

# Chapter: 4009

“Mr. Chu, the special plane to Yanxia is ready and you can leave at any time.”

Outside the airport, the three of King Foluo were already waiting here.

After learning that Ye Fan was going to let the three of them leave the country together, the three of them asked Ye Fan for an hour's leave, first returned to the Foluo Palace, and arranged the affairs behind them.

Then I went home and brought some personal belongings such as a change of clothes and books.

In the eyes of King Foluo and the others, this trip with Ye Fan was probably a trip.

In that place in the hot summer, Ye Fan can probably push it flat by himself.

Even if Ye Fan really wanted to seek revenge for the Sword Saint and others from the Martial God Temple, there was no need for the three of them to play.

The reason why Ye Fan called the three of them to follow together, King Foluo estimated that it was just to create momentum.

After all, one person kills the Martial God Temple, and one person leads the three titled masters to sweep the Martial God Temple. Obviously, the latter's momentum is more spectacular.

Therefore, King Foluo and the others only complained a few words to Ye Fan's request to let them accompany them, and they did not resist too much.

The Foluo Palace and the Wushen Temple have been fighting for decades. Because of Ye Qingtian, the god of war, their Foluo Palace has always been crushed by the Wushen Temple in Asia.

It's been nearly a hundred years since I've been suffocated, and now when I think of the old guys like Juggernaut and King of Fighters about to be hanged and beaten by their own country's juniors, to be honest, King Foluo and the others are looking forward to it.

Haibu and the others even secretly said in their hearts, it's cool.

The old cubs of the Martial God Temple, you have today too?

Now King Foluo and the others can't wait to see Recoo.

During this period of time, Ye Fan hurriedly harassed them in the country of India, and the martial arts of the country of India was turned upside down. Then, he finally had to go back to Huo Huo Yanxia.

It's no wonder they don't look forward to King Foluo!

However, the joy of these three people did not last for too long, and Ye Fan's next words directly extinguished the excited flames in their hearts!

“Who said going to Yanxia?”

“Ah? If you don't go back to Yan Xia, where are you going? Isn't Mr. Chu's house in Yan Xia?”

Ye Fan smiled: “Home?”

“My generation of warriors, the world is home.”

“Change the route and fly directly to the United States.”

Ye Fan said lightly.

King Foluo and Hebu were stunned.

I suddenly had a bad feeling in my heart.

“America?”

“Mr. Chu, what are you doing in the United States?”

“Want to travel?”

The three King Fu Luo asked in confusion.

Ye Fan shook his head and smiled: “Go to Chumen Mountain and kill people.”

boom!

At that moment, it was like five thunders.

When they heard Ye Fan's last sentence, King Foluo and Haibu were immediately dumbfounded.

King Foluo's old face turned pale, Ba Pei shivered, and Haibu almost collapsed on the ground.

“Go... to Chumen Mountain?”

“Mr. Chu, you must be joking, right?”

“Ha ha...”

“Ha ha ha ha...”

The three of them laughed awkwardly. He was praying a thousand times ten thousand times in his heart, and Ye Fan was joking.

However, Ye Fan smiled: “Joke?”

“If killing is a joke in your eyes, then I should be joking.”

This time, the three King Fu Luo were completely frightened.

“do not..”

“Mr. Chu, we have to calm down.”

“We can't go to die...”

“This life, you finally got it back, why do you need to throw yourself in the net again?”

“At the beginning, your Dragon Temple was so powerful that you were defeated.”

“You are the only one left now, and you will definitely die if you go there.”

“What's more, Truman is much more powerful now than before.”

“Let's not talk about Chu Yuan, who has the power of the gods. In the past few years, his grandson, Chu Tianqi, has improved by leaps and bounds.”

“Even the dragon-headed people were defeated in his hands.”

“Dragon head man, do you know?”

“It is also a mysterious powerhouse that has emerged in recent years.”

“The cultivation base is strong, one person has killed several great masters, and even fought against the two elders of Xuanming for dozens of rounds without losing the wind.”

“It's such a strong man who was severely injured by Chu Tianqi, and he doesn't know his life or death!”
