

Chapter: 928

Unconsciously, three days passed quietly.

Today is the day of the Bai family banquet.

In particular, many high-ranking figures in Dangjiang City, after knowing that Bai Chen, a direct descendant of the Jiangnan Bai family, one of the four most reclusive giants, personally visited.

boom!

The whole Jiang City was completely exploded.

A celebrity big brother, come to congratulate.

The parking lot in front of Bai's house was densely packed with all kinds of luxury cars.

What's especially frightening is that in order to get a relationship with Bai Chen, every big man took out the precious gifts under his box, and in almost a short time, he built a mountain of gifts in Bai's family.

A dazzling array of everything.

But both are extremely precious.

It can be said that today's Bai family is definitely the most beautiful in so many years.

After all, it was Bai Chen, the son of one of the four hidden giants, who came to visit. This kind of influence was not inferior to the top tycoons in Jiangnan.

Creak!

When the Lin Fan family had just stopped the Mercedes-Benz car, they suddenly saw Bai Yan with a group of Bai family children, and they surrounded them.

"You can't stop here!"

Bai Yan stepped forward and shouted directly to Lin Fan:

"This is the VIP parking space, Lin Fan, are you getting water in your head? You are just a rubbish expelled by our Bai family. , There is no right to stop here!"

Bai Yan's attitude was extremely bad.

After hearing this, both Baishan and Baiyi looked pale.

They were expelled from the Bai family, but their body was bleeding from the Bai family's blood.

And now!

Even the parking was driven away, which is simply the biggest humiliation to them.

just!

What surprised the Baiyi family was that Lin Fan was not at all angry at this moment, but nodded with a smile:

"Okay! Then I will drive away now!"

"Parents, wife, get out of the car first, and I will stop. Good car, I will come to you!"

Huh?

Lin Fan's words not only stunned Bai Yi's family, but even stunned Bai Yan and the others.

They knew that Lin Fan was extremely arrogant and violent, especially breaking someone else's leg when he said something wrong.

And now, he actually... agreed?

"Huh! Waste is really waste! I thought you were really amazing!"

Bai Yan sneered, and at the moment he didn't bother to talk to Lin Fan and others, and went straight away.

But Bai Yi asked Lin Fan with a worried face: "Lin Fan, you... are you sure you are okay?" I don't know why.

The more Lin Fan is so gentle and bullying, the more she feels horrified, as if under this gentle appearance, there is a terrifying soul capable of destroying the world.

"Wife, it's okay, we came today just to watch the show, and took the Bai family by the way!"

"That's it!"

Lin Fan's words with a smile made the Bai Yi family completely bewildered.

Watching a play?

Take the Bai's house?

That's it?

Nima, the Bai family is about to become a behemoth in Jiangshi now, especially with the support of the Jiangnan Bai family, soaring into the sky is almost a certainty.

The Bai Yi family couldn't understand why Lin Fan had such a great confidence.
