

Cruel Heart Lover Novel

Chapter 166

"Uh, we've decided to cooperate now?" Selena was still a little confused.

"I'm optimistic about you, and you also like the prosperity, so what's the problem?" Daniel asked back.

Two people are in love with each other, this word is used...

Selena felt that she couldn't cheat Daniel by cheating anyone, so she asked very solemnly, "Don't you need to think about it? I think I can cause trouble, in case I cause trouble for you..."

"If you can handle everything, what do you need an agency for? That's what I exist for."

"Oh..." Selena rubbed her nose.

Anyway, she found out that although the Great Demon King is usually reticent, once he speaks, he is absolutely eloquent, and she can't beat him.

Selena thought it over carefully. Now that Empire has wronged her repeatedly, it is only natural for her to ask to terminate the contract at this time, and she will not be left behind. Moreover, now that she has settled the liquidated damages, the whitewashing is a certainty. things, so it shouldn't cause Daniel any trouble.

Thinking of this, she finally felt at ease.

"Master Boss, in order to repay your kindness, I will definitely work hard to make money for you in the future, and I won't let you down!" Selena immediately expressed her sincerity to the boss.

At least she is still very confident in her own strength!

The corners of Daniel's lips curled slightly, "Well, I'm looking forward to it."

At this moment, Selena's cell phone rang suddenly.

The caller ID is the dirty demon king.

Louis had many missed calls before, but she had too many things to do and suddenly fell ill, so she hadn't had time to call him back.

Selena didn't shy away from Daniel, and connected directly, "Hello, Jiang..."

Before she could speak, there was a roar from the phone that was so loud that it was about to burst through her eardrums...

"Selena, where the hell have you been? Do you know that you have been hacked!"

He went to the Lu residence to look for her once, but was told by the housekeeper that she was not there, and that Daniel was also not there. It happened to be her birthday that day, and the two of them disappeared at the same time. How could he not think too much about it!

Selena picked her ears speechlessly, "What the hell! I'm in the hospital!"

Louis was stunned when he heard the words, and his voice became tense, "What? Hospitalized? What happened to you? Did someone beat you?"

The corners of Selena's mouth twitched slightly, "You were just beaten! You just have a fever!"

"Which hospital are you in? I'll come to see you right away!"

"No need, you're so busy, you should do your homework first, my fever has subsided, Daniel is here, and Rick will come later."

There was a sudden silence on the phone for a few seconds, and then Louis said in a gloomy tone, "Selena, did you see the email I sent you?"

"Not yet. How can I be free? Since the night before yesterday, I have been in a state of anxiety and haven't been free for a moment! Anyway, it's a long story. I'll tell you when I'm free later."

Louis took a deep breath, "Remember to watch it as soon as possible. And let me ask you, what are you going to do about Susie? I was going to help you find that ba5tard Zhang Qiang, but when I found someone to stop him , People have gone to the building a long time ago. You are from Empire, and I can't use the PR of my studio, so I discussed it with Brother Ming and privately contacted you with a reliable PR team..."

Selena said gratefully, "Thank you, Louis, but there's no need, I have evidence to clear my name."

Louis gritted his teeth, "It's Daniel again?"

Chapter 167

"I got it myself, okay! But Daniel did help me a lot afterwards."

"Understood, as long as you're fine, I'll hang up! Remember to read my email!" Considering that she was still ill, Louis suppressed his anger, and was no longer in the mood to ask Daniel how the hero saved the beauty, so he hung up the phone in a stiff tone .

Dmn it! If it wasn't for that guy Daniel who used despicable means to hold him back, he should be the one who was by her side and helped her tide over the difficulties at this moment!

Shameless is so shameless!

"Louis called?" Daniel asked casually.

"Yeah, you asked me if I needed help! He also said that he sent me an email, but he didn't know what it was. He kept reminding me, it was mysterious, and it was probably some kind of birthday present. He also sent it last year. He sent me a very scary and tricky video, and I was so angry that I beat him three times before calming down..."

