

Chapter: 976

Ok?

Yang Mingyu's words instantly lifted everyone's spirits.

That's right.

Qualified to ride in the same car as the Gods of the Two Great Wars, the identity of this third person is obviously extraordinary.

"That person? It seems to be a young man wearing a windbreaker and looks handsome!"

"But..." The butler, Zhang Lao, recalled the scene he had just seen, and then seemed to think of something incredible, his voice trembled and said:

"However, I faintly saw that whether it was the Dragon or Tiger, it seemed that the windbreaker youth was extremely...respectful!"

Wow!

The words of the housekeeper Zhang Lao made all the Yang family hardly believe their ears.

what?

Long Shuai and Hu Shuai are extremely respectful to a young man?

This... Isn't this a joke?

In the land of China, is there a young man who is qualified to let the dragon and the tiger fight the gods and treat each other respectfully?

This is absolutely impossible.

"Lao Zhang, are you sure you don't have dim eyes? Or, do you have hallucinations?" Yang Tianhao stared at the housekeeper Zhang Lao, as if looking at an idiot.

The rest of the Yang family also looked at Zhang Lao, as if they were looking at a madman.

just!

Just when the butler Zhang Lao wanted to explain.

Yang Mingyu, the young man next to him, screamed like a ghost:

"I...I know who that person is?"

What!

Hearing this, whether it was Yang Tianhao or everyone around him, he was taken aback.

Everyone looked at Yang Mingyu curiously.

Until then.

They only noticed that Yang Mingyu's face, no longer knowing whether it was agitated or nervous, was completely pale.

His body was trembling, and his voice almost completely lost his voice:

"In Jiangnan City, there is only one person who can treat the two gods of dragon and tiger respectfully!" "That is, the one we want to cling to... Lin Seat!"

Jing...

When Yang Mingyu said this.

Inside the Yang Family Hall, there was a deadly silence.

Lin Zuo?

The top mad dragon of the Chinese military.

That mysterious and unpredictable, made their Yang family want to go bankrupt, and they are willing to become the forest seat of a dog under the other side?

How could such a big man come to the Yang family?

Isn't this a dream?

now!

After listening to Yang Mingyu's words, whether it was Patriarch Yang Tianhao, or all the high-level members of the Yang family around, they all felt like they were dreaming and could hardly believe the facts in front of them.

But in the hall, the silence was extremely suppressed.

Outside the door, there was a loud and bell-like voice:

"China, Lin Zuo is here!!!"

Boom!

To the entire Yang family, these five words are like a god descending into the world.

All the Yang family members trembled in their bodies, as if they were receiving a god, all of them rushed out of the hall.

Puff!

Puff!

Headed by Yang Tianhao, with Yang Mingyu and all the senior members of the Yang family, like a soft-footed shrimp, they crackled and knelt down in the courtyard.

One by one, their heads hung down, as if waiting for the gods to come.

And just in their nervous and tranceful emotions.

Hoop!

The sound of dense footsteps suddenly came from outside the courtyard.

Da da da!

At this moment, under the nervous emotions of all the Yang family members, footsteps suddenly came in from outside the door.

Afterwards, the eyes of all the Yang family members saw a sergeant with a real gun and live ammunition rushing in aggressively.
