Upon hearing this word from the housekeeper Zhang Lao, all the Yang family members in the hall trembled.

Rolls-Royce and military vehicles parked in front of Yang's house?

That is to say, that big man brought these sergeants and came straight to his Yang family?

Wow!

Thought of this.

Patriarch Yang Tianhao only felt his hands and feet trembling, and asked in a trembling voice:

“Lao Zhang, have you seen clearly, who are sitting in the car?”

At this moment, in Yang Tianhao and all the Yang family In his heart, the most curious thing is whether the visitor is a friend or an enemy!

If it is a friend or acquaintance!

That means their Yang family's opportunity has come.

But if it is the enemy, this kind of battle, then their Yang family is afraid that it will be in catastrophe.

Swish!

At this moment, all eyes were focused on the butler Zhang Lao, and all the Yang family members only felt that their hearts were beating violently, and they were extremely nervous.

Feel the eyes of everyone, housekeeper Zhanglao can only bite the bullet and said:

“Master, I vaguely saw inside those Rolls Royce, sitting seems to be the richest man in Mayon, eight chaebol those people!”

Ah ?

The richest man Ma Yong!

Eight chaebols?

Hearing this, Patriarch Yang Tianhao and all the senior members of the Yang family breathed a sigh of relief.

Although Ma Yong and others, they are also considered to be great figures in Jiangnan City.

But their Yang family is not afraid at all.

just!

When the Yang family's mentality just relaxed, the butler continued to hesitate and said:

“In addition, I noticed that in the second Rolls-Royce, the person sitting in the second Rolls-Royce seemed to be Liu Zhen. And several giants in the province! ”

What!

The words of the housekeeper caused Yang Tianhao and others to relax their mentality, suddenly tense.

Liu Zhen, number one!

Giants in the province! Mobile phone:

Hearing these characters, Yang Tianhao and everyone else just felt his heart beat faster again, causing them to sweat in their palms one by one.

However, this still does not stop.

The butler frowned tightly, as if thinking of the characters in the first Rolls-Royce.

Until he seemed to think of something.

The whole person's body trembled fiercely, and a pair of eyes suddenly went round, as if thinking of something incredible:

“Yes... by the way! I remember it!”

“Patriarch, that first car There are a total of three people sitting in Srisri! Among them are two brawny men in military uniforms, I know who they are!”

“I met them in a military news, and they are two members of the Second Dragon and Tiger Division. Gods of War-Dragon Commander and Tiger Commander!!!”

Boom!

A word from the housekeeper Zhang Lao made Yang Tianhao and everyone else shudder in fright.

Long handsome!

Tiger handsome!

These two names were like five thunderstorms, making all the Yang family members bewildered.

“How... how is it possible, what did the two great war gods come to our Yang family for? When did we meet them?” Yang Tianhao's eyes widened.

He only felt his calf trembling, and dense cold sweat was streaming down his forehead.

Not only him!

The many high-ranking Yang family members nearby only felt their own heart, almost reaching their throats.

And among the crowd.

Younger Yang Mingyu was the most calm.

He stared at the housekeeper Zhang Lao and asked solemnly:

“Lao Zhang, didn't you say that there were three people in the first car? Except for Long Shuai and Hu Shuai, who is the other person?”
