

Chapter: 4007

“Ye Fan, you just now, why didn’t you let me explain?”

“If you are misunderstood, can’t you explain to your wife when you go back?”

After the banquet, Ye Fan did not leave in a hurry.

He also needed to say goodbye to Yueyao.

At this time, on the road of the Lin family, Nuoya was accompanying him and asked Ye Fan suspiciously.

In my heart, there is some expectation.

Ye Fan smiled: “Whether I explain it or not, it doesn’t matter to me, it’s nothing more than a more romantic name.”

“But for you, there is always some protection.”

“Of course, there are pros and cons.”

“Mrs. Chu’s name will certainly protect you, but it will also affect your marriage.”

“In the future, if you meet someone you are happy with, you can explain it clearly to him, and you don’t have to worry about me.”

“Noya, you and I met once, but I sincerely hope that you can find your own happiness.”

“Okay, just send it here. I’ll tell Yao’er that I’ll be leaving today.”

“In the future, we are destined to meet again.”

Ye Fan smiled lightly.

Say goodbye to Noah.

Afterwards, he stepped up from the sky and flew directly to Tianshimen.

Here, only Nuoya was left, standing in a daze, looking at Ye Fan, the figure that was drifting away.

“Miss Noah, how are you!”

.....

“Miss Noah is so beautiful today!”

....

“Is there something wrong with Miss Noya?”

“If you can help, just speak up.”

.....

Not long after, the royal palace nobles who came out of the palace passed by, and after seeing Nuoya, they all saluted respectfully.

Before, in the eyes of these big men, there was no place for Noah.

She is a female class, and she is still a fledgling yellow-haired girl. She was lucky enough to become the head of the Vias family. These seniors and dignitaries still look down on her.

She will only think that she is not worthy of virtue, and she will not be able to keep the wealth of the family left by her father.

But now, the gazes of these royal palace nobles looking at Noah have all changed.

“In the past, when they saw me, they were all arrogant. Every time I went up to call my uncle and uncle, they ignored me and turned a blind eye to me.”

“But now, I just stand here and don’t even look at them. These people are rushing towards me, respecting and greeting me in every possible way, and there is no more arrogance and domineering.”

The changes in the crowd, Noah naturally sees it.

But Noah is very clear that the change in the attitude of the other party is not because of himself.

It was because of Ye Fan, because these people regarded her as Ye Fan’s woman!

Madam Chu’s name, the halo and protection it brought her, was so obvious.

Noah enjoys this feeling very much, but she is sober, this feeling is just illusory, not real.

After Ye Fan’s real wife appeared, her fake Mrs. Chu would naturally be exposed to the world.

But Noah, how I hope that this title can be exclusively for herself forever.

“once having seen the best, the rest is not worthwhile looking.”

“Ye Fan, you asked me to find someone I like.”

“But, after meeting you, where do I go to find someone who makes me happier?”

Looking at the direction Ye Fan was leaving, Noah was full of grief, shook her head and sighed.

She knew that apart from Ye Fan, it would be difficult for her to be attracted to others in this life.

Under the Heavenly Master’s door.

Ye Fan appeared here again.

At this time, Yueyao was in the main hall, publicly exhorting the disciples.

These are all newly recruited disciples. As the master of a sect, he should give some speeches.

Ye Fan hid in the crowd and looked at the majestic and noble woman standing at the top.

For some reason, Ye Fan was a little unfamiliar.

He couldn’t imagine that such a gentle girl in front of him had such majesty.

Ye Fan didn’t know which face was Yue Yao’s true face.
