Chapter 131

Chapter 131

When Susie saw the person coming, she immediately changed into a shy expression, "It's not because of you, it makes him so tired!"

"You, it's obviously you who insist on recruiting me!" Roman looked helpless, and then lifted the plastic bag in his hand, "I bought chicken porridge, and I will make it up for you, so that you won't be tired all the time!"

"You hate!"

...

The second scene, immediately after the previous one, is a fighting scene in a bamboo forest.

Seeing that Meng Changge had become a demon, Shangguan Yingrong couldn't listen to anything she had to say. After a short hesitation, Shangguan Yingrong planned to kill her on the spot to avoid future troubles.

After more than two hours of being instructed by the martial arts instructor, the two finally learned almost the same.

Originally, the director was planning to find martial arts substitutes for them, but Selena's skills were good, and she had been a martial arts substitute for others before, so she definitely didn't need it anymore, and Susie also expressed that she would do it herself.

Guo Qisheng naturally wanted better movie effects, so he agreed.

The professional master helped the two people hang up the coercion, checked it several times, and after making sure everything was safe, the filming started.

"Meng Changge is dead." Shangguan Yingrong closed her eyes and said these words of heartache and regret.

What stood in front of her was just a beautiful and dangerous exorcism, a murder weapon that would destroy the world.

The next second, Shangguan Yingrong's eyes flashed with murderous aura, and at the same time, she made a sudden move, drew out the long sword at her waist and attacked Meng Changge...

Meng Changge seemed to have expected her to do this, and stood there calmly, until the sword was close to the tip of his nose, and then suddenly stretched out his arms, with his toes rubbing the ground, gliding like a bird. He retreated quickly to avoid Shangguan Yingrong's attack.

Shangguan Yingrong let out a cold snort, and drew out the sword again.

Meng Changge dodged unhurriedly, like a cat teasing a mouse, and finally drew out the soft sword at the waist of the red gauze skirt with his backhand, and took the initiative to fight back fiercely.

After more than a dozen moves, Shangguan Yingrong gradually lost the wind, and was almost knocked off the branch by Meng Changge several times.

Even if Shangguan Yingrong was very skilled, she could only be like a child in front of Meng Changge, who had killed thousands of riders and thousands of troops.

Shangguan Yingrong thought too highly of herself, and thought that Meng Changge's skills would definitely regress after staying in the palace for a long time. Who knew that she would be completely lost in the fight, but at this time she realized that it was too late for her to underestimate the enemy.

Finally, Meng Changge finally had enough of playing, his eyes turned cold, and a sword wrapped in the spirit of a thousand troops struck straight at Shangguan Yingrong's chest...

Puchi...

The sound of a sharp weapon entering flesh and blood.

Shangguan Yingrong clutched her chest in pain, falling down from the bamboo sea like a kite with a broken string...

Next, there will be a close-up shot of Meng Changge's expression. Guo Qisheng was watching Selena's performance intently, but found that Selena's expression was not right.

"Susie is injured! Help! Hurry up!" Selena, who was still thrown in the air by the steel wire, suddenly yelled.

After being stunned for a moment, the staff realized that this was not a line, it was Susie who was really injured!

The scene suddenly became a mess, everyone surrounded Susie.

After being put down, Selena quickly pressed Susie's bleeding wound, "Call an ambulance!"

As soon as she finished speaking, her body was suddenly knocked away by force. Roman ran over in shock and hugged Susie tightly, "Susie! How are you, Susie?"

"Roman...I'm in so much pain..."

"Don't be afraid, I'm here! You'll be fine! You'll be fine..."

Chapter 132

Selena: "..."

Dmn, I pressed it well, you suddenly squeezed me away, and then watched her bleed dry with distressed face, are you crazy? Are you addicted to acting in dog-blood dramas?

If it wasn't for the wrong occasion, Selena really wanted to put her hands on her hips and curse.

"What's going on!" Guo Qisheng rushed over with a face full of anger.

Selena squeezed the space between her eyebrows, "I didn't realize it felt right after I inserted it, the blade didn't retract!"

This is a spring sword, and it will retract when it encounters resistance, but I didn't expect such an accident to happen.

