

Chapter: 4010

“There’s also Tang Yun, the master of Chumen.”

“It is said that she has also broken through the shackles.”

“Tang Yun used to be number one on the Heavenly Ranking, and now it is estimated that he has the strength to surpass the Heavenly Ranking.”

“In the past few years, Truman’s strength has shown a blowout explosion.”

“It’s no longer one person, one country, that can resist.”

“What’s more, Truman must have other cards.”

“Mr. Chu, if you go now, you will not only repeat the same mistakes, but you will only die worse.”

“It is absolutely impossible for you to go to Chumen alone!”

King Foluo and the others had their old faces ashen, and tried to persuade Ye Fan.

Hearing this, Ye Fan didn’t have any mood swings.

He even put it lightly and smiled lightly: “Who said I was lonely, isn’t there still you?”

“I...”

“you...”

King Foluo and Haibu were petrified on the spot, and their entire bodies froze there inch by inch.

Afterwards, the three of them jumped all the way and retreated 100 meters.

“Chu...Mr. Chu, I...we can’t...” King Foluo waved his hands again and again.

“Yes, yes, I... The three of us are old, with old arms and legs, and it’s useless.”

“Going will only hold you back.”

Heib also shook his head and said.

“Are you old?”

“When the three of you hit me before, you were very old and strong.”

“Okay, let’s go.”

“If you follow me, there is still a chance of life.”

“But if you don’t go, I can send you to the Western Heaven to see your ancestors now.”

Ye Fan’s smile is very friendly.

But King Foluo and the others cried directly.

I thought to myself what the hell did I do?

Why are you related to a bastard like Ye Fan?

it’s good now.

Being pulled on this pirate ship, I couldn’t get off even thinking about it.

In desperation, King Foluo and the others had no choice but to drive ducks onto the shelves, cross the Pacific Ocean with Ye Fan, and rush towards Chumen Mountain.

“Mr. Chu, why are you suffering?”

“Is it bad to live?”

....

“that is.”

“You’ve had enough, haven’t we?”

“You want to die, don’t pull us?”

“We are all dead, and there will be no one who will burn paper at the grave in the future.”

.....

“Yeah, just let us go back. We will cheer you on in India. In the future, on your anniversary, the three of us can also go to pay homage to you.”

On the way, the three King Fuluo were crying and trying to persuade Ye Fan.

Ye Fan was unmoved and turned a deaf ear.

At this time, his eyes had already fallen into the distance.

A place that is both unfamiliar and familiar.

three years.

It’s been almost three years.

Back then, he followed this line and defeated Yan Xia.

Now, he is back on the road of the past!

It’s just that the old friends who used to be around are now gone.

Ten years of planning, sparks ignite a prairie fire.

The current Ye Fan is the only remaining spark.

This battle should be the last battle.

In the past few years, Ye Fan has imagined today’s scene countless times.

He thought that he would be full of emotions, high-spirited, and angry.

However, when he really embarked on the upcoming battle of fate, Ye Fan’s heart was surprisingly calm.

Calm, like the vast sea beneath your feet.

The azure blue lake has no waves.

A few hours later, in the airspace of the west coast of the United States, an undocumented aircraft entered the airspace of the United States.

The air traffic control department called many times to no avail.

Ultimately, it was decided to shoot it down on the spot.

With a blast of anti-aircraft missiles, the invading plane exploded into flames in the air.

Just when the air traffic control department dispatched personnel to investigate on the spot, no one noticed that several figures had already landed on the west coast of the United States.

“Chumen, I, Chu Tianfan, are here again.”

The man was dressed in black, standing proudly under the sky, looking at the mountain at the end of the sky.

The corners of his lips opened slightly, and a faint laughter, wrapped in an endless chill, sounded slowly.

All the grievances and entanglements, just this time, be a complete end.
