hasn’t come yet, that ugly woman has made me wait for half an hour... Don’t worry, I’m all ready, I’ll definitely get her bed photo so that she can’t turn over.”

Cheng Hao’s words were passed into Yang Ning’s ears without a word. She clenched her fists tightly, her expression was cold, the storm in her eyes had already swept all the emotions, and she could only desperately suppress what was about to burst out in her heart. anger.

The man behind seemed to have finally finished the phone call, Yang Ning stood up suddenly, the loud friction between the chair and the ground made Cheng Hao turn his head, and at this time, Yang Ning was already standing behind him.
