

Cruel Heart Lover Novel

Chapter 156

The air fell into a dead silence.

After a long while, Selena swallowed hard, and changed the subject incoherently, "Haha...Master Boss, your marksmanship is perfect! You are amazing! You are just too prodigal! That vase must be very expensive, right?"

Daniel's eyes were cold: "You don't have to say it if you don't want to."

Selena drooped her head dejectedly, "But you said this with the expression that if I don't confess, you will break up with me, you are not sincere at all..."

Besides being frank and lenient, does she have a second way?

Selena sighed, and could only explain the ins and outs to him, "Didn't I tell you that I accidentally injured Susie because of a problem with the props? Now the prop master insists that I bribed him to tamper with the props. Isn't this driving me to death? With his words, not only will my career be ruined, but I will also go to jail!"

Daniel looked at her steadily: "So?"

Selena coughed lightly, and faltered, "So I'm going to force that guy to tell the truth!"

Seeing her indifferent attitude, Daniel's expression was threatening, "Selena, do you know how dangerous it is for you to do this? You're a girl..."

Selena said sullenly, "I know, I know! But haven't I been forced to do nothing? You don't know that Zhang Qiang, a ra5cal, can only be dealt with in such a simple and rude way!"

"I said that you can come to me if you need help. You would rather choose such a dangerous way than talk to me?" Daniel's eyes were filled with heavy disappointment.

That look made her heart throb inexplicably.

This was the first time Daniel was so angry with her, and Selena was anxious, "No, no! I..."

Finally, she sighed with a headache, "I'm just used to..."

I am used to solving everything by myself, and I am used to not relying on anyone.

The two fell silent again.

"Well, but how did you know I had a gun?" Selena suddenly remembered this and asked suspiciously.

"Smell." Daniel replied with a cold face.

"Uh, that's it! Is it the smell of gunpowder? I didn't expect Mr. Boss to have such a keen sense of smell hahaha..."

Daniel's face was still as cold as ice, at the level of a thousand years.

Flattering failed.

Selena was full of helplessness, "Daniel, it's not that I don't want to talk to you, it's really such a trivial matter that you don't need to do it yourself, isn't it like killing a chicken with a butcher's knife? But there is one thing that I really need you for right now. Please help! You must help me! After much deliberation, I can only turn to you for this matter! Even if you don't help me, I will definitely rely on you!"

This time, although Daniel still had a cold face, he finally looked at her, "Say."

Selena breathed a sigh of relief, and hurriedly said, "That's right! Although I got Zhang Qiang's statement and the emails and remittance details sent by the other party, this evidence can only clear my suspicion, but they can't find out the truth behind it. people.

It's not a gentleman not to take revenge if you have a grudge, it would be too cheap for her to let the other party go so easily! So I thought, is there any way to crack the other party's account information and ip address?

Little baby, you are so powerful at such a young age, it must be because of your excellent genes, Mr. Boss, so you must be more powerful in this aspect, Mr. Boss. You must have a way, right? "

Chapter 157

"Right, right?" Selena clasped her hands together, her face full of anticipation and starry eyes. On the one hand, she wanted to please Daniel, and on the other hand, she really needed help.

Daniel was silent for three seconds, then finally opened his mouth: "En."

"Really? You really have a solution?" Selena almost jumped up excitedly, "How long will it take?"

"One..." Daniel originally wanted to talk for an hour, but changed his words, "One night."

"So fast! That's great!" Selena was overjoyed, and hurriedly took out the laptop from her bag, "This is the laptop I got from Zhang Qiang, do you need anything else? I'll prepare it for you! "

"No need." Daniel said as he stood up and walked straight upstairs.

Selena immediately followed in a hurry.

When they arrived at the study room, Selena quickly trotted over to help Daniel pull out the chair, then put the notebook on the desk in front of Daniel, and went to pour him a glass of water.

