

Chapter: 955

“I...I know what to do!”

Bai Chen gritted his teeth and said this sentence.

And heard this.

Grandpa Bai and the others were relieved one by one.

They didn't care if Bai San and others died or not.

What they care about is whether the new Baishi can be annexed, and whether Lin Fan will die.

Thought of this!

There was a strong excitement on the face of the old lady Bai Chen, and he asked Bai Chen:

“Master Bai Chen, then what do you plan to do with this kid?” They all looked at Bai Chen expectantly. Already from Bai Chen's almost green face, I could see Lin Fan's miserable end.

And next to it!

Bai Yi, Bai Shan and others, their hearts were beating wildly, and they quickly protected Lin Fan behind him, their expressions becoming extremely nervous.

How to deal with it?

The corner of Bai Chen's mouth twitched slightly.

He secretly glanced at Lin Fan's smile, and then bit his head and said:

“I decided...”

“Jiangnan Bai's family has always given up annexing the New Bai's Group, and will take the Baijia industry in Jiangshi, all Give it to...New Bai's for free!”

What...what?

When Bai Chen's words fell.

The excited smiles on the faces of all the Bai family members, such as Grand Master Bai, completely froze.

Each of them opened their eyes wide and looked at Bai Chen incredulously, almost suspecting that they had auditory hallucinations.

“Bai...Master Bai Chen, are you wrong?”

“You just said that you want to give the Bai family's property to... the new Bai family for free?” The old lady Bai was completely stunned at this moment.

He looked at Bai Chen as if looking at a fool.

More than him!

The uncle Bai Hai, Er Ye Bai Chuan and others next to them all felt that they had auditory hallucinations?

They are clearly planning to annex New Baishi?

Only half an hour!

Not only gave up the annexation, but gave the Bai Group as a gift instead?

This is not something a madman does, it is definitely something a fool can do.

however!

“Old thing, you heard me right!”

Bai Chen's gaze turned, and he stared at the old man full of resentment:

“Because all of this is done by your Bai family! If it weren't for you to instigate the divorce, I'm Bai Chen. How come you come to a small place like Jiang City!”

“If it weren't for your Bai family's wolf ambition here, and my white three groups, how could the whole army be wiped out!”

“I tell you, now I am ready to transfer the contract, and I order you to transfer the Bai family. The group will be transferred to the Xinbai Group for free, otherwise, your whole clan will not stay with you!!!”

Boom!

Bai Chen's words were filled with endless murderous opportunities.

After the words were uttered, all the Bai family headed by Mrs. Bai were immediately taken into the ice pit, completely stunned.

That's it!

All this turned out to be true!

Unwilling!

anger!

A variety of complex emotions filled the hearts of almost every Bai family, but no one dared to refute anything.

Because they could see that Bai Chen was almost crazy.

He seemed to have received a huge stimulus. If the Bai family really didn't transfer these properties and waited for their fate, as Bai Chen said, the whole clan would be wiped out and the dogs and chickens would not stay.
