

# Chapter: 4005

“Come!”

“Son, toast Mr. Chu.”

“Mr. Chu became famous at a young age. He is a hero of the world, and he is also a model for your goals to pursue in the future.”

“If you can toast Mr. Chu face to face, you probably only have one chance in your life.”

When the banquet was about to end, the lord of India called his sons and nephews and asked them to toast Ye Fan.

One is to let them get familiar with Ye Fan, and the other is to hope that Ye Fan’s experience can be fierce for his own sons and nephews.

Fight for their Indian royal family, and also come up with one or two characters as awesome as Ye Fan.

“well...”

The faces of the princes of Savoie and Dolly were extremely ugly at this time.

But they didn’t even have the courage to look at Ye Fan. Facing the instructions of the lord, they had to whisper a good word.

Then bite the bullet and go forward to toast Ye Fan.

Ye Fan sat on a high position, his fingers lightly scrubbed the wine glass, and his playful gaze fell on the three self-proclaimed noble princes in front of him.

“Just now, you asked me to apologize.”

“I said, the three of you together are not enough.”

“At that time, you didn’t believe it.”

“Now, are you credible?”

Ye Fan smiled faintly, then raised the glass and touched the three of them slightly.

Then, the lofty pride, drank it all!

The Dolly brothers spread out on the ground on the spot.

Knowing that they had caused a big disaster, they knelt down to Ye Fan, and apologized repeatedly, saying that they had eyes but didn’t know Mount Tai, and that they had offended Mr. Chu and asked Mr. Chu to forgive him.

This scene surprised all the guests present.

The lord of India, who had good intentions to let his son and nephew come up with a familiar face, was even more dumbfounded.

“What... what’s going on here?”

“Say!”

“what happened?”

“You three bastards, did you provoke Mr. Chu?”

The lord of India was in a hurry at that time and said angrily.

Ye Fan was going to leave soon. At this time, he was most afraid of accidents.

If there is another person like Yin Tianwang who does not know how to provoke Ye Fan, it is estimated that Ye Fan will still kill the embryo in India for a month.

“Beasts, what did you do?”

“Don’t tell me soon!”

Dolly’s father stepped forward and kicked his two sons.

The two princes who were majestic and noble just now were lying on the ground, trembling like dogs.

In the end, it was Dolly who told the truth honestly.

After learning the ins and outs, the Indian lord was shocked.

The three titles including King Foluo and Haibu also twitched their faces and felt a little panic in their hearts.

He poked the country lord from behind and asked him to handle it properly.

Otherwise, Ye Fan’s slaughtering of embryos may have wiped out your entire royal family.

They almost died anyway.

The Foluo Palace was demolished by Ye Fan.

Even their titles ended like this. Your royal family is just a group of ordinary people. As long as Ye Fan is willing, he can slap all these people to death.

“Bastard!”

“A bastard with more than enough success.”

“My country, India, will be destroyed by you beasts sooner or later.”

“What are you still doing?”

“Why don’t you go and apologize to Mr. Chu!”

The king was terrified.

Even kicking and kicking, he severely beat his own sons and nephews.

The Dolly brothers are very funny.

He kowtowed and apologized again, begging Ye Fan to forgive.

But Crown Prince Vaasa has a lot of backbone.

Kneel to the death!

“Let me kneel!”

“He doesn’t deserve it!”

Vaasa roared unwillingly.

Snapped!

This time, it was not the Indian lord who shot.

It’s King Flo.

King Foro slapped it out.

Vaasa’s entire jaw was slapped crookedly, and blood was mixed with broken teeth.

Vaasa fainted on the spot.

“Mr. Chu is an unparalleled title, number one in the sky?”

“Could it be that you can be humiliated?”

King Foro snorted angrily.
