

Cruel Heart Lover Novel

Chapter 151

Chapter 151

Since Selena came back, Rick has completely turned on the pet mode, following wherever he goes, he never leaves.

Downstairs living room.

Saul also turned on the following pet mode, so Daniel would follow wherever he went.

"Brother, brother, dear brother...you...what did you two do this night?"

Holding the brewed coffee, Daniel calmly sat down on the sofa, "Chat."

Saul choked, disappointed like a puppy who didn't get a bone, "Well, just pretend I didn't ask."

"How about the things you were asked to do?" Daniel asked.

Saul immediately switched to the serious mode, and said seriously, "It has already started to operate. Within a month, Zhu Xiangcheng's Fengrui Real Estate will definitely be removed from the imperial capital."

"What about Selena?"

Saul sorted out his thoughts, and then said, "Because the crew blocked the news at that time, I didn't know about it in time. As for now, it's impossible for the person who set up the bureau to keep the news blocked. It's already spread on the Internet. What's worse is that the prop master personally testified in the interview that Selena bribed him to tamper with the props. So

it's not just a matter of public opinion, if Susie files a case next time, Selena might not be able to handle it. He will be taken by the police for investigation!"

The hostility in Daniel's brows was overwhelming, and he was sitting not on a sofa but on a throne of a demon king piled up with skulls. He spoke every word like ice, "I want to see who dares."

"No, no, no... My sister-in-law has your backing, who can touch her hair!" Saul hastily smoothed his hair, and then said positively, "Brother, don't worry, I've already had someone secretly bug the prop master's house. And the monitoring device, during this period of time he will definitely contact the people behind the scenes, don't worry about getting evidence, and it's not certain who will get into the game by then!"

Daniel seemed dissatisfied, and tapped the coffee table with his fingers: "Efficiency."

Unconvinced, Saul muttered, "How good is this method, it's not efficient!"

Daniel took out a gun from the hidden compartment under the TV cabinet and threw it directly in front of him.

The corner of Saul's mouth twitched, "I'll go! You are too simple and rude! You have no skills at all!"

The two were talking when there was a sound of footsteps overhead.

Daniel put the gun back calmly, then raised his head and looked softly at the person who came, "Rick is asleep?"

"Yeah, I finally put him to sleep!" Selena hurriedly said while replying, "That Daniel, I need to go out in a hurry, I have already left a note for Rick, and my phone is fully charged. You can contact me at any time, and I will be back within three hours at most! Not much to say, see you later!"

After speaking, he ran away in a gust of wind.

Saul rubbed his chin, "Brother, where is sister-in-law going in such a hurry?"

Daniel looked at the direction the girl left with an unpredictable expression, and then told Saul, "Find someone to follow her."

It would definitely not be easy for Selena to leave suddenly at this time. If it wasn't for Rick's inability to stay at home alone, he would definitely go by himself.

"Who else are you looking for? I'll just go!" Saul immediately accepted the task cheerfully.

Saul went home and drove a relatively low-key black car, narrowly following Selena who was riding a motorcycle all the way.

Twenty minutes later, he followed Selena and stopped in front of the small apartment building where she used to live. While paying attention to the movement there, he reported the situation to Daniel in real-time.

Chapter 152

After Selena returned to the apartment, she immediately moved out a metal box from the bottom of the wardrobe, and then carefully checked and wiped the contents inside.

After checking the time on her phone, Selena casually put her things into her bag and hurried downstairs.

Not far away, while driving, Saul reported to the person on the other end of the Bluetooth headset: "Selena went back to the apartment and came down in less than five minutes, and is now heading towards the outskirts of Xijiang Road..."

After half an hour, Selena finally stopped.

Saul looked around at the dilapidated houses, and then showed a look of surprise, "Ah, isn't this dilapidated place where the prop master Zhang Qiang lives? Why did Selena come here alone? She couldn't be planning to marry him. Reasonable? This is naive!"

"Turn on the monitoring." A man's cold voice came from the Bluetooth headset.

