

# Chapter: 932

“Lin Fan, why are you so impulsive! Your words completely angered Bai Chen and the old man! They are likely to be against you!”

“Yes, Xiao Fan, you are too impulsive, what should I do now? They want to kill you, then the consequences...”

“...” The Baiyi family was anxious at the moment like ants on a hot pot.

That’s it!

They could clearly sense the murderous intentions of those people, that is to say, today Lin Fan is very likely to be doomed.

However, what surprised Bai Yi’s family of three was that Lin Fan didn’t seem to know that he had caused a disaster.

He touched his nose and said with a smile:

“Parents, wives, don’t worry, just wait for the official seal and collect the property!”

What?

Hearing this, the three of Bai Yi’s family were shocked.

Take the official seal?

Resuming industry?

This guy is still dreaming, thinking that he can annex the Bai Group?

This is simply unreasonable.

For a moment, all three of Bai Yi’s family were silent. They couldn’t listen to Lin Fan’s words at all, but were anxiously thinking of ways to help Lin Fan get out.

And on the side.

Those guests in the courtyard also heard Lin Fan’s words.

However, this only added to the jokes in everyone’s mouths.

“Hahaha... have you heard that? This kid doesn’t know that he has caused a big disaster now, but he is still dreaming of taking the official seal and reaping the property?”

“Humph! It’s an idiot. He really thought he could annex the Bai Group.” What a dream!”

“Yes, you didn’t see Young Master Bai Chen and the old lady, they all murdered him, he...it’s over!”

“...” The guests were noisy.

Almost everyone thought that Lin Fan was completely finished this time, and it was impossible to get out of the Bai family alive.

And just when everyone was talking about it the hottest.

The old lady Bai stood up from the main seat and waved to everyone.

moment! Mobile phone: The entire courtyard quickly calmed down, one after another, looking towards the theme.

“Thank you all, for coming to my Bai family dinner!”

“Today, in addition to welcoming the arrival of Master Bai Chen, we also have a heavyweight guest, who is coming soon!”

Old Madam Bai’s voice was calm and powerful.

And hearing this, the people below boiled again.

Heavyweight guest?

Everyone couldn’t imagine, besides Young Master Bai Chen, there would be any other guests who made Grandpa Bai attach so much importance and announced in public.

Seems to see everyone’s doubts!

Mrs. Bai continued to smile and said:

“This distinguished guest has been famous in our Jiangnan for decades and saved countless people. He is called the living Hua Tuo!”

Boom!

As soon as these words came out, all the guests in the courtyard completely exploded.

Living Huatuo!

That is naturally... the genius doctor Zhang Tianyi.

No one thought that this banquet even invited the genius doctor Zhang, which is simply too exciting.

But this is more than that.

Mrs. Bai continued to say with excitement:

“The reason why I was able to invite Master Bai Chen today is entirely because of Master Bai Chen. He will represent the Jiangnan Bai family and invite Master Zhang to help the mistress Bai’s treatment!”

“In addition, except for Master Zhang. In addition, the Jiangnan Bai family also plans to invite the master doctor Lin, the master doctor Zhang, to go with him!”
