

# Cruel Heart Lover Novel

## Chapter 116

Shooting begins.

There are vendors selling lanterns and guessing lantern riddles everywhere on both sides of the street, and the bustling people are holding lanterns in their hands, laughing and laughing.

Meng Changge dragged out Sun Huanqing who was bored in the hospital to see a doctor.

The camera follows the two people, and under the lens, the teenagers and girls are running fast along the brightly lit streets of Chang'an. The picture is extremely beautiful...

There are not many lines in this scene, mainly the changes in the scene and the eyes of the protagonist.

Meng Changge was in high spirits, and Sun Huanqing, who was reluctant at the beginning, was also infected by the girl's enthusiasm later on, and the two shuttled through the crowd together.

After walking for a while, Sun Huanqing suddenly found that her hand was still being held by the girl, so she struggled hastily.

But Meng Changge clenched it stubbornly, with an expression that this hand is my property.

Sun Huanqing became anxious, "Miss Meng, please respect yourself, men and women can't kiss each other!"

Meng Changge frowned and stared at him, "You nerd, what if I let go of your hand and we get separated?"

"It's gone, it's gone!" Sun Huanqing said indiscriminately in extreme embarrassment.

"Sun Huanqing! You..." Meng Changge flicked his hand angrily and got into the crowd.

Seeing that smear of red gradually disappearing in the crowd, Sun Huanqing's expression gradually became anxious. Recently, there have been rumors in the capital that there are flower picking thieves, and several girls from several families have disappeared. The streets are so chaotic today. What if something goes wrong!

At this moment, Sun Huanqing was only worried about Meng Changge, and completely forgot that she was a little devil in the world, and even if they met the flower pickers, they would be unlucky.

The camera lens began to follow Sun Huanqing and kept looking for Meng Changge in the crowd. Just when Meng Changge was about to collapse, someone suddenly patted his back shoulder.

As soon as he turned around, he saw a man wearing a grimace mask standing in front of him, and said in a somewhat smug tone, "Doctor Sun, you are looking for me!"

Hearing the girl's familiar voice, the ecstasy of finding it again made Sun Huanqing hug her into her arms.

Meng Changge obviously did not expect Sun Huanqing, who has always been pedantic and conservative, to act like this, and froze immediately...

The next thing to be performed is the scene where Meng Changge actively k!sses Sun Huanqing. The fans who watched from afar stared with bated breath, not daring to make a sound. The first k!ss between the two in this scene is absolutely beautiful to the extreme just by imagining it!

At the same time, there was a more majestic person who didn't dare to come out, that was Saul in the black car.

Saul curled up and leaned against the window, trying to stay as far away from his brother as possible, even closing his eyes so scared that he didn't dare to look.

He absolutely didn't believe that his brother would just watch and do nothing. Just seeing Selena holding Louis's hand and the two hugging, the temperature in the car was almost freezing, okay? What if we really k!ssed each other?

There won't be any bloody scenes later, right?

No matter how much Saul thought about it, he couldn't figure out what his brother would do to stop this scene without offending Selena...

Saul carefully looked at the screen from between his fingers, and saw Selena slowly take off the mask, then stared at Louis affectionately, and then stretched out her hand and pulled Louis's neck...

It's over, it's over, it's over! It's going to kill someone!

Saul was crying in his heart, when he suddenly saw the surrounding lanterns go out one by one, the effect was like being extinguished by the evil spirit of burning silence from his own brother, it was extremely horrifying.

## Chapter 117

"Ah! It's raining..." There was an exclamation from the crowd.

Because the lanterns were all made of paper, and some lotus lanterns were not even covered, they were instantly extinguished by the rain.

And Selena, who was about to k!ss over there, also stopped her movements because of this sudden change, and subconsciously covered the top of her head with her hands, "Why is it raining? Oh, hey, it hurts! Why does it seem like there's still hail!"

Louis, who was so nervous that his heart almost stopped beating, braked abruptly and almost fainted out of breath, "Dmn it! Isn't there a drought recently? It hasn't rained for months! And it's a hot day, What kind of trouble is hailstorming!"

Saul in the car was stunned.