Selena grumbled and complained, but she didn't rush to check her emails. She continued to flip through the text messages and missed call records to see if there was anyone else who needed to reply.

Most of the missed calls were from unfamiliar numbers, and they must have been from the media. When I turned to the back, I saw a name, which was from her birthday.

Seeing those two words, Selena's indifferent expression became warm and soft, "I thought he forgot my birthday!"

"Who?" Daniel subconsciously tensed up.

"My brother, Tang Nuo."

Daniel nodded and calmly breathed a sigh of relief.

He thought it was his ex-boyfriend again, and he was about to panic.

Selena immediately called back, "Hello, Xiao Nuo..."

"Sister, you finally called me back! How are you now? Are you okay? Did those people make things difficult for you? I saw the news in the newspaper..."

"Don't worry, I'm fine!"

"But I saw that woman wanted to sue you!"

"Your sister is not a vegetarian either, it's not certain who will sue in the end!"

"Are you really okay?"

"It's all right! No matter how much you worry about me, I will suspect that you are not seventeen but seventy!" Selena paused as she spoke, "But, do you just trust me like that? Maybe it's because I'm crazy Who deliberately stabbed Susie with a sword for the sake of the superior?"

The voice of the boy on the other end of the phone was clear and clear: "If my own sister doesn't believe me, why should I believe someone who has nothing to do with it?"

Hearing these words, Selena felt a warm current in her heart, "You brat, you can talk!"

"I'm relieved to know you're fine. By the way, I haven't told you happy birthday yet. It's all over..."

"It's okay, it's the same now, thank you, my dear handsome and caring brother..."

"Don't be nasty, I won't tell you anymore, school is about to start, and I have to catch up with my summer homework!"

"Go, go! Come on, boy!"

After a phone call, Selena's mood suddenly cleared up.

Seeing that she was in a good mood, Daniel's mood brightened a lot, "Your siblings are on good terms?"

"Yes! Although we are not related by blood, we have always had a good relationship. Wasn't my grandma patriarchal when I was a child? At that time, only Xiao Nuo could eat any delicious food at home, and I couldn't even serve it on the table, but Xiao Nuo Every time I hide some and give it to me to eat. And every time grandma doesn't like me and troubles me, he will come out to defend me, so good!"

Selena was feeling a little lost as she spoke, "Isn't it amazing? Those who are related by blood are like enemies, but those who have nothing to do with each other are relatives. I should have understood a long time ago that in that circle, interests are always above family affection... .."

Daniel lightly patted the cute hair on the girl's drooping head, "You will get better."

Every time he heard her talk about what happened when he was a child, he couldn't help but love her more, love her more, and make up for everything she lost.

Chapter 168

After reading the call log, Selena continued to read the text messages, and was taken aback when she found one of them.

Honey, I really underestimated your guts.

Sender: ys

What does this guy mean by sending such a sentence to her? What did she do?

Daniel deleted the call log, so Selena naturally didn't know that there was a call between the two men that night.

"What's wrong?" Daniel asked seeing her expression was wrong.

"It's okay..." Selena didn't respond when the man lost his nerve again, she put down her phone and asked, "When will Rick come?"

"It should be here soon."

Upon hearing this, Selena touched her hair subconsciously, "Where's the hairpin that Rick gave me?"

"Here, I put it away for you earlier." Daniel opened the drawer of the bedside table and handed her the pink hairpin.

Selena immediately put it on happily.

Looking at the hairpin on Selena's head, a trace of regret flashed across Daniel's heart. He knew that he shouldn't have given her a gun. If he gave her a necklace, bracelet and earrings, she could still wear it next to her body.

In fact, he had already prepared a gift, a ring, but it was a pity that it was not the time to give it.

The two were talking when there was a knock on the door.

Selena scrambled out of bed to open the door, and sure enough it was Little Treasure.

"Baby you are here!"

After Rick came in, he didn't do anything, but hurriedly pulled her clothes with his small hands, as if trying to make her lower down.