"Oh yes, I almost forgot about this!" Saul hastily brought over the laptop from the back seat of the car.

"Brother, wait a minute, I'll show you a live broadcast on my mobile phone!"

Before Saul finished speaking, he suddenly realized that his computer could not be operated, his face turned black and he said speechlessly, "Brother, you actually hacked my computer...you already told me that I used my mobile phone to broadcast live to you! Do you want to be in such a hurry!"

...

Zhang Qiang's salary in the film crew is not bad, but because of his gambling nature, he not only has no balance but also owes a huge debt, so he lives in this suburban slum.

These were all Selena heard when he was drinking and chatting with others in the film crew.

"Dong dong dong", Selena knocked on the door three times.

There was no movement at the door.

Selena continued to knock until there was a bang from inside, and then with the sound of slippers scraping the ground, the rusty iron door was pulled open from inside.

"Who the fuck is that! You're courting death early in the morning..." Halfway through the sentence, Zhang Qiang suddenly changed his face when he saw that the person outside the door was Selena.

"Mr. Zhang, you are safe and sound." Selena looked at him with a smile.

Zhang Qiang wanted to close the door directly, but he turned his eyes and changed his attention, and said lazily, "Who am I to tell you! It turns out to be the beautiful Ning! Come in!"

As soon as Selena entered the room, she smelled a stench. The pungent smell of alcohol was mixed with the smell of stinky socks and mold. It was no less lethal than the canned herring in the morning.

"Sit wherever you want." Zhang Qiang lit a cigarette, and then his cloudy eyeballs stuck tightly to Selena's body like glue, sweeping over every part of her body wantonly.

Selena sat down on the only clean chair in the room, and immediately said straight to the point, "Master Zhang doesn't need to say anything about the purpose of my visit. I need your statement. Please explain everything truthfully. It was Susie who directed and acted on her own, and it's not that I bribed you to frame her."

Zhang Qiang looked at her with a smile when he heard the words, with an expression that saw through her, "Little girl, have you started recording? Are you trying to talk to me? Haha, you are too tender! Sorry, what I said to the reporter it's the truth!"

Zhang Qiang had an expression of a dead pig not afraid of boiling water, and then a gleam flashed in his eyes, "Unless, you can afford the price..."

Selena narrowed her eyes slightly, she had expected this to happen.

After Zhang Qiang got the money from Susie, he would definitely not go away, but continue to gamble. In the end, he would probably lose everything again.

At this moment, I still want to eat two ends!

Chapter 153

"What if I don't agree?" Selena looked at him with a half-smile.

Zhang Qiang looked wretchedly between her breasts and buttocks, rubbed his chin and said, "If you don't have money... if you don't have money, there are ways to have money! If Miss Ning can sleep with me once, I can tell you something. Interesting thing!"

These words are clearly implying that if she wants a confession, she must either pay him or sleep with him.

In fact, with Zhang Qiang's cunning personality, it is very likely that even if he is satisfied, he will not give you a confession, and it will be a loss of money and money.

At the same time, in the car downstairs.

Saul, who saw such a scene on the surveillance camera, was nervously reminding his brother on the other end of the headset, "Brother, take it easy! Don't get excited! Don't get excited! Be gentle with my little notebook! My hard drive A collection of hundreds of g!"

"Go upstairs, immediately." The voice in the headset ordered.

"Yes, yes, yes! I'll go right away!" Seeing that Zhang Qiang, who was under surveillance, had started to approach Selena step by step, Saul started running wildly with his notebook in his arms.

At the same time, Zhang Qiang walked up to Selena's chair, put his arms on the armrests, and began to breathe rapidly, "How is it? Is this deal a good deal? Not only can you get what you want, but you can also have a good time." Back!"

Selena lowered her eyes, her expression was hidden in the shadows and she couldn't see clearly, a slight snort escaped from her red lips.

In the next second, Zhang Qiang felt something cold and hard pressed against his waist, and when he looked down, his face turned pale in an instant...it was the black muzzle of a gun against him.

"You...you you..." Zhang Qiang's first reaction was to run away.