Guo Qisheng suddenly jumped into a rage, "Where is the prop master! Come here! I've strongly instructed the props to be checked carefully, and there must be no accidents. How do you do things!"

The prop master stumbled over, sweating profusely, and said, "Director Guo, it was fine when I checked it, and there is absolutely no problem!"

Guo Qisheng threw the script directly on his face, and roared: "Then tell me what's going on now!" The crew had problems again and again, and his patience was really reaching its limit.

At this time, Wang Taihe on the side suddenly asked, "Who was the last person to touch this sword?"

"Should...it should be Selena. I handed the sword to her after I checked it. She has been practicing with the sword. It's my fault. I blamed me for not checking it after I started shooting!" The prop master apologized again and again. .

Hearing this, Selena's pupils suddenly constricted. If she still doesn't understand what happened at this time, she doesn't have to mess around.

At this time, everyone on the scene looked different.

Guo Qisheng glared at the prop master, then gave Selena a complicated look, and finally suppressed his anger, "We'll talk about this later, hurry up and send him to the hospital! And seal off the scene, don't let the news get out!"

The First People's Hospital of City B.

Roman was accompanying Susie to treat the wound inside. Selena was standing in the corridor outside the ward door, leaning against the cold wall, her mind spinning rapidly.

Susie is worthy of being the originator of Xiao Baihua, even the bitter tricks are at the enhanced level, so she is not afraid that she will just confiscate her hand and stab her to death?

It's a pity that she stopped immediately when she found out that the sword was wrong. The penetration was not deep, and Susie was at most a skin trauma, but the follow-up problems brought about by this incident were too troublesome.

Her top priority now is to find a way to clear up the suspicion...

Selena was contemplating when suddenly there was a sound of hurried footsteps.

As soon as she raised her head, there was a slap, and there was burning pain on her face.

"bastard! How could you do such a thing to Susie! Why are you blaming me! I'm the one who wants to keep her in the Ning's house, and I'm willing to spoil her and love her! Susie, what did she do wrong?" The visitor yelled at her hysterically, his eyes seemed to be looking at a bloody enemy.

Selena wiped away the trace of blood from the corner of her mouth, slowly raised her head, and looked at the luxurious, noble and elegant lady in front of her, her mother.

Behind Zhuang Lingyu was her father Ning Yaohua, with the same loathing in his eyes, "If something happens to Susie, I can't spare you!"

The two people in front of her, one was her biological mother and the other was her biological father. They didn't ask a single question from the beginning to the end, and they just beat and threatened.

Selena had thousands of vicious words that could make them foam at the mouth, but at this moment, she seemed to have been drained of all her strength, and she didn't want to say a word, but just looked at the two with serious eyes.

Chapter 133

"Evil! What kind of eyes are you looking at!" Ning Yaohua was furious.

Just as he was about to have an attack, the door of the ward was pushed open from the inside.

Ning Yaohua and Zhuang Lingyu immediately forgot about Selena for the time being, and rushed to meet her, "Roman, how is Susie doing?"

"There is no serious problem for the time being, you can go in and see her." Roman replied with a tired face, and then looked at Selena outside the door with red and swollen cheeks.

Zhuang Lingyu immediately rushed to Susie's hospital bed, and looked her up and down, "Mother's darling, how are you? Is it still hurting? Where is it hurting?"

Susie smiled weakly, "Mom, I'm fine, the doctor said it was just a skin injury."

Zhuang Lingyu stroked her hair distressedly, "You are a girl, and you still say it's okay to have such a big scar! If the sword is deeper, your life will be gone! That Dmn girl, why are you so Be cruel! You should call her sister anyway!"

"Sister, she treats me..." Susie looked sad, and then forced herself to speak, "Dad, Mom, don't blame sister, it's not her fault, it's something wrong with the props."

Ning Yaohua snorted coldly when he heard the words, "Silly boy, why are you so stupid! How could something go wrong with such a good prop?"

After finishing speaking, Selena yelled angrily at the door, "ba5tard, what are you still doing? Why don't you get out and apologize to Susie!"

The indifferent look on Selena's face was like a thick and indestructible mask, "I have nothing to apologize to her. If you want me to apologize, you can show evidence. If there is evidence, I will pay her my life."