"What's the matter?" Selena squatted down.

Rick immediately knocked his little head on her forehead with a serious expression on his face.

Selena couldn't help laughing, "Pfft, baby, are you taking my temperature? Don't worry, I just took the temperature and the fever has subsided!"

Rick still looked worried, looking at the bruises left by the needle on the back of her hand with distress.

Selena hugged the little guy in her arms, and patted it comfortingly, "Don't frown, the pain will disappear as soon as Auntie sees you!"

It is simply a healing artifact, I really want to steal it home.

"Want to go for a walk?" Daniel suggested.

"Okay, okay!" It happened that she had slept all day and wanted to move around, so it wouldn't be good for Rick to accompany her to stay bored in the ward.

When the three of them went to take the elevator, they passed a ward. There was a lot of noise outside the door of the ward, and there were layers of journalists with long guns and short guns, all of whom were vying to interview the women in the ward:

"Susie, may I ask if you have contacted Selena now?"

"Not yet, there has been no news of her."

"Selena fled in fear of crime. Do you have anything to say about this? What are you going to do next?"

"I...I don't know...I still can't believe she would do such a thing..."

"I heard that Ning's International and Empire Entertainment have withdrawn their capital to protest, right? Is there any response from the crew? Will Selena be replaced?"

"I don't know about this, you can ask the person in charge of the crew."

"If Selena showed up to apologize to you, would you forgive her?"

"If she is sincerely repentant, I can personally forgive her for being confused for a while, but the bad influence she caused on the entertainment industry cannot be solved by apologizing, and it is not my turn to forgive her!"

...

Selena saw Susie's white lotus show by accident, and couldn't help raising her eyebrows. She only found out now that she and Susie lived in the same hospital, on the same ward.

At this moment, someone among the reporters suddenly noticed Selena's direction at the opposite elevator entrance, and suddenly exclaimed, "Selena..."

Chapter 169

"Selena? Where is where?"

"Selena is here? No way! How dare she show up?"

"Over there!"

...

All the reporters looked at it for a while, and they all picked up their cameras and prepared to take pictures to grab the news.

Selena frowned, her first reaction was to protect Rick, don't let others scare him, she doesn't care.

However, before she could hold Rick, her head was suddenly pressed into a warm embrace by a wide palm, and then one hand was also tightly held in the palm of Rick's soft hand, as if to comfort her do not be afraid.

As for the reporters, they all stopped ten steps away.

Out of nowhere, two tall men in black clothes and sunglasses appeared, with fierce expressions, blocking their way like door gods.

"Hey, who are you, get out of the way! Good dogs don't get in the way!" A reporter blurted out without even thinking about it.

But there was also some cleverness in the crowd, and he grabbed the person who was speaking, with fear on his face as if he had seen something terrible: "You're crazy! That's Lu's bodyguard!"

"Lu... Lu's... You don't mean that Lu's, do you?"

"Nonsense! There are still a few Lu families in the capital!"

"But how do you know? They don't have words engraved on their faces!"

"Are you an idiot? Didn't you read the clan badges on their clothes?"

After being reminded like this, everyone took three steps back in unison, and the few who had a bad attitude just now kept apologizing in horror, "Brothers, I'm sorry, I'm sorry! We don't know Taishan with our eyes! Don't compare yourself to us!"

God! These two are Lu's personal guards? What will be the background of the three people behind?

The reporters poked their heads to see what happened, but as soon as they looked over cautiously, they all backed away pale with fright.

The man who was holding the girl in his arms was tall and tall, his face was as frosty as a god, but his eyes were too sharp, and his aura was too compelling. The reporters who were a little bit more knowledgeable were the most able to wink at people, and immediately noticed The man in front of me is not easy to mess with, and at the same time calm down, something is wrong...

"What Selena, you misread it! There are three members of her family! How could that woman be Selena!"

"Exactly! Are you crazy about making headlines? Everyone looks like Selena!"

