

Chapter: 3310

Yang Ning's eyes lit up, he immediately lowered his face, and threw his clothes in front of Tang Qian and the shopping guide indifferently, with a proud expression: "You guys are really good at pushing three, resisting four, since there are such non-big stars in this store, you can't enter. The rules, why don't you stick it directly at the door, I think you only have this kind of arrogance!"

Her voice was so loud that the man who had just entered the door heard one clearly, and he walked over with one hand in his pocket and frowned.

"What happened, so noisy?"

The man took a closer look, only to find that the two ladies who had been facing the door were Yang Ning and Tang Qian. He was slightly startled, and hurriedly took a step towards Yang Ning.

"Miss Yang, you have arrived, what happened here?"

A piece of clothing that was about to be crumpled was lying on the clean tiles, the shopping guide shrugged his shoulders tightly, his face was anxious, and there was even a cold sweat on his forehead. Look at the expressions of Tang Qian and Yang Ning, There must have been a quarrel here just now.

Combined with the words he had just heard when he entered the door and the scene, the man quickly analyzed the situation and gave the shopping guide a cold look.

"It must be the service of our store that made the two of you unhappy. I will deal with her immediately, and the two of you will be free of orders for today's clothes."

Yang Ning snorted lightly, his heart brightened, the other party was Huang Bo, the brand operation director who had asked him to shoot before. Fortunately, he had read his information in advance before he came. Think of using it for such a boring thing.

"I can't afford to buy the clothes in your store, so let's forget about the order, lest people say I stole it!"

The aggressive eyes swept straight at the shopping guide on the side, the other party's body couldn't help shaking, and his eyes didn't dare to raise his eyes.

"I'm sorry, Miss Yang, in fact, I also love watching your show, I..."

The shopping guide wanted to struggle to defend herself, but Huang Bo, who was standing by the side, immediately scolded her: "Don't talk nonsense, even if you are a fan of Miss Yang, even if she forgives you, I will not forgive you lightly and despise customers. , and almost lost the company's filming project, you don't want to do it, right?"

Hearing this, the shopping guide's face turned dark blue, and he looked up at Yang Ning in disbelief, and asked dumbly, "Director, do you want Yang Ning to take pictures of our brand?"

"Is it still you, hurry up to the warehouse and give me some stock!"

Huang Bo was too lazy to continue chatting with the ignorant shopping guide in front of him, and there were two main masters standing beside him, watching him uncertainly.

As soon as the shopping guide left, Tang Qian immediately stiffened her face and pointed at Yang Ning who was standing with her arms crossed: "Huang Bo, I heard it right, you want to make an appointment with this woman?"

Huang Bo restrained his emotions, nodded politely, and smiled: "Yes, this time Miss Yang posted a group of street photos on the Internet that is very fashionable and trendy. The company plans to let her take a similar set of photos. Promote it on Weibo."

Hearing Huang Bo's answer, Tang Qian's face darkened immediately, anger in her heart rushed to her forehead, she stretched out her hand and dragged Yang Ning aside, merging her face with his own.

Because Tang Qian's shoes were too high, Yang Ning was almost lifted by her.

"What are you doing!" Yang Ning struggled hard, but she didn't know where Tang Qian got her strength, so she just shackled her tightly and couldn't move at all.

Tang Qian ignored her, her huge eyes were extremely round and huge, as if she was intimidating Huang Bo in front of her, her crazy expression was extremely terrifying, she didn't look like the innocent female star on the screen in the past. .

"Huang Bo, you can see clearly, who is more beautiful between me and her! Why don't you ask me for your appointment? You have to find this ugly girl who has only acted in one movie! Even if I lose to Yang Yue, I can make sense. Xun, I'm not reconciled to losing to this ugly girl!"
