go?

Xu Tianlong heard this, but he still did not raise his head. While signing his name on the contract, he said without raising his head:

“I haven’t finished my work yet! I’m not leaving!”

What ?

Hearing this, the three white angels were taken aback. They didn’t expect that this guy was such a workaholic. Mobile terminal:

Death is approaching, but still thinking about work?

“Xu Tianlong, you don’t pretend to be garlic. Do you know who we are? Do you know what we do?” The three white angels looked at Xu Tianlong, as if looking at a dead person, with gloom and coldness.

It just made them even more shocked.

Xu Tianlong nodded seriously:

“I know, you are under the Bai family of Jiangnan——white angels!”

“You are murderers!”

Huh?

The three white angels were taken aback for a moment, but they didn’t expect Xu Tianlong to reveal the identity of the three of them.

What surprised them even more was that this guy could be so calm after he revealed his identity, which is simply incredible.

“Huh! Idiot, since you know we are murderers, don’t you follow us obediently!” “Do you want to die?”

Qiang Qiang!

Having said this, the three white angels drew the long knives from their waists together.

The cold light flashes, and the murderousness overflows.

just!

Xu Tianlong, who was immersed in signing, didn’t care about their murderous intent at all. Instead, he pointed his finger at a corner of the office and said lightly:

“You can kill me if you want, just ask him first!”

What!

The three white angels were taken aback for a moment, and they hurriedly looked in the direction of Xu Tianlong’s fingers.

Only then did I find in amazement that there was a sofa in the corner of the wall.

And a thin figure has been sitting quietly on the sofa.

There is no sound!

Like a ghost.

boom!

This scene made the scalps of the three white angels numb.

There was another person in the room, and they didn’t even notice it.

This was an extremely incredible thing.

However, what was even more incredible was when the three of them saw the face of the figure.

They were completely dumbfounded.

Because of that person, even if the three of them turned to ashes, they couldn’t forget.

He is a blood wolf!

Killing one of his own companions scared himself into the horror of the three white groups fleeing...Blood wolf!

“Why... how could it be you?” The three white angels shuddered together, only feeling that they had fallen into the ice cellar, frightening them and panicking them.

And after hearing this.

The Blood Wolf turned his head and looked at them. On that delicate little face, a playful smile appeared:

“Naturally it is me, I am here, waiting... to take your first level!” The words fell!

Huh!

The blood wolf suddenly flashed, like a phantom, appeared in front of the three white angels.

A wave of the hand knife!

Puff puff!

Three heads, with deep consternation and disbelief, fell from above the neck!

Gululu!

Rolling to the ground.

This scene happened so fast that the three white angels were almost there, and they didn’t even have a chance to shoot, they were already heads down.

Smelling the blood in the air, Xu Tianlong couldn’t help shook his head and smiled faintly:

“The sad Bai family, the poor angel!”

Finished!

He didn’t even take a second look at the three heads, and continued to deal with his work.