Ning Yaohua pointed at her with trembling fingers, "You are still stubborn. I didn't check to save face for you. You won't cry when you see the coffin, right? You really want to embarrass me, don't you?"

Heh, in Ning Yaohua's eyes, his face is always the most important thing.

Selena sneered, "If I really want to take revenge on her, what you're seeing now should be her dead body, and there is still a chance to show the love between father and daughter here?"

Ning Yaohua slapped the table vigorously, "Stop playing tricks on me! Selena, are you really apologizing? If you admit your mistake, apologize, and then quit the entertainment industry, I can pretend this never happened. You If you insist on going your own way..."

"Thank you, I chose to go my own way!" Selena snorted lightly, waved her hand, then turned and left without looking back.

Zhuang Lingyu had a look of disbelief, "Look at what she looks like! I can't believe I gave birth to such a ba5tard!"

Ning Yaohua turned round and round with anger, "Nie Zhan! Nie Zhan! I'm so mad!"

Susie persuaded anxiously, "Dad, forget it, I'm fine, so don't be angry with your sister, don't get mad!"

"I let her go last time, but she actually did something like this. This time, she hurt you. Maybe she will really kill someone next time. This matter must not be left alone!"

"But, Dad..."

"Okay, don't worry about it, I'll take care of it."

"Yeah, let your dad deal with it, you take good care of your injuries, your dad will definitely give you a satisfactory explanation!"

Susie's eyes were flushed, she suppressed her grievance, and her face was full of emotion, "Thank you parents, actually you really don't need to do this, I'm fine..."

Roman, who had been silent since just now, patted her on the shoulder, "Susie, you are so kind! Selena really went too far this time. Uncle is right, you must not let this go on like this!"

Chapter 134

It was already late at night when Selena walked out of the hospital.

There are no stars or moon in the sky, and there are only sporadic vehicles and pedestrians on the street.

She admitted that Susie's methods were clumsy and unskilled, but she still succeeded.

She's always hitting her with the things she once cared about the most.

Such as Roman, such as parents...

Sometimes she even had deep self-doubt, whether everything was her own fault, because she was too bad, too unbearable, that's why they all hated her, despised her, and abandoned her...

She even wondered if there was any point in struggling so far.

Even if one day she achieves her goal and gets everything, no one in this world cares, she is still alone.

Selena was in a daze, walking aimlessly on the side of the road, completely oblivious to a black car without a license plate sneaking behind her...

When she got to a place where no one was nearby, two people quickly got out of the car, one covered her mouth and nose with a wet towel from behind her, the other tied her up with a rope, and dragged her into the car... ..

The whole process takes less than five seconds.

By the time Selena came to her senses, she had already lost all her strength under the influence of the medicine, and her body was tightly bound, leaving no room for resistance.

There was a wry smile on Selena's pale lips.

Being framed and kidnapped again, her birthday was really fulfilling...

The car drove steadily all the way for a long time, Selena's eyes were covered with a black cloth, she didn't know where the car was going, let alone who the other party was coming from.

Susie's person?

Unlike, Susie won a complete victory today, there is no need to make another move.

So who would it be? Who has she offended recently?

Just when Selena was puzzled, a voice from one of the men in front of her on the phone:

"Hey, Mr. Zhu...yes, we've already settled the matter, we're on our way...yes, yes, don't worry, I'll definitely deliver it to you on time! This girl is so real, it makes both of us heartbroken Hahaha, how dare we! We will definitely send it to you in its entirety!"

Selena was terrified, Mr. Zhu...?

She suddenly remembered that she went to the wrong box at the Pearl Hotel last night.

Could this Mr. Zhu be Zhu Xiangcheng?

Could it be that he didn't succeed that day, and he still didn't give up afterwards, so he sent someone to tie her up?

The more Selena thought about it, the more likely it was, and she cursed secretly. When she was about to find a way to get out, the effect of

helplessness became stronger and stronger, her consciousness became more and more blurred, and soon she fell into darkness completely...

When Selena regained some consciousness, she found that she was still blindfolded.

There was the sound of two women talking in the room. She was delirious and couldn't hear what they said clearly. She only felt that they quickly took off all her clothes and put on an extremely thin sleeping bag for her. skirt, and then sprinkled things like flower petals all over her body...