At this time, Selena's cold voice came from behind, "Run. Just try it out. Is it you who run faster or my bullets?"

Zhang Qiang was sweating profusely, turned around stiffly, and then laughed lightly, "Little girl, I was almost scared by you! Trick me with a toy gun? You shoot! Shoot if you have the ability Ah! Come on, drive here!"

With a slight movement between her fingers, Selena installed a clarinet-shaped silencer on the muzzle of the gun with a "click", and pressed the trigger...

With a "poof", the bullet flew past Zhang Qiang's arm, drawing a burst of dazzling sparks on the ground.

All the action takes less than three seconds before and after.

Zhang Qiang clutched his hot arm, and knelt down on the ground with a plop, "Sister! Big sister, calm down! This is a real gun! It's not a joke!"

"Confession." Selena threw a voice recorder over and checked the time on the phone with an extremely impatient expression.

Rick is still sleeping at home, and if she wakes up early and doesn't see her, she must be worried, so she rushes back to accompany Rick.

"I'll record, I'll record! I'll record now!" Zhang Qiang scrambled to pick up the recording pen, and turned on the button to start recording.

"It wasn't Selena! It wasn't Selena who bribed me at all! Someone else gave me money to tamper with the sword! But I don't know who the other party is! I received an anonymous email, and the other party asked me to He did this, and he directly deposited a 100,000 deposit in my account, and said that he would give me another 100,000 when things are done!" Zhang Qiang said while sneaking a cautious glance at Selena.

The woman on the opposite side looked extremely impatient and gloomy, her eyes were blood red, she touched the barrel of the gun nervously with her fingers, she looked like a perverted murderer with mental illness, her hairs almost stood on end.

Chapter 154

Saul, who was about to rush in to save someone, saw the 180-degree reversal of the surveillance situation and stayed where he was, dumbfounded.

"Alone...he really brought a gun! Dmn! If I'm not mistaken, the model of that gun is Boretta 92f! Where did she get it?" Saul's face was filled with disbelief.

After finishing speaking, a sad thought popped up in his mind: His second hero rescue today died again!

Inside the room, Zhang Qiang stared at the gun in Selena's hand, afraid that she would shoot without saying a word like before, leaving no room for people to react, it was too cruel!

"I, I, I... what I said is true! Not a single word is false! Otherwise, I will be struck by lightning!"

Selena didn't say anything, and she didn't know whether she believed him or not. She turned the gun around in her hand, and she almost turned the gun around.

My little aunt! Be careful playing fire escape!

Zhang Qiang was so frightened when he saw it, he hurriedly said tremblingly, "If... you want me to give false testimony that it's that... that Susie ordered it, it's okay! Unconditional! Unconditionally satisfy all your conditions! You say yes Whoever is who!"

perjury?

What she wants is ironclad evidence!

Selena tapped her chin with the gun, and then said, "Give me the bank account the other party sent you money from and the email they sent."

"Okay, okay, it's in my computer, I'll get it now! But the email is anonymous, and even the account is an anonymous foreign account, so it's probably useless to give it to you..." Zhang Qiang said and fished it out from under the quilt A laptop, and then show her the other party's email and remittance details.

Selena glanced at it, made sure there was no problem, and said, "This computer is mine, do you have any comments?"

Zhang Qiang shook his head violently, "No, no, grandma, you can take it! Take whatever you want!"

Selena sneered, heh, from eldest sister to auntie.

It is impossible for this kind of rascal to listen to you if you reason with him. If you negotiate with him, he will make an inch of it. If you want to play tricks, he will be even more cunning and cunning, so the only way is to use violence to control violence.

Since returning to China, it was the first time for her to use this gun. She said that it is impossible not to be nervous. Fortunately, she has acting skills. As long as she is acting, she can calm down instantly.

Randomly picked a perverted killer role to play, it seems that the effect is not bad.

Acting is her favorite career, and it is also her means of protecting herself.

"Then, aunt, do you have anything else to do?" Seeing that she still had no intention of leaving, Zhang Qiang swallowed nervously.