Daniel glanced at her lightly, then sat down on the chair.

Daniel took out his own laptop, connected the two computers with a data cable, browsed through the evidence she mentioned, opened an unknown software, and displayed A series of complex codes are entered in the box.

Selena leaned down on the table curiously and took a closer look, but naturally she couldn't understand it at all, she just looked confused and didn't know what was going on.

While Daniel was tapping, a light breath came from his ears, his fingers stopped suddenly, and his brows furrowed.

"What's wrong? Is there a problem?" Selena immediately asked nervously.

Daniel's tone was cold: "Stay away from me." Being so close was too much of a hindrance for him to concentrate.

"Oh..." Selena immediately lowered her head like an eggplant beaten by frost, and sadly moved to sit on the sofa in the far corner of the room.

Seeing the girl's pitiful appearance, Daniel was about to comfort her, but finally held back.

Selena hugged a pillow in her arms, quietly looked at Daniel's serious work profile, secretly clicked her tongue, saying that a man is the most handsome when he is serious, and it really is!

For a moment, there was only the quiet sound of keyboard tapping in the study.

Selena sat there alone and struggled for a long time, but finally couldn't help but ask, "Daniel...can I ask you a question?"

"ask."

"You...why didn't you ask me?"

"what?"

Selena clenched her fisted fingers, "Ask about that gun! Don't you ask me why I have a gun? Don't you think that many things about me are different from what you imagined? Don't you think I'm... scary? ?"

Daniel: "I don't think so."

Selena: "Oh..."

Daniel didn't ask, but Selena felt very sorry. He always regarded her as a friend and helped her without reservation, but she kept hiding everything.

So, even though Daniel didn't ask, Selena still took the initiative to say, "You know, the law and order in the country is not very good, and it's legal to own a gun there. I learned how to use a gun when I was there.

But domestically, this gun was indeed obtained through informal channels. I don't know exactly how it was obtained. It was given to me by a friend of mine, and he taught me how to shoot it before. It is only used for self-defense when it is a last resort, and I have used it this time after returning to China! "

Daniel stopped what he was doing, "Who is that friend of yours?"

Chapter 158

Hearing this question, Selena looked obviously a little embarrassed, scratched her head and said, "It's the ex-boyfriend I told you about, the one I dated for a day."

It was that man again.

Since they only dated for one day, why are there so many intersections?

Daniel's expression suddenly became extremely fierce, "Did you know that the delivery channels of this gun are monopolized in three lines? No matter which line your friend is a member of, he is the key target of the top. Including the diamond, it is very likely that it is not a regular way."

Selena lowered her head and muttered, "I know..."

"You know?" Daniel's face became even uglier. She knew she was still with that kind of person? Knowing the other party's details also means that her situation is more dangerous!

Selena hurriedly explained: "His background may be a little dangerous. I'm sorry that I can't explain his specific identity to you, but he will definitely not harm me. I can be sure of this..."

As soon as she finished speaking, she obviously noticed that Daniel's face was extremely ugly.

At this moment, Selena felt like a child who had done something wrong and was found out by her parents. She was so nervous that she pointed her fingers, not daring to make a sound.

The aura of the big devil when he is angry is too scary!

It took a long while for Daniel to finally say, "Give me the gun." Selena's defense of the man just now almost destroyed his sanity.

"Oh..." Selena immediately handed him the gun obediently, "What are you going to do?"

Daniel took it without mercy, "Confiscated."

Selena rushed over and wailed, "Ah! Don't! This is my amulet! I promise I won't mess around! No one will find out!"

Daniel gave her a cold look, opened the drawer, took out another gun and handed it to her, "I'll use this one from now on."

Seeing the gun Daniel gave her, Selena's eyes lit up immediately, "This is..."

She couldn't tell what model it was, but it was not ordinary at first glance.

"Can I take it apart and have a look?" Selena asked cautiously.

Meeting the girl's sparkling eyes, Daniel nodded.

