

# Chapter: 3341

“Damn it.” The more An Tianxiang looked at Yang Ning’s erotic face, the more his heart became hotter. He cursed in a low voice, wanting to go deeper, but his reason was resisting.

At this moment, footsteps suddenly stopped at the door of the box. An Tianxiang’s thoughts suddenly came to his senses. He was tense, he quickly lifted the tablecloth, and dragged Yang Ning to hide under the table next to him.

“What’s wrong?”

Yang Ning still didn’t understand the situation, if it wasn’t for An Tianxiang’s pain in her hand, it would take a while for her to react.

“Shh.” An Tianxiang didn’t answer Yang Ning’s question, instead he used his middle finger to touch his lips and frowned slightly.

Seeing this, Yang Ning also suddenly understood, she quickly fell silent and listened carefully to the footsteps coming from outside the tablecloth.

“Well, don’t be so anxious, what if someone comes in.”

“Haha, if you really come in and see your estrus like this, you will definitely do it with me.”

The voices of a man and a woman were familiar to Yang Ning. Their conversation was so obscene that it made people speechless. She thought that what she had done just now was bold enough, but she didn’t expect someone to be more direct.

“Young poor, hurry up, or you will hurry up.” The female voice urged anxiously, Yang Ning frowned, feeling more and more familiar.

Suddenly, An Tianxiang, who was beside him, seemed to have found something, turned his head and whispered, “It’s Yang Yue.”

This woman had shaken in front of him more than once. Although An Tianxiang couldn’t tell her voice immediately, he still remembered it clearly.

After An Tianxiang’s reminder, Yang Ning suddenly felt that it seemed a bit similar, but the coquettish feeling in her tone was a little different from her at this time.

If this woman outside is really Yang Yue, then who is that man?

Yang Ning took back her thoughts. Obviously, neither of them had any intention of being forced to watch others do this kind of thing. She grabbed An Tianxiang’s hand and moved closer to his ear.

He asked in a low voice, “Let’s get out before they start, shall we?”

The woman outside is Yang Yue, and the man still doesn’t know who it is. She really wants her to appreciate this kind of eroticism, and she will only feel disgusted. What’s more, she and An Tianxiang were also in a lustful moment just now, and they can’t stand this kind of stimulation. .

Seeing that she wanted to go out, An Tianxiang’s eyes showed a playful smile, he smiled, and his rough fingers gently rubbed Yang Ning’s palm.

“Do you want to go? I don’t mean to go, but I don’t think it’s bad after watching this drama.”

His tone was full of ridicule, obviously wanting to embarrass Yang Ning, she gritted her teeth and glared at him recklessly at the bottom of the dark table.

The sharp white eyes obviously did not escape An Tianxiang’s eyes, but both of them knew that this was not the time for revenge.

He let out a low chuckle, his voice very soft: “Okay, I’m just kidding you, if you really take it seriously, let’s go out first.”

Seeing him compromising so quickly made Yang Ning a little bit incredulous, but she was too lazy to ask at this time, she took An Tianxiang’s hand and hurriedly slipped out from under the tablecloth.

The first time he saw the light, what Yang Ning saw was that a man and a woman had already taken off their clothes. The two of them had not seen them yet, and they were stroking each other on their own.

“Don’t do this...you hurry up...”

“What are you urging, little goblin.”

This tone of voice made An Tianxiang think more deeply about Yang Ning, but soon, he tried his best to restrain it.

But you can’t act like a live erotic palace for others here like these two pigs.

After a while, the two stood at the dining table and looked at each other in amazement. They realized that the woman was indeed Yang Yue, and the man who had been facing away from them was actually Cheng Hao!

Yang Ning obviously couldn’t believe it. Yang Yue had already established a close relationship with Cheng Hao, who had been despised before. Could it be that after devoting herself to President Wang, she blew herself up.