It's raining? Why is it raining? Uh, wait... Listening to the thumping sound of the roof, it seems that there is still a big hailstone...

At this moment, a flash of light flashed in Saul's mind, and the corner of his mouth twitched as he stared at his brother, who was as immobile as a mountain, with no surprise on his face, and said extremely speechlessly, "I have used all the tricks of artificial rainfall...Brother, you This is going against the sky! Besides, are you using too much force? It's all hail, hey!"

Seeing the filming over there being forced to stop, the low air pressure around Daniel receded like a tide, and two cold words came out of his thin lips: "Drive."

"Yes, young master." The driver started the engine, and the black vehicle quietly left the set in the night.

Guo Qisheng didn't expect such a situation, and he couldn't stop feeling embarrassed on the spot. If the shooting just continued, it would definitely be a very perfect picture.

"Hey, forget it, forget it, it's hard work! Let's call it a day! But everyone, don't leave yet, let's have dinner together tonight! I failed to welcome Louis last time, so I must make up for it today!" Guo Qisheng greeted everyone.

There have been a lot of ups and downs in the crew recently, and it is also time to get together to connect with each other at this time.

The staff members who were still sluggish due to the sudden change of weather cheered up instantly and cheered.

Louis responded with a lack of interest, obviously in a bad mood.

Selena threw a towel to him, "What's your expression? Are you disappointed that I didn't kiss you?"

"Fart, I'm so dissatisfied that I want to perform with you again!" Louis glared at her, and then warned with a full face, "Are you going to have something to do tonight?"

"No more! What can I do!" Selena said while sending a message to Daniel as usual.

Louis secretly glanced at her mobile phone to see what she sent, and then found something wrong at a glance, "Selena, why did you change your WeChat nickname?"

The original "Selena" was changed to "Keren".

"Well, because of Daniel." Selena replied.

Louis's pupils shrank suddenly, "Daniel asked you to change it? He told you to change it and you changed it! You have used your nickname for so many years, and you didn't even bother to change it when I complained about you back then! As soon as he asked you to change it Did you change it?"

Selena rolled his eyes at him, "Can you stop being so excited? He didn't ask me to change it?"

"Then why do you want to change?"

"It's because he didn't let me change it, and he also said that my nickname is pretty good, and said he wanted me to help him think of something similar!"

Louis: Grass! His uncle is too cruel to treat his sister! Is this okay?

Selena sighed, "It's fine if I'm a rough guy with this thunderous name, but if he is the president of a listed company, if I lead him to use Martian language, wouldn't I be too sinful? So I tried my best to persuade him Half a day's Martian text has become outdated, and even my own has been changed to prove it!"

## Chapter 118

Selena was too lazy to type, so she sent a voice message directly, "Mr. Lu, the production crew is having dinner tonight, please tell Rick to stop waiting for me for dinner."

Soon there was a buzzing sound, and Daniel's reply came, and it was also a language.

Selena clicked on it, and Daniel's unique cold and concerned voice came from the phone: "Okay, have fun."

"Selena..." Louis next to her called her name gloomily.

"What are you doing?"

"Not only are you blind, are you also deaf? Don't you think my uncle's tone of voice is wrong?"

"Louis, are you itchy again?"

Louis resolutely said nothing. Hehe, Selena, you wait, tonight at the latest, I will definitely find evidence to convince you! Heart, take, mouth, take!

Pearl Hotel.

Basically, everyone in the crew was present for this dinner, including Susie and others who had no part in the show today.

Everyone expressed their welcome to Louis, and the atmosphere in the box was very warm.

After drinking for three rounds, Ay suddenly took a glass of wine and stood up, "Selena, I misunderstood you before, this glass of wine is toast to you, it's an apology to you, but also a thank you!"

"Miss Ay, you are too polite!" Selena drank the wine in her glass.

Everyone cheered, and then many people came to offer wine to Selena, and Selena never refused to come.

Seeing Selena mingle with the crew, Selena smiled gratifiedly, "I just said that little junior sister can't be that kind of person!"

When the dinner was coming to an end, suddenly a slender figure knocked on the door and walked in.

"Oh, Young Master Su!"