After getting permission, Selena immediately dismantled the gun excitedly. After dismantling it, she looked at the internal structure with a look of disbelief, "p226?"

"I modified it, and the performance is safer." Daniel's expression was still not very good.

Because all the firearms knowledge Selena knew, how to use a gun, and how to disassemble and assemble it was obviously taught by that man.

Selena touched the gun fondly, then gave him a weak glance, "Well, it's dangerous to have someone with 92f, but you can actually get p226, isn't it..."

It is said that 92f is the best gun in the world. Few people know that p226 is the best. It is only because the price is too high that 92f is not popular.

Daniel immediately turned cold when he heard that, "Do you think I'm dangerous?"

Selena shook her head like a rattle, "No no no no! How is it possible! Boss, you are the best! You are simply my little angel! Are you tired and your shoulders are sore? Let me give you a squeeze! Come on! Come on!"

After finishing speaking, without saying a word, he ran up behind him like a dog, and squeezed his shoulders vigorously.

Hearing the girl's soft and sweet voice, although he knew that she was deliberately coaxing him to curry favor with him, Daniel's stormy expression immediately eased, but soon became tense again.

The girl's soft and boneless hands pinched his shoulders moderately and massaged his neck and temples professionally.

The warm touch and just the right strength are very comfortable, but also terrible.

Chapter 159

"It's done." Daniel was forced to stop in order to avoid losing control if he continued.

"Oh." Selena didn't think too much, and continued to study the gun, then looked at Daniel uncertainly and asked, "This gun...do you really want to give it to me?"

Daniel: "Take it as your birthday present."

This gift is really special...

Selena gently touched the body of the gun, "Thank you! I like it very much!"

The safety performance of this gun is indeed better, coupled with its low-key appearance, unless it is disassembled, it is impossible to see what kind of gun it is, and it is much more convenient to use.

As Selena watched, her eyes couldn't help but turn sour, "Daniel, thank you... No one has ever been so kind to me..."

Daniel's heart moved slightly, and just as he was about to speak, Selena said emotionally, "It's almost like a father!"

Daniel: "..."

This evaluation... is high enough, but it also makes him dumbfounded enough.

"It's so late, you must be hungry, I'll make you supper!"

After Selena ran out courteously, Daniel dismantled the gun calmly.

As he expected, the serial number had been erased.

However, the scope of the opponent's identity has narrowed down a lot.

Ten minutes later, Selena walked in with a bowl of steaming food.

"Daniel, are the dumplings okay? I see that there are still leftovers in the refrigerator from the last time I made them in the kitchen, so I'll make some for you!"

"Let it go."

"OK!"

Seeing Daniel's busy appearance, Selena felt a little sorry, so she picked up the bowl, "Shall I feed you?"

Daniel frowned slightly. He wanted to refuse, but he didn't want to say it.

"I'll feed you, I'll feed you! Just do what you have to do!" Selena hurriedly picked up a dumpling, blew it cold carefully, and then brought it to his mouth.

Daniel stared at the computer screen solemnly, and opened his mouth to eat the dumpling expressionlessly.

Why didn't I find it so delicious when I ate it last time?

Selena continued to feed them one by one until the whole bowl was finished.

"You go to the rest meeting, my side is almost over." Daniel returned Zhang Qiang's computer to him, and then began to concentrate on operating his own computer.

"Oh, good." Selena sat down on the sofa in the corner with her notebook in her arms.

Because she was bored, she turned to Zhang Qiang's computer to see if she could find any other clues.

In the end, she was actually found.

She found a folder named "Important Confidential" in the D drive. After clicking on it, she found that there were many video files in it.

Did that guy hide some evidence that he didn't tell her?

Selena clicked on one of the videos while being suspicious.

As soon as she turned it on, Selena felt that something was wrong, but by the time she realized it, it was too late. In the next second, there was a blushing and heartbeating sound from the computer, which was very clear in the silent study room. ...

