

# Chapter: 939

Heard this!

Bai San was slightly relieved now.

Right now he waved his hand:

“Go! Third floor!”

Finished!

The three of them flashed like three bolts of lightning, and suddenly rushed upstairs.

Almost a short period of effort.

The three have arrived at the door of an office on the third floor.

The corridor was also empty, without a single figure appearing.

But from the office, there was a bright, faint light, which was reflected, and accompanied by the light, there was also a melodious music.

Bang!

Bai San kicked out and threw it fiercely on the office door.

Suddenly, the door of the room burst open like a paper.

The scene in the office appeared in front of everyone.

This office is very elegantly furnished.

The lights are dim!

There was a record player in the corner, and the melodious rhythm sound floated from the record player.

In addition to this!

At a glance, Bai San and the others saw that in front of the bay window, there was a rocking chair and a beautiful figure in a flaming red dress sitting on the rocking chair, swaying leisurely, tasting wine.

“Are you here?”

Blood Rose didn’t look back at all, but took a sip of the red wine and said lightly.

Ok?

Heard this.

Baisan’s eyelids twitched slightly, and asked curiously:

“Do you know we will come?”

“That’s natural!”

Blood Rose said softly, tapping the ground with his red high heels.

The entire rocking chair turned suddenly.

Her coquettish face and charming figure appeared in front of Bai San and the others: “White angels, three groups of Bai San!”

“From the moment you set foot on the land of Jiang City, everything about you is there. Under the control of my king!” The corner of Blood Rose’s mouth was slightly raised, and the smile was beautiful and mysterious.

just!

My king?

Hearing these two words, Bai San’s brows instantly frowned.

He doesn’t even know, who is the “king of mine” mentioned by the blood rose?

“Then what?”

Bai San stared at the blood rose, the ferocity and cruelty in his eyes could not be concealed:

“Even if you have mastered our whereabouts, what about it! Do you think that with your rivers? Can the strength of the city ants stop our three masters?”

After saying this!

The bodies of Baisan and three trembled, and suddenly, a horrible aura spread from their bodies.

Overwhelming, sweeping the entire office room.

terror!

powerful!

With the three masters working together, this kind of aura is enough to scare people.

However, just a touch of blood rose and shook his head:

“! You are wrong.”

“I just want to tell you, those who have been eyeing the king of my people, and only . . . . . dead!”

Said!

The corner of Blood Rose’s mouth twitched:

“In addition, I am not your opponent!”

“Because of your opponent, there is someone else! ” What!

In a word, the expressions of Bai San and the others changed slightly.

However, before they waited for their inquiry, the three of them heard the sound of a gentle footstep slowly coming from the dark place at the end of the corridor.