"Master Su is here!"

"Roman, why are you here?" Seeing the person coming, Susie immediately greeted him with a face full of surprise.

...

In the corner, the drunk Louis immediately came to his senses and stared at the elegant man in an off-white suit at the door.

Roman!

He is Roman?

The only man Selena ever loved in the legend?

Roman, the top ten boyfriend, appeared every time when Susie needed to support the situation. At this time, Susie held her arm and greeted everyone with a gentle face, "I have invited friends to eat here, listen Susie said that you are here too, you can order whatever you want, and this meal will be charged to my account!"

Everyone booed:

"Wow! Young Master Su is so embarrassing!"

"It feels like we are blessed by Teacher Ning every time!"

"Then we're welcome!"

...

At this time, a cold snort came from the corner, "Why should I ask you to pay for my welcome banquet? I will pay for this meal!"

It was probably because the ex-boyfriend was extremely jealous when they met. As soon as Roman appeared, Louis showed unabashed hostility.

Men's hostility towards men has always been very keen. Roman immediately felt Louis's unfriendly attitude towards him, but he still had a warm smile on his face, and said unhurriedly, "Since it's for Louis Mr. Jiang's reception banquet should not be paid by Mr. Jiang himself because of emotion and reason."

"That's right, let us treat you to this meal! It can be regarded as our courtesy as landlords." Susie echoed.

As far as the friendship of the landlord, I am a native of the imperial capital, okay? You are needed to fulfill the friendship of the landlord!

Louis was about to take advantage of the alcohol, when Selena, who was at the side, pressed his shoulder secretly from behind, leaned into his ear and said, "You idiot, why don't you take advantage of it? Just let him pay!"

Louis's face turned even worse when he heard that, "Hmph, are you sure you're not helping him? This is your old lover!"

Selena raised her eyebrows, "Aren't you also my ex-lover?"

## Chapter 119

"Selena! Don't change the subject for me!" Louis felt even more sour when he heard it, thinking that Lao Tzu is your old lover, can he compare with your childhood sweetheart, Roman, who can even call out his name in his dreams?

Selena had no choice but to say, "Okay, okay, I won't change the subject, you're making such a fuss because you want my relationship with you and Roman to be exposed in front of everyone, right?"

When will this guy be more stable!

Louis finally stopped talking.

"You can pay if you want!" Finally, Louis casually said something perfunctory.

Roman watched Selena whispering in Louis's ear just now, and frowned indiscernibly. Was it an illusion? He always had the feeling that the relationship between Selena and Louis was not limited to colleagues...

Seeing Roman looking in Selena's direction absently, Susie shook his arm to get his attention back, and said softly, "Roman, did you bring the things I asked you to bring?"

Roman came to his senses, "Brought it."

As he spoke, he handed her a stack of invitation cards, and then said to everyone, "Tomorrow is Susie's birthday, and I hope everyone can come to the birthday party tomorrow night!"

"Ah! Tomorrow is Teacher Ning's birthday!"

"Then we must go!"

"Ms. Ning's birthday party must be very high, let's all go to learn more!"

...

Susie sent invitations to everyone one by one with a sweet smile on her face, and when they were sent to Selena, she did not forget to remind them, "Young junior sister must come!"

Selena turned the wine glass over and over again, staring at the red invitation card with no expression on her face.

When it was handed over to Louis, Louis didn't move, "You don't need to give it to me, I won't go."

Susie's expression froze when she heard the words, but she recovered her gentleness after a moment, and asked with concern, "Is Louis going to do something tomorrow? Can you reschedule temporarily? I really hope you can come! Please, please." La!"

She had already promised several girlfriends who liked Louis, and said that she would definitely invite Louis.

No matter what kind of man it is, it is likely that no man can resist being asked by a beautiful woman in such a tone.

But Louis didn't like this at all, a trace of disdain flashed in his eyes, and he said impatiently, "It can't be changed, tomorrow is also a friend's birthday of mine!"

After speaking, he glanced in Selena's direction.

Selena took a sip of her wine, but said nothing.