Selena: "..."

Daniel: "..."

Selena really wanted to dig a hole and bury herself in it, because she was too flustered, she clicked several times but couldn't turn off the video.

In the end, Daniel couldn't stand it anymore, so he came over and reached out to help her shut it down.

Selena threw the computer away, with a suing tone, "There is a file in his computer named important and confidential, I thought it was some kind of evidence...Dmn! I should have known!"

In the man's computer, there must be such suspicious folders!

Seeing the girl's aggrieved face, Daniel pinched the center of his brows and sighed helplessly, "It's finished, come and have a look."

It was originally out of selfishness that I said it would take one night to get it done, and the purpose was to hope that I could spend more time with her.

But now it seems that if she continues to be tossed like this, I don't know what will happen...

Chapter 160

Hearing this, Selena immediately put all the embarrassment behind her, "Fixed? All?"

Daniel nodded, motioning for her to come and take a look.

Selena was worried at first that she would not be able to understand, but it turned out that Daniel did not let her watch the complicated process, but directly showed the result in front of her.

The ip address that sent the email was surprisingly from Zhujiang Dijing, the apartment where Susie lived. The owner of the anonymous account abroad was Cui Caijing, Susie's assistant.

"I thought this kind of black technology could only be found on TV! Especially the anonymous account, the security is extremely high, it is almost impossible to break into the banking system..." Selena was excited for a long time Unable to speak, he hugged Daniel one last time, "Master Boss! You are really amazing!"

Daniel: "..."

At this moment, Daniel realized that he had to face up to a problem.

Now Selena did trust him completely, but she trusted him too much... She even forgot his identity as a man!

In short, she regarded him as a good teacher and friend, even a father, but she didn't treat him as a man.

This is really a headache...

But it was also a good sign, the time he had been waiting for was finally about to ripen.

"What are you going to do with the evidence?" Daniel asked after he adjusted his mood.

"Don't be in a hurry to announce it yet, let Susie continue to make trouble. The bigger the trouble is now, the harder it will be when she gets slapped in the face! I'm going...ready..."

"what to prepare?"

"Hmm... Daniel, help me, why do I suddenly feel the ground shaking..."

As soon as the word "Huang" finished, Selena's eyes darkened and she fell to the ground with a thud.

"Selena..." Daniel's complexion changed suddenly, and he quickly helped her up.

The soft body in his arms was hot like a fireball, and he stretched out his hand to touch her forehead, and it was really hot.

He had also noticed it before, but he always thought that the heat was caused by his psychology, but he didn't expect that it was her illness.

Daniel picked up the person in his arms and ran downstairs quickly: "Uncle Yuan! Prepare the car!"

The old housekeeper was also taken aback when he saw this, "What's wrong with Miss Selena?"

"I don't know." Daniel was so panicked that even the iceberg mask that had remained unchanged for thousands of years broke.

do not know! He didn't know if it was because of the residual effect of the previous medicine, or simply had a fever, or did that Zhu Xiangcheng give her some other messy things?

At this moment, Daniel was about to be overwhelmed by self-blame. He should have taken her to the hospital for a check-up right away, but not only

did he not, but he also delayed for such a long time, making her so busy and tired.

With so many things happening this time, how much pressure should be on her? I'm afraid it's the extreme to hold on until now...

"Eldest young master, don't be too nervous, I think Miss Selena just has a fever, why don't you call the family doctor to come and take a look..."

Daniel couldn't listen to anything at this moment. As soon as the driver pulled over, he immediately got into the car with him in his arms, "Go to the hospital!"

After speaking, he told the butler outside the car, "Notify Qin Mufeng to come too!"

"Yes." The butler had no choice but to answer repeatedly.

If he was still a little uncertain before, seeing the young master's performance now, he really understood everything.

This girl is likely to be their future young mistress.
