

Chapter: 3290

“You should know, I don’t like to ask you for help, I should pay Yang Qingfeng’s kindness to me, and even if I call you, you can only punish President Wang, but those outside public opinions It will hurt him in the end.”

Yang Ning’s words were really selfless, An Tianxiang’s heart was suddenly cold, he let go of his hand, and the anger and anxiety in his eyes seemed to disappear in an instant.

The atmosphere in the car was silent and calm, and it suddenly returned to the time when the two first met. Unfamiliarity and alienation surrounded An Tianxiang. The shallow sneer on his mouth was like a knife, which cut Yang Ning’s heart. pain.

“Very well, the public opinion from the outside world will hurt him, so have you considered that it will hurt me?”

An Tianxiang’s eyes were calm, but the trembling in his tone could not be concealed.

Yang Ning’s face suddenly changed, her mind was messy, guilt and self-blame all came to her mind, she had to admit that this time she was too selfish and reckless.

An Tianxiang, who has always been tough to others, showed uncontrollable grievances. This time, he really thought of her too strong.

Yang Ning clenched her fists, the sadness in her eyes was like fog, and the wetness enveloped the hearts of the two of them. She bit her lips and said, “I’m sorry, this time I unilaterally sacrificed you...”

An Tianxiang raised his bowed head slightly, laughed self-deprecatingly, and asked sarcastically, “Are you finally willing to admit it?”

“Ok.....”

Seeing that she was finally willing to bow her head to admit her mistake, An Tianxiang couldn’t help laughing sarcastically, his stiff expression did not ease in any way, he raised his eyebrows, his eyes were covered with dark clouds, and no light could pass through.

“Since you have admitted it, I will take over the matter of Yang Qingfeng. Don’t worry about it. I will tell those people whose woman you are.”

An Tianxiang’s tough and unshakable attitude frightened Yang Ning for a while, her eyes widened in shock, she quickly grabbed his sleeve, and refused in a hurried tone: “No, this matter has already begun to get better. The direction has developed, wouldn’t it be an accident if you intervene more, I didn’t think carefully about this matter, and I have no opinion on what you asked me to do, except for your thoughts just now.”

With a light tut, An Tianxiang’s expression was obviously very dissatisfied. He glanced at Yang Ning, who took the initiative to approach him. His cheeks were rosy and tender, and his moist red lips were about to touch his own face. His eyes darkened, and his heart rose again. another idea.

Immediately, he said: “Since you don’t want me to intervene, you can, unless you promise me to move in with me.”

These words were like thunder, so shocked that Yang Ning could not say a word, she stared at An Tianxiang dumbly, her mind blank.

“No...isn’t it?”

Facing Yang Ning’s surprise, An Tianxiang obviously didn’t buy it. He raised his eyebrows and said, “What’s wrong? Since you don’t want to belong to me in name, at least I want to get your people.”

Yang Ning was still a little awake from his request, she blinked, obviously not understanding the situation.

“Wait, do you want me to move directly to your house for a long stay?”

“Don’t ask me to answer your repeated questions.” An Tianxiang glanced down at her, his expression was not good, obviously he had not recovered from the anger just now: “Go to your house immediately and move everything over, or we go buy it.”

An Tianxiang’s tone was straightforward, and he had already made a decision for her in an instant. Yang Ning was guilty and could not resist.

There was panic in her eyes, but she could only pretend to be calm. From the bottom of her heart, she was not ready for this at all.

“Don’t take the things, go directly to your house.”

After a long silence, Yang Ning nodded and reluctantly agreed.

However, she only regarded it as a plan to slow down the army. An Tianxiang is so busy, and he is often filming, so he may not be able to meet several times in the same room. As for those things, put them on Xiaodong’s side, and he can go back at any time.