"This person is not easy to mess with at first sight, you want to kill us!"

Reporters began to complain about the first person to speak up.

"Uh, maybe I got it wrong, but they look a bit alike, didn't you guys get it wrong at first..."

"Like a fart! That Selena is a poisonous woman with a vicious heart, but this lady is a good wife and mother at first glance, with a noble and refined temperament, she doesn't look like a person at all!"

"That's right! Such a soft girl is so cute! How could she be that Slut like Selena!"

...

At this time, with a "ding", the elevator arrived.

Until the three of them disappeared in the elevator, the reporters still sighed in place:

"Oh, have you noticed the little boy just now? He is so beautiful! And he is carved out of the same mold as that man, so he looks like his own!"

"Who is that man from the Lu family? The aura is terrifying!"

"I always think that man looks familiar... Uh, why do I feel... a bit like the God of Wealth?"

"Don't tell me! It's really similar! That little boy... Could it be the little prince in the legend?"

Chapter 170

This guess immediately stirred up waves:

"How is that possible! Daniel is single, okay? Although he has a son, there is absolutely no woman around him!"

"If it's really him, that's big news, tsk tsk..."

"No matter how big it is? How dare you blow it up? Have you forgotten how the vio magazine collapsed back then?"

"Uh, of course I remember, just because I secretly took a photo of Daniel and dared to print it out..."

At this point, everyone stopped thinking about it one after another, and those who had taken pictures quickly started to delete them with shaking hands.

Daniel is famously low-key in the industry, he does not accept interviews from any magazine media, and the little prince is even more tightly protected. Even if they are curious about today's events and the identity of that woman, no media dares to touch the line of death.

In the elevator.

Selena raised her head from Daniel's arms, looked at the big bun, and then at the little bun, with mixed feelings in her heart.

It turns out that being protected by someone...is this feeling...

"Are you okay? I'll change you to another hospital right away!" Daniel's face was still gloomy. It had come in a hurry, and he had just discovered this unpleasant coincidence.

"Don't bother, my body is really fine, otherwise we should go home? Actually, I hate staying in the hospital..."

"it is good."

"By the way, where did those two bodyguards come from?" Selena asked suspiciously.

"I've been around all the time. You are in a special situation now. Let them follow just in case." Like the last time she was attacked and injured by fans, he didn't allow it to happen a second time.

"I haven't formally signed a contract with Shengshi yet, do I have such benefits?" Selena was flattered, and after speaking, she suddenly saw herself in the mirror on the elevator door...

Selena touched her face in the mirror, "Well, are those reporters blind? I just stood in front of them and didn't even recognize me! What can I say... I am a good wife and mother, I am fresh and refined, I'm a soft girl, I'm cute...? I'm clearly the stepmother in Snow White, and the wolf grandma in Little Red Riding Hood, isn't it more suitable for me?"

As she spoke, she looked at herself in the mirror, and then found that she was not wearing any makeup at the moment, wearing a loose hospital bed gown, her hair was casually braided into a loose braid behind her head, and Rick was tucked between her temples. The pink hairpin she gave her, the expression on her face is gentle and demure...

What the hell! She's really a soft girl!

Selena was shocked by herself.

Did she always have this image in front of Big bun and Little bun? Nothing like her at all!

At this time, after listening to Selena's words, Rick suddenly took out the pocket book that he was carrying with him, buried his head in brushing and writing for a while, and then eagerly handed it to her.

"What do you want to say, baby?" Selena took the notebook. After reading it, I blushed.

"What's wrong?" Seeing Selena's strange expression, Daniel asked beside him.

Selena covered her hot cheeks, her eyes full of accusations, "Daniel blames you! Look at your son!"

"What's going on?" Daniel was blamed quite innocently, so he went to see what Rick had written. After reading it, he fell silent.

I saw that the small book wrote seriously one stroke at a time:

You are the brightest star in the sky, your eyes are warmer and sweeter than chocolate, when I look at you, it's like seeing a fairy tale princess with eternal beauty.