The more Selena thought about it, the more she felt that something was wrong. With Zhu Xiangcheng's impatient personality, if he wanted to get a woman, how could he be so patient? He would definitely fuck her right after he was tied up. Now he was changing her clothes and throwing flower petals, she even smelled that they sprayed her with perfume...

Dead fat pig! Old pervert! If you want to kill or cut, you can go straight to it. What are you doing?

Chapter 135

Zhu Xiangcheng heard that there was a business reception tonight, and Daniel would be there.

He rushed over early and made several preparations on purpose. As he expected at the beginning, Daniel was indeed soft and hard.

He managed to get a pair of priceless antique calligraphy and painting, but he didn't even look at it. He brought a juicy and unopened girl to give it to him, and his expression was no different from looking at a day lily.

Anxiously, the phone he had been waiting for finally rang.

"Hey, why did you call at this time, have you done it?"

"It's done, we're on our way!"

"Hurry up! The person must be sent over within ten minutes! Room number 808, don't make a mistake!"

"Don't worry, I will definitely deliver it to you on time! Tsk, Mr. Zhu, the girl you asked to find is a real girl, and our brothers are so excited!"

"If you two dare to touch her, don't even think about taking the rest of the money! This woman is of great use to me! I can't lose a single hair!"

...

Not far away, Daniel, who was sitting on a high chair, looked down at the time on his watch, straightened his cuffs and stood up, looking like he was about to say goodbye and leave.

At this time, a man suddenly emerged from the swimming pool. His hair was flicked, and a burst of cool water splashed up. He had healthy and attractive wheat-colored skin, six-pack abs above his belly button, and below that, countless men would envy him. The mermaid line...

The man raised his arrogant and handsome face, grabbed Daniel's calf as he was about to walk away with his wet hands, and said in a dissatisfied tone, "Hey, hey, Daniel, tonight is something I've been teasing, can you save me some face? You only stayed for half an hour and left? And at the reception, you didn't even take a sip of the wine! There are so many beauties, there is no one who can stay with you for a while?"

"Let go." Daniel frowned slightly, with the expression that he would crush his bones in the next second.

At this moment, Saul, who was behind him, came over with a glass of wine in his hand, and said with a smile, "Brother Tian, don't you see that my brother's

thoughts are not here at all tonight? To stay here for half an hour is already for you." Save face!"

Mo Lingtian was lying on the edge of the swimming pool, with a foolish smile on his face, "He's not thinking about me, so who is he thinking about? He doesn't have a woman!"

Saul snorted with a look that was about to startle his eyeballs, "Who said there isn't one, there will be one soon!"

"What! It's too much!" Mo Lingtian was really shocked, and jumped up from the swimming pool with a splash, his face was full of anger at being betrayed, "The brothers who agreed to go together for the rest of their lives, whoever leaves the order first is the dog! "

Daniel glanced at him blankly, "I don't remember ever promising you such a boring thing."

Saul couldn't help complaining, "Brother Tian, it's okay for you to be a loner as much as you want. My brother has a son, and he shoulders the responsibility of finding a mother for the child!"

"Who is that woman?" Mo Lingtian frowned and asked.

Daniel glanced at his watch again, his expression was extremely impatient, and he strode forward, ignoring him.

"Dmn! Ignore me! Sure enough, having the opposite sex is inhumane!" Mo Lingtian scolded angrily from behind.

After Daniel left, Saul followed suit. He wanted to see how his brother picked up girls rather than a boring reception.

“Hehehe, brother, you are in such a hurry to go back to celebrate your sister-in-law’s birthday, right? Tell me quickly, what surprises have you prepared? I’ll give you a reference!”

Saul was chattering after Daniel, when a “fat ball” suddenly rushed out from the stab.

“President Lu! Second Young Master!” The visitor was sweating profusely and seemed to be catching up in a hurry.

Saul raised his brows slightly, “Hey, Mr. Zhu! Why are you in such a hurry?”

“I, I’m looking for Boss Lu!” Zhu Xiangcheng looked at Daniel obsequiously, and handed over a thin gold-plated room card with both hands, “Boss Lu, this is my heart, please accept it!”

The meaning couldn’t be more obvious, he prepared a woman for Daniel in the room.