Selena looked at him thoughtfully like Ling Chi, "Hmm... let me think about it..."

"Taking... what are you thinking about?"

"Naturally, I'm thinking...whether I want to kill someone to silence you, what if you later tell others that I tortured you to extract your confession?" Selena took it for granted, and her expression looked very serious.

Zhang Qiang's legs softened and he almost knelt down again, "How is that possible? I wouldn't even dare to lend me a hundred courage!"

What he said was really true, his nature was to bully the weak and fear the strong, and this time Selena had scared him enough.

He never imagined that such a frail little girl would have such a scary side, and he didn't even dare to look directly into her gloomy eyes for fear of having nightmares at night.

Selena chuckled, and patted his cheek with the barrel of the gun, "Don't worry, not only will I not kill you to silence you, but I will also give you money."

Chapter 155

Zhang Qiang's first reaction was to beg for mercy, "I don't want it, I don't want it! Auntie, please forgive me! Before I was confused by lard, how dare I ask for your money!"

"Who said I'm going to give you money?" Selena kicked him.

Zhang Qiang scrambled to his feet, his face full of innocence, "But didn't you just say..."

He was really driven mad by the moodiness of the man in front of him.

Selena gave him a cold look, "Wait for news from me at home, as long as you are obedient and a lot of money is waiting for you, otherwise..."

ah? She still wants to contact him? Isn't everything given to her? Shouldn't there be no intersection anymore? Why are you still being entangled! He doesn't want money! He wants to die even more!

Zhang Qiang was in a state of suffering, so he could only send him out with a grateful promise.

After going downstairs, Selena put on her helmet, started the engine, and drove straight towards the Lu residence.

When she arrived at the Lu residence, it was an hour earlier than the time she had agreed with Daniel.

After entering the living room, Daniel was still sitting on the sofa in the living room just like when she left, his movements didn't seem to have changed.

Selena didn't think too much, and immediately asked, "Daniel, I'm back! Is my baby awake?"

"No."

"Oh, that's good, I'll go up and see him!"

"Wait." Daniel suddenly stopped her.

"Uh, what's the matter?" Selena inexplicably felt that there was something wrong with Daniel's tone.

"Where did you go?" Daniel's tone was calm and unwavering, but it gave off the illusion that something was hidden.

Subconsciously aware of the danger, Selena hurriedly replied, "I just went to deal with some personal matters, and it's settled now! I'll go upstairs first!"

After finishing speaking, she was about to slip away when suddenly an arm stretched out. The next second, Selena was caught off guard by a strong force and fell onto the sofa.

To be precise, it fell into Daniel's arms.

Selena was taken aback, and what surprised her even more was, "Daniel! You...what are you doing? Where are you touching!"

Daniel ignored her and continued to grope around her.

"Hey, if you do this again, I will resist! Don't blame me for hurting you!"

"Then you do it."

Selena was about to collapse, "fcuk! Daniel! What are you trying to do? You're sure I can't do anything to you, right?"

Daniel stared at her expressionlessly: "Why can't you do something to me?"

"I... because..."

Yes! Why? If it was someone else, her first reaction would be to give her a big beating...

While Selena was racking her brains on how to answer this question, Daniel's hand dangerously rested on an object behind her waistband.

Selena's eyes lit up immediately, and she wanted to stop it, but it was too late, the gun hidden behind her waist was in Daniel's hand in an instant.

Daniel directly threw the gun onto the coffee table in front of him. His expression, which was always extremely gentle towards her, was as cold as ice at this moment, and the words he spit out were like icy blades: "Explain."

Selena suddenly felt nervous like being caught by the teacher for cheating on an exam. With a pale face, she twisted her fingers and tried to put on a relaxed expression, "Hehe, it's a fake! Toy gun! I bought it for fun. !"

"Really? Toy guns need a silencer?" Daniel glanced at her sideways, picked up the gun casually, and fired straight at a palm-sized white jade vase in the opposite corner.

Suddenly the vase shattered.

Selena's forced calm expression was the same as that broken vase... also broken...