"Ah... What a coincidence? That friend of yours has the same birthday as me! It must be your important friend? That's a pity! If your friend's side is over, you are welcome to come anytime, we The party will last all night!" Susie said with an empathetic expression.

Dmn it, if you don't invite Louis, won't it make her lose face in front of so many sisters?

Who is Louis's friend? Not only does he have the same birthday as her, but he is also important enough to make Louis reject her invitation in front of so many people!

Wait, it's tomorrow's birthday too...

Susie looked in Selena's direction suspiciously.

She suddenly remembered that Selena's birthday was on the same day as hers, and it was also tomorrow!

The friend Louis was talking about was Selena, right?

At this time, she suddenly thought of one thing. Later, Wang Taihe announced that Saul was the one who made the additional investment, and her father told her that the other party had secretly appointed Selena as the second female lead with the director. Why did Saul in the prosperous age appoint Selena as the second female lead?

If her guess was correct, and Selena and Louis really had a close relationship, then Louis must have helped Selena speak.

In this way, everything makes sense...

This Selena, did she hook up with Louis?

## Chapter 120

After Roman left, Louis still had eyes that weren't eyes, and a nose that wasn't a nose. He squinted at Selena and snorted coldly, "That guy is the true love that made you fall in love back then? You really have something wrong with your eyes!"

Selena glanced at him leisurely, "I think your eyesight is the only problem. For a man like Roman, if he gets a perfect score of 10, he can at least give him a score of nine, okay?"

Roman exploded when he heard it, "Dmn it, why is the nine points so high, how can he score so many points!"

Selena said in a matter-of-fact tone, "Just because she is the man my mother loved, wouldn't it be slapping me to say that he is bad? And putting aside subjective factors, from an objective point of view, it is undeniable that he is indeed worthy." Nine points.

Roman's appearance doesn't look like yours, he can blind people's eyes at a glance, but his temperament is superior, he belongs to the gentle and elegant type, in the fairy tale world he is a prince, in ancient times he is a handsome young man, um, Moshang The man is like a jade son, Shi Wushuang... In short, he was my favorite type when I was a girl, the one who fell into the trap at a glance! "

Louis could hear the fire burning in his chest, "Grass, Selena, do you still have feelings for her? Look at you, you are boasting about people!"

Selena rolled his eyes at him, "I really don't care, so I can tell you about him in such a calm and objective tone? What kind of IQ are you!"

What's more, what she described was only the freshest and most beautiful boy who lived in her memory, not the current Roman.

Sometimes it is precisely because the memories are so beautiful that the reality is more cruel.

It took Louis a long time to calm down, and asked in a low voice, "Then how would you rate me?"

Selena rubbed her chin, and answered under Louis's nervous gaze, "Nine to nine! Your face alone is enough!"

When Louis heard it, he immediately calmed down a lot. He touched his face, showing a bit of color on his face, "Of course! How can you say that you rely on your face to make a living, okay? But there is still one point Where is the point deduction?"

Selena looked at him like an idiot, "Then why ask? It's obviously because of IQ!"

Louis: "..."

Forget it, for the sake of the high score of 9.9 points, I don't care about this dead girl.

Louis's eyes flickered, and he couldn't help asking again, "Then... what about Daniel? How would you rate him? What kind of man do you think he is?"

"Well, Daniel..." Selena was really having a hard time answering this question, and she answered after thinking about it for a long time, "I don't dare to rate the Great Demon King. If I want to describe it in one sentence, it can be seen from a distance. Type of profanity.

The sea level may seem calm, but you never know what terrible undercurrents lie in the depths of the ocean. This kind of man is unfathomable, if he rashly gets too close, he might end up buried in the bottom of the sea! "

Louis's face softened a lot when he heard that, "Hmph, you still have some sanity left!"

"But..." Selena pondered again.

"But what?" Louis asked nervously.

Selena propped her chin up, and smiled, "However, if a peony dies, it's a bit of a joke to be a ghost!"

"fcuk! Selena!"

"Hahaha, I'm just kidding, don't be so excited!"

Louis almost died of anger, "I think you are telling the truth after drinking! I suspected from the very beginning that you had some evil intentions toward Daniel! Do you just want to sleep with him?"
